INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
SELECT EDUCATION GROUP EMPLOYEE STOCK OWNERSHIP PLAN
Modesto, California

Opinion

We have audited the accompanying financial statements of Select Education Group Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Select Education Group Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SELECT EDUCATION GROUP EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024

Note 1: Description of the Plan

The following description of the Select Education Group Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Select Education Group, Inc. and Subsidiary (the Company) established the Plan effective January 1, 2022. The Plan covers all employees, excluding nonresident aliens and union employees, of Select Education Group, Inc. and its subsidiary Fremont University, LLC. Participation in the Plan commences in January or July 1 after the completion of one year of service and being 21 years of age. One year of services means a 12-month period beginning on the employee's employment date and during which 1,000 hours of service are completed.

Contributions

Participant contributions are not allowed in the Plan. Company contributions are paid to the Plan each year in such amounts as directed by the Company's Board of Directors. Contributions may be made in cash, Company stock, or a combination of both. Each year, the Board of Directors decides how much to contribute for that Plan year. During the year ended December 31, 2024, the Board of Directors elected to not make a contribution to the Plan.

C-Corporation dividends to the Company's shareholders will be determine by the Board of Directors. Dividends will be allocated to all participants who have a Company stock account balance in the Plan as of the preceding allocation date (December 31 of each year). The C-Corporation dividends will be paid on allocated shares and shall be allocated in the proportion that the cumulative number of shares in a participant's Company stock account as of the preceding allocation date bears to the total cumulative shares of Company stock allocated to all participants as of that date.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contributions. Plan forfeitures are allocated based upon the relation of the participant's eligible compensation or account balances, as defined by the Plan. Dividends on Company stock is credited to each participant's account when payable to the Plan. As of each allocation date, prior to the allocation of the Company contributions and forfeitures, any earnings or losses (net appreciation or net depreciation), interest income, dividends (other than any dividends on allocated Company stock) and other income and gains, reduced by any Plan expenses, are allocated in the same proportion that each participant's and former participant's other investment account balance at the preceding allocation date bears to the total of all participants' and former participants' other investment account balances at the preceding allocation date.

Note 1: Description of the Plan, Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant with an account balance that is \$1,000 or less will receive a lump sum as soon as administratively feasible after the close of the Plan year in which the participant's employment is terminated. If a participant's account is more than \$1,000, the Plan will pay the balance in substantially equal annual installments over a period of years not to exceed five years. The first installment will be the greater of \$1,000 or one-sixth of the participant's account. If any annual installment is less than \$1,000, the Plan will reduce the distribution period to increase the annual installments up to \$1,000. If a participant terminates service for any reason other than death, disability, or retirement distribution, the participant's account will be offered a distribution beginning in the sixth Plan year following the Plan year in which the participant terminated. The Plan allows for in-service withdrawals by participants who have attained the age of 55 as described in "Diversification" below.

Participant consent to distribute the participant account is required if the balance is greater than \$1,000. If consent is needed but the participant does not provide the required consent when first eligible, the distribution of the participant account will be postponed to the earlier of the Plan year that consent is provided or the Plan year in which the participant reaches age 65.

The payment of distributions will be made in Company stock, cash, or a combination of both, as determined by the Plan, so long as the Company is a C-Corporation, the distribution of a participant's account entirely in cash without granting the right to demand distribution in Company stock. In the event Company stock is distributed, it is subject to the requirement that it be immediately resold to the Company, subject to the same payment terms described above in the first paragraph of "Payment of Benefits".

Vesting

The Company contributions and C-Corporation dividends vest over a six-year period with the first 20% vesting after the completion of two years of service and 20% each year until the participant is 100% vested after six years of service.

Voting Rights

The Trustee of the Plan, appointed by the Board of Directors of the Company, is the legal representative of the Plan's assets. A Plan Committee is appointed by the Board of Directors. The Trustee receives instructions from the Committee, and all Company stock held by the Plan is voted on by the Trustee in accordance with instructions from the Committee. Participants are entitled to direct the voting of any voting shares of Company stock allocated to their account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of a trade or business.

Note 1: Description of the Plan, Continued

Diversification

Participants who are at least age 55 and have at least 10 years of participation in the Plan may elect to diversify a portion of their Company common stock balance. The option allows participants to diversify up to 25% of their Company stock account. In the last or sixth year in which the diversification option is available, participants may elect a diversification of a cumulative amount up to 50% of their Company stock account. Participants who make this election will be offered at least three investment options.

Administration of Plan Assets

The Plan's assets, which consist principally of cash and certificates of deposit, are held by the Trustee of the Plan. Contributions are held and managed by the Trustee, who invests cash, interest, and dividend income received and receives no compensation from the Plan. Unallocated Plan assets will be used to pay future distributions or repay any outstanding loans payable to the Company. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are held in certificates of deposit.

Note 2: Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments. Realized gains and losses from security transactions are reported on the average cost method.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses of maintaining the Plan are paid by the Company.

Concentration of Credit Risk

The Plan maintains its cash and certificates of deposit in financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. The Company performs ongoing evaluations of these institutions to limit concentration risk exposure.

Financial Statement Presentation

Certain amounts from the 2023 financial statements have been reclassified to conform to the 2024 presentation.

Note 3: Parties-in-interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company paid all expenses of the Plan for the year ended December 31, 2024.

Note 4: Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either

SELECT EDUCATION GROUP EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued

Note 4: Fair Value Measurement, Continued

directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Certificates of deposit - The investments are in interest-bearing accounts, that matures on January 20, 2025, and have interest rates of 4.40%. For purposes of valuing these investments, the Plan has concluded that these investments should be classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

	Fair Value	Quoted Market Price (Level 1)
<u>December 31, 2024:</u>		
Certificate of deposit	\$ 550,083	\$ 550,083
<u>December 31, 2023:</u>		
Certificates of deposit	\$ 622,670	\$ 622,670

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the Company will direct the distribution of such participant accounts in a manner permitted by the Plan.

Note 6: Tax Status

The Plan has received a determination letter dated October 17, 2023, in which the Internal Revenue Service (IRS) stated the Plan and related trust, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust is tax exempt.

SELECT EDUCATION GROUP EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2024

Note 6: Tax Status, Continued

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022, the year of inception.

Note 7: Allocation of Plan Assets

The Plan's assets are allocated as follows:

	<u>Participants</u>	<u>Unallocated</u>	<u>Total</u>
<u>December 31, 2024:</u>			
Cash	\$ 13,771	\$ -	\$ 13,771
Investments at fair value	550,083	-	550,083

Investments at fair value	622,670	-	622,670
	<u>\$ 675,299</u>	<u>\$ -</u>	<u>\$ 675,299</u>

Note 8: Subsequent Events

Subsequent to year-end, the Plan's certificate of deposit has been renewed and matured at various points in time. As of the date of this report, the Plan has a certificate of deposit of \$566,073, with an interest rate of 3.78%, and matures on November 20, 2025.

Subsequent events have been evaluated through September 30, 2025, the date the Plan financial statements were available to be issued.
