Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ANDERS, MINKLER, HUBER & HELM LLP**

(2) EIN: **43-0831507**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Independent Auditors' Report

To the Administrative Committee of the
ECC 401(k) Profit Sharing Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ECC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- The information in the accompanying financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and the Schedules of Delinquent Participant Contributions for the years ended December 31, 2024 and 2014 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the ECC 401(k) Profit Sharing Plan (the "Plan") is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2005, amended and restated as of November 28, 2023, and is a defined contribution safe harbor plan as defined by Section 401 of the Internal Revenue Code ("IRC") covering all eligible employees of Environmental Compliance Consultants, Inc. (the "Plan Sponsor" and "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees may become participants on the first day of employment. Plan entry dates are immediate upon hire.

Contributions

Participants may contribute up to 100 percent of pretax and after-tax annual eligible compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor contributes a safe harbor matching contribution of 100 percent of the first three percent of compensation that a participant contributes to the Plan plus 50 percent of the next two percent that is deferred. The Plan provides for prevailing wage rate contributions (the "fringe") based on contracts established between the Plan Sponsor and various government entities. These contributions can vary based on the contract terms and participant hours. The Plan also allows for a discretionary qualified non-elective Company contribution and an additional discretionary Company contribution. These contributions would be made to participants employed on the last day of the Plan year with 1,000 hours of service during the year. For the years ended December 31, 2024 and 2023, the Company elected to make no additional discretionary contribution to the Plan.

**ECC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their contributions and Plan Sponsor prevailing wage and safe harbor contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary contribution portion of their account plus earnings is based on years of service, as defined in the plan document, in accordance with the following schedule:

Years of Service	% Vested
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

The nonvested balance is forfeited upon termination of service. Participants become fully vested upon death, termination of the Plan, normal retirement age, or total disability.

At December 31, 2024 and 2023, there were no balances in the forfeited nonvested accounts for the Plan. Forfeitures of non-vested account balances must first be used to reduce administrative expenses and then to reduce future Plan Sponsor contributions. For the years ended December 31, 2024 and 2023, administrative expenses totaling \$9,807 and \$1,432, respectively, and Plan Sponsor contributions of \$43,762 and \$12,710, respectively, were paid from forfeited nonvested accounts.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum number of loans available to any participant is one. The loans are secured by the balance in the participant's account and bear interest at 4.25 percent to 9.50 percent, which is determined by the plan administrator and is based on the prime rate, as published by the Wall Street Journal, plus one percent. The loan repayment period is dictated by the plan document based on the original use of the funds. Principal and interest are paid ratably through payroll deductions.

**ECC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Payment of Benefits

Prior to separation from service with the Plan Sponsor, a participant may request a distribution of rollover contributions. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 1/2.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or installments. Upon termination of employment for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed \$5,000, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds \$5,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**ECC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Employer Contributions Receivable

The Plan provides an allowance for credit losses equal to the estimated losses that will be incurred in the collection of employer contributions receivable, if any. The allowance is based on multiple factors, including historical experience, the credit quality of the Plan Sponsor, current economic conditions, and management's expectations of conditions in the future, as applicable. The allowance and associated employer contribution receivable are reduced when the receivables are determined to be uncollectible. There was no allowance for credit losses as of December 31, 2024 or 2023.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of Plan expenses from Plan assets. If the Plan Sponsor does not pay these expenses from its own assets, then the expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

**ECC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023**

3. Information Certified by the Trustee

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and interest income on notes receivable for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Principal Life Insurance Company ("Principal"), the trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.
Level 2	Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for instruments measured at fair value.

Investments at fair value consist of pooled separate accounts which are directly invested in mutual funds, equity securities, or fixed maturity securities. These securities are valued at the net asset value ("NAV") based on the observable underlying investments. The NAV is used as a practical expedient to estimate fair value. Investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

**ECC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Investments at fair value also include a Guaranteed Interest Account. This account provides a guaranteed interest rate for a specified period of time (usually calendar year periods). The rate credited is the rate in effect on the day when each deposit is directed to the account. To simplify reporting to Plan participants, all rates credited during the 12-month period are averaged into a single composite rate. The Plan chooses the 12-month period for deposit year, which is often the same as the Plan year. The account promises contract value for a benefit payment, however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, these accounts are not considered benefit-responsive. If the contract holder terminates the contract before a guaranteed interest account matures or transfers funds to other investment managers beyond the limits of the contract, the insurance company will apply an early withdrawal charge to the guaranteed interest account balances. At year end, a market value change is calculated based upon the asset total in the fund and the interest rate available in the marketplace for similar guaranteed interest accounts on the last day of the Plan year. The insurance company reserves the right to withhold payment based upon the credit needs of the account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured at fair value based on NAV per share as a practical expedient as of December 31, are as follows:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

5. Related Party and Party-in-Interest Transactions

At December 31, 2024 and 2023, Plan investments include shares of pooled separate accounts and a guaranteed interest account sponsored by Principal. Principal provides trustee, reporting, and related services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. During 2024 and 2023, the Plan Sponsor paid certain administrative and other operating expenses of the Plan.

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of their account.

7. Tax Status of Plan

The Plan adopted a prototype plan provided by Principal. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. Plan Sponsor management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. The Plan did not maintain an adequate fidelity bond during 2024.

In accordance with GAAP, the Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2021. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

In 2014, the Plan Sponsor failed to remit certain loan repayments totaling \$1,439 to the Plan and in 2024, the Plan sponsor failed to remit certain participant contributions and loan repayments totaling \$32,956 on the earliest date these amounts could reasonably have been segregated from the Plan Sponsor's general assets. Late remittances of loan repayments constitute a prohibited transaction under ERISA. The Plan Sponsor is in the process of determining the related lost earnings and excise taxes to be paid and correcting the prohibited transactions.

10. Subsequent Event

The Plan has evaluated subsequent events through September 30, 2025, the date the financial statements were available to be issued. The Plan was amended effective May 21, 2025 to modify the vesting for the discretionary match contribution and releasing all restrictions on qualifying employer securities.
