## INDEPENDENT AUDITOR'S REPORT

To the Investment Committee  
Surescripts, LLC 401(k) Plan  
Arlington, VA

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Surescripts, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Surescripts, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Surescripts, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Surescripts, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Surescripts, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Surescripts, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE A -- Description of plan and significant accounting policies**

The following description of Surescripts, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Surescripts, LLC ("the employer", also referred to as "the company") has adopted the Fidelity Management and Research Company LLC's Pre-Approved Defined Contribution Plan effective January 3, 2022. The original effective date of the plan was October 1, 2001.

**General**

The Plan is a defined contribution plan with elective deferral 401(k) features covering all full-time employees who have no minimum age or service requirement, and all part-time, temporary, seasonal employees and interns who are age 21 or older and have completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 26-2702887, and the Plan's number is 001.

**Contributions**

Each year, participants may contribute up to 97% of annual compensation, as defined in the Plan. Participant contributions can be in the form of pre-tax contributions or post-tax Roth contributions. Participants may also make voluntary, non-deductible, after-tax employee contributions for up to 10% of eligible compensation. These after-tax employee contributions are allowed to be rolled into the post-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The company may make a discretionary matching contribution. In 2024, the employer's discretionary matching contribution was 100% of participant's contribution to the Plan, up to 4% of compensation. The company also has the right to make discretionary non-elective employer contributions to be allocated to participants under integrated allocation as defined in the Plan document. To be eligible for discretionary non-elective employer contributions an employee must be employed on the last day of the contribution period. No non-elective employer contributions were made for 2024. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

**Contributions receivable**

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the company.

**NOTE A -- Description of plan and significant accounting policies (Continued)**

**Participant accounts and “rollovers”**

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s matching and non-elective employer contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings and administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the transfer of funds from other qualified plans to a separate participant’s rollover account.

**Vesting**

Participants are immediately vested in employee contributions, employer match contributions, and non-elective employer contributions plus actual earnings thereon.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a fixed rate determined as 1% over the prime rate (7.50% at December 31, 2024). Principal and interest is paid ratably through payroll deductions.

**Benefits**

On termination of service due to death, disability, retirement (age 65) or termination of employment, a participant may elect either a lump-sum distribution of the entire vested account balance, installment payments, or partial withdrawals. In-service distributions are available under certain circumstances, as defined in the Plan. In addition, hardship distributions are permitted if certain criteria are met. A participant with an inactive account valued at less than \$1,000 shall receive a lump-sum distribution. For inactive accounts between \$1,000 and \$5,000, the participant will receive an automatic distribution into an individual retirement account designated by the Plan Administrator.

A summary of significant accounting policies follows:

**Basis of accounting**

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net-assets available for benefits or a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE A -- Description of plan and significant accounting policies (Continued)**

**Investment valuation and income recognition**

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Administrative expenses**

The employer pays some of the administrative expenses of the Plan which are excluded from these financial statements. The major administrative expenses are recordkeeping and advisory fees.

**Notes receivable from participants**

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

**Subsequent events**

These financial statements have not been updated for subsequent events occurring after September 26, 2025, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after that date.

**NOTE B -- Information certified by the trustee and asset custodian**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the asset custodian and trustee of the Plan.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE C -- Fair value measurements**

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair value measurements at reporting date using:			
	Fair value	Quoted prices in active markets for identical assets (level 1)	Significant observable inputs (level 2)	Significant unobservable inputs (level 3)
<u>December 31, 2024</u>				
Registered investment companies	\$ 157,171,534	\$ 157,171,534	\$ 0	\$ 0
Self-directed brokerage account	<u>6,524,700</u>	<u>6,273,218</u>	<u>251,482</u>	<u>0</u>
Investments at fair value	<u>\$ 163,696,234</u>	<u>\$ 163,444,752</u>	<u>\$ 251,482</u>	<u>\$ 0</u>
<u>December 31, 2023</u>				
Registered investment companies	\$ 132,307,941	\$ 132,307,941	\$ 0	\$ 0
Self-directed brokerage account	<u>5,069,662</u>	<u>4,795,321</u>	<u>274,341</u>	<u>0</u>
Investments at fair value	<u>\$ 137,377,603</u>	<u>\$ 137,103,262</u>	<u>\$ 274,341</u>	<u>\$ 0</u>

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE C -- Fair value measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage account. Self-directed brokerage account primarily includes money market funds, equity securities, and corporate bonds. Money market funds are valued at quoted market prices in an exchange and active market, which represents the net value of shares held by the Plan at year end. Equity securities are valued at the closing price reported on the active market on which individual securities are traded. Corporate bonds are valued at the present value of the bond's coupon payments and the repayment of principal.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments. Unrealized gains (losses) from the guaranteed interest contract are not reported in the Statement of Changes in Net Assets Available for Benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

**NOTE D -- Guaranteed interest contract with insurance company**

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed interest contract with Massachusetts Mutual Life Insurance Company (Mass Mutual) totaling \$14,030,053 and \$16,585,767 at December 31, 2024 and 2023, respectively. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed weekly and reset at least as frequently as quarterly. The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE D -- Guaranteed interest contract with insurance company (Continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement with the consent of the issuer.

