INDEPENDENT AUDITORS' REPORT

To the Finance Committee, Plan Administrator and Participants
Monadnock Community Hospital 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Monadnock Community Hospital 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

To the Finance Committee, Plan Administrator and Participants
Monadnock Community Hospital 403(b) Retirement Plan

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

To the Finance Committee, Plan Administrator and Participants
Monadnock Community Hospital 403(b) Retirement Plan

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

MONADNOCK COMMUNITY HOSPITAL 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Plan Description

The following description of the Monadnock Community Hospital 403(b) Retirement Plan (the Plan) provides only general information. Monadnock Community Hospital (the Hospital) is the Plan Sponsor. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a defined contribution plan qualified under Section 403(b) of the U.S. Internal Revenue Code (IRC) covering eligible employees of the Hospital. All employees of the Hospital are eligible to participate in the Plan, with the exception of nonresident aliens. Eligible employees can enroll in the Plan on the first day of each payroll period. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE Act 2.0) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

Contributions

Eligible employees may elect to contribute up to 100% of their individual eligible compensation, on a pre-tax or post-tax (Roth) basis, pursuant to Code Section 403(b) and subject to the maximum amount allowable under federal income tax regulations.

The Plan provides for automatic enrollment into the Plan for employees who become participants on or after January 1, 2014. If an employee does not elect a deferral upon becoming eligible, an automatic enrollment of 2% of eligible compensation is deferred and increases by 1% per year until it reaches 6% of eligible compensation. An employee can opt out at any time.

The Hospital may make discretionary employer contributions. During 2024 and 2023, the Hospital made a discretionary employer matching contribution on a per pay period basis of 1% of an eligible participating employee's compensation, as defined. During 2024 and 2023, the Hospital also made an annual discretionary employer contribution of 1% of an eligible employee's compensation, as defined. To receive employer contributions, employees must be at least age 21 and have completed two years of service, as defined. Per diem and nonresident aliens are excluded from receiving discretionary employer contributions. An employee is also required to be employed by the Hospital on the last day of the Plan year to receive the annual discretionary employer contribution.

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the IRC.

Participant Accounts

Each participant's account is credited with the contributions of the participant and the Hospital and an allocation of earnings or losses and administrative expenses based on the participant's relative account balances.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Plan Description (Continued)

Vesting

Participants are immediately 100% vested in their contributions, and the earnings or losses thereon and any employer discretionary contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to one or more of the investment options offered by the Plan.

Administrative Expenses

The Hospital pays certain expenses incurred in the administration of the Plan. Other expenses, resulting from payments to participants, asset charges, loans or fund transfer charges are paid by the Plan via a reduction of participant accounts.

Notes Receivable From Participants

A participant may borrow the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, with a minimum loan amount of \$500. Participants may only have one loan outstanding at any time. Notes receivable are repayable quarterly generally over five years unless the note is for the purchase of a principal residence, in which case the repayment terms cannot exceed 15 years. Notes receivable become immediately due and payable upon a participant's termination of employment, death or disability. The notes receivable bear interest at a fixed rate equal to prime plus 1% determined at the issuance of the note. The interest rates on notes receivable outstanding at December 31, 2024 ranged from 4.25% to 9.50% with various maturities through August 2031.

Payment of Benefits

The Plan provides for participants to withdraw their funds at any time after reaching normal retirement age (65). Such withdrawals are based on the amount in the participant's vested account at retirement date. The Plan also provides for withdrawal in the event of death, disability, hardship or termination. Participants may also receive a distribution of all or any portion of their account upon attainment of age 59 1/2 while still employed at the Hospital. A terminated participant whose vested account balance is \$5,000 or less and who has not commenced receiving payments may automatically receive a distribution in an amount equal to the participant's vested account balance in the form of an automatic rollover into an individual retirement account. Effective April 1, 2024, the mandatory cash-out threshold increased from \$5,000 to \$7,000, as permitted under an optional provision of SECURE Act 2.0.

Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value except for the fully benefit-responsive group annuity contract which is stated at contract value. See Note 8 for further discussion of fair value measurements. Contract value represents contributions made under the contract plus interest earned, less participant withdrawals and administrative expenses. See Note 6 for further discussion of this contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Employee contributions are recorded in the period in which payroll deductions are made. The employer discretionary matching contributions are determined for each payroll period and are recorded in the period in which the related payroll deductions are made.

Notes Receivable From Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan Administrator deems the note receivable to be a distribution, the note receivable balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, liquidity and credit risk. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

2. **Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Subsequent Events

Events occurring after the date of the statements of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through September 18, 2025, which is the date the financial statements were available to be issued.

3. **Excluded Contracts**

The Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. This is a result of the lack of sufficient accounting records and supporting documentation. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

4. **Tax Status**

The Plan is subject to ERISA and certain provisions of the IRC. The Plan has adopted a volume submitter 403(b) plan document sponsored by Lincoln Retirement Services Company LLC that has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017 stating that the form of the volume submitter 403(b) plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the volume submitter 403(b) plan document. However, the Plan Administrator believes that the Plan is designed, and is being operated, in conformity with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

5. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as of December 31, 2024 and 2023 and for the years then ended, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from Lincoln Financial Group Trust Company, Inc. (Lincoln), the custodian, stating that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of its knowledge. Such information includes investments, notes receivable from participants, net appreciation in fair value of investments, interest and dividend income, interest income on notes receivable, investment transactions, and notes receivable transactions.

6. Group Annuity Contract

The Plan invests in a group annuity contract with The Lincoln National Life Insurance Company (Lincoln National). This investment meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Lincoln maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. Participant-initiated periodic elective withdrawals may be limited to a percentage of the contract's assets or subject to the 90-day equity wash provision. The standard provision for a 90-day wash means that there are no transfers allowed to a competing fund. Any other transfers to noncompeting funds must remain in the noncompeting fund for 90 days before being subsequently transferred to the competing fund. There is no reserve against contract value for credit risk of the contract issuer or otherwise. The stable value account features a guaranteed minimum interest rate of 1.00%.

Certain events limit the ability of the Plan to transact at contract value with Lincoln National. Such events include (1) any charges billed to the contract owner have not been paid to the issuer within 30 days, (2) the Plan ceases to meet the requirements of the IRC for purchasers of this contract, (3) at any time, following the end of the third contract year, the contract owner account is less than \$15,000, (4) at any time, following the end of the third contract year, there is no deposit activity for a 24-consecutive month period and the contract owner account is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, or (6) the issuer discovers any misrepresentation of material information. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

7. Party-in-Interest Transactions

The Plan invests in the Lincoln Stable Value Group Annuity Contract, which is issued by Lincoln National, who wholly owns Lincoln Retirement Services Company, LLC, who serves as the third party administrator and provides recordkeeping services for the Plan. Lincoln is also the custodian of the Plan. Direct expenses of \$67,621 and \$57,099 were paid by the Plan to Lincoln and other Plan service providers in 2024 and 2023, respectively. Fees incurred by the Plan for certain administrative services are included in net appreciation in fair value of investments on the statements of changes in net assets available for benefits, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest, however, they are exempt from the prohibited transactions rules under ERISA. In addition, loans to participants qualify as party-in-interest transactions.

8. Fair Value Measurements

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

8. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at quoted net asset value of shares held by the Plan at year end, which are traded in an active market.

The Plan's assets carried at fair value at December 31, 2024 and 2023 consist exclusively of level 1 mutual funds totaling \$45,513,639 and \$38,032,376, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