**NOTE E -- Party-in-interest transactions**

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and record-keeper for the Plan, and therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreements (MSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund services providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Fees were also paid by the Plan during the year for advisory services rendered by Valtinson Bruner Financial. Additionally, the guaranteed interest contract is managed by Massachusetts Mutual Life Insurance Company. These transactions also qualify as party-in-interest transactions.

**NOTE F -- Plan termination**

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE G -- Tax status**

The Fidelity Management and Research Company LLC's Pre-Approved Defined Contribution Plan that the Plan has adopted effective January 3, 2022, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

**NOTE H -- Concentration of market risk**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

**NOTE I -- Reconciliation of financial statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the Plan financial statements	\$ 179,568,900	\$ 155,641,393
Employer contributions receivable	<u>(439,607)</u>	<u>(463,334)</u>
Net assets available for benefits per the Form 5500	<u>\$ 179,129,293</u>	<u>\$ 155,178,059</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2024, to the Form 5500:

Changes in net assets available for benefits per the financial statements	\$ 22,889,288
Change in employer contributions receivable	<u>23,727</u>
Net income per the Form 5500	<u>\$ 22,913,015</u>

**NOTE J -- Plan amendments**

Effective October 2, 2023, the Plan was amended to change the entry date for employee, employer match, and non-elective employer contributions from the first day of each month to immediately upon meeting the eligibility requirements of the Plan.

The company purchased stock of SWH 2015 Holdings, Inc. on November 1, 2023 and SWH 2015 Holdings, Inc. became a wholly owned subsidiary of the company. SWH 2015 Holdings, Inc. employees remained in the SWH 2015 Holdings, Inc. 401k Plan (maintained by JustWorks PEO) through December 31, 2023. Effective January 1, 2024, the employees transitioned to the Surescripts, LLC 401(k) Plan. The plan was formally amended on October 1, 2024 to merge in the SWH 2015 Holdings, Inc. Participants in the Justworks Retirement Savings Plan to the Plan. The balances of participants from the SWH 2015 Holdings, Inc. 401k Plan were transferred on October 8, 2024.

The Plan has made certain elections for the Secure Act 2.0 regarding auto portability and higher catch up contributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

**NOTE K -- Subsequent event**

Effective February 1, 2025, the summary plan description was restated to account for the changes noted above related to the October 1, 2024 adoption agreement amendment.

## INDEPENDENT AUDITOR'S REPORT

To the Investment Committee  
Surescripts, LLC 401(k) Plan  
Arlington, VA

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Surescripts, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Surescripts, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Surescripts, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Surescripts, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Surescripts, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Surescripts, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE A -- Description of plan and significant accounting policies**

The following description of Surescripts, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Surescripts, LLC ("the employer", also referred to as "the company") has adopted the Fidelity Management and Research Company LLC's Pre-Approved Defined Contribution Plan effective January 3, 2022. The original effective date of the plan was October 1, 2001.

**General**

The Plan is a defined contribution plan with elective deferral 401(k) features covering all full-time employees who have no minimum age or service requirement, and all part-time, temporary, seasonal employees and interns who are age 21 or older and have completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 26-2702887, and the Plan's number is 001.

**Contributions**

Each year, participants may contribute up to 97% of annual compensation, as defined in the Plan. Participant contributions can be in the form of pre-tax contributions or post-tax Roth contributions. Participants may also make voluntary, non-deductible, after-tax employee contributions for up to 10% of eligible compensation. These after-tax employee contributions are allowed to be rolled into the post-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The company may make a discretionary matching contribution. In 2024, the employer's discretionary matching contribution was 100% of participant's contribution to the Plan, up to 4% of compensation. The company also has the right to make discretionary non-elective employer contributions to be allocated to participants under integrated allocation as defined in the Plan document. To be eligible for discretionary non-elective employer contributions an employee must be employed on the last day of the contribution period. No non-elective employer contributions were made for 2024. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

**Contributions receivable**

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the company.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

**NOTE A -- Description of plan and significant accounting policies (Continued)**

**Participant accounts and “rollovers”**

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s matching and non-elective employer contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings and administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the transfer of funds from other qualified plans to a separate participant’s rollover account.

**Vesting**

Participants are immediately vested in employee contributions, employer match contributions, and non-elective employer contributions plus actual earnings thereon.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a fixed rate determined as 1% over the prime rate (7.50% at December 31, 2024). Principal and interest is paid ratably through payroll deductions.

**Benefits**

On termination of service due to death, disability, retirement (age 65) or termination of employment, a participant may elect either a lump-sum distribution of the entire vested account balance, installment payments, or partial withdrawals. In-service distributions are available under certain circumstances, as defined in the Plan. In addition, hardship distributions are permitted if certain criteria are met. A participant with an inactive account valued at less than \$1,000 shall receive a lump-sum distribution. For inactive accounts between \$1,000 and \$5,000, the participant will receive an automatic distribution into an individual retirement account designated by the Plan Administrator.

A summary of significant accounting policies follows:

**Basis of accounting**

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net-assets available for benefits or a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE A -- Description of plan and significant accounting policies (Continued)**

**Investment valuation and income recognition**

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Administrative expenses**

The employer pays some of the administrative expenses of the Plan which are excluded from these financial statements. The major administrative expenses are recordkeeping and advisory fees.

**Notes receivable from participants**

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

**Subsequent events**

These financial statements have not been updated for subsequent events occurring after September 26, 2025, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after that date.

**NOTE B -- Information certified by the trustee and asset custodian**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the asset custodian and trustee of the Plan.

**SURESCRIPTS, LLC 401(K) PLAN**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

---

**NOTE C -- Fair value measurements**

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair value measurements at reporting date using:			
	Fair value	Quoted prices in active markets for identical assets (level 1)	Significant observable inputs (level 2)	Significant unobservable inputs (level 3)
<u>December 31, 2024</u>				
Registered investment companies	\$ 157,171,534	\$ 157,171,534	\$ 0	\$ 0
Self-directed brokerage account	<u>6,524,700</u>	<u>6,273,218</u>	<u>251,482</u>	<u>0</u>
Investments at fair value	<u>\$ 163,696,234</u>	<u>\$ 163,444,752</u>	<u>\$ 251,482</u>	<u>\$ 0</u>
<u>December 31, 2023</u>				
Registered investment companies	\$ 132,307,941	\$ 132,307,941	\$ 0	\$ 0
Self-directed brokerage account	<u>5,069,662</u>	<u>4,795,321</u>	<u>274,341</u>	<u>0</u>
Investments at fair value	<u>\$ 137,377,603</u>	<u>\$ 137,103,262</u>	<u>\$ 274,341</u>	<u>\$ 0</u>

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

**NOTE C -- Fair value measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage account. Self-directed brokerage account primarily includes money market funds, equity securities, and corporate bonds. Money market funds are valued at quoted market prices in an exchange and active market, which represents the net value of shares held by the Plan at year end. Equity securities are valued at the closing price reported on the active market on which individual securities are traded. Corporate bonds are valued at the present value of the bond's coupon payments and the repayment of principal.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments. Unrealized gains (losses) from the guaranteed interest contract are not reported in the Statement of Changes in Net Assets Available for Benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

**NOTE D -- Guaranteed interest contract with insurance company**

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed interest contract with Massachusetts Mutual Life Insurance Company (Mass Mutual) totaling \$14,030,053 and \$16,585,767 at December 31, 2024 and 2023, respectively. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed weekly and reset at least as frequently as quarterly. The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**NOTE D -- Guaranteed interest contract with insurance company (Continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement with the consent of the issuer.

**NOTE E -- Party-in-interest transactions**

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and record-keeper for the Plan, and therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreements (MSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund services providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Fees were also paid by the Plan during the year for advisory services rendered by Valtinson Bruner Financial. Additionally, the guaranteed interest contract is managed by Massachusetts Mutual Life Insurance Company. These transactions also qualify as party-in-interest transactions.

**NOTE F -- Plan termination**

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE G -- Tax status**

The Fidelity Management and Research Company LLC's Pre-Approved Defined Contribution Plan that the Plan has adopted effective January 3, 2022, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

**NOTE H -- Concentration of market risk**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

**NOTE I -- Reconciliation of financial statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>

**NOTE J -- Plan amendments**

Effective October 2, 2023, the Plan was amended to change the entry date for employee, employer match, and non-elective employer contributions from the first day of each month to immediately upon meeting the eligibility requirements of the Plan.

The company purchased stock of SWH 2015 Holdings, Inc. on November 1, 2023 and SWH 2015 Holdings, Inc. became a wholly owned subsidiary of the company. SWH 2015 Holdings, Inc. employees remained in the SWH 2015 Holdings, Inc. 401k Plan (maintained by JustWorks PEO) through December 31, 2023. Effective January 1, 2024, the employees transitioned to the Surescripts, LLC 401(k) Plan. The plan was formally amended on October 1, 2024 to merge in the SWH 2015 Holdings, Inc. Participants in the Justworks Retirement Savings Plan to the Plan. The balances of participants from the SWH 2015 Holdings, Inc. 401k Plan were transferred on October 8, 2024.

The Plan has made certain elections for the Secure Act 2.0 regarding auto portability and higher catch up contributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

**NOTE K -- Subsequent event**

Effective February 1, 2025, the summary plan description was restated to account for the changes noted above related to the October 1, 2024 adoption agreement amendment.
