INDEPENDENT AUDITOR'S REPORT

The Board of Trustees of the
Construction Employees Group Profit Sharing Plan
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Construction Employees Group Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Construction Employees Group Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Construction Employees Group Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Construction Employees Group Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Construction Employees Group Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Construction Employees Group Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters-Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule of Delinquent Participant Contributions, for the year ended December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONSTRUCTION EMPLOYEES GROUP PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN

The following description of the Construction Employees Group Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan effective January 1, 2004. The plan covers all those employees of participating employer members of the Associated General Contractors of North Dakota and Minnesota who are engaged in work classifications enumerated in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a board of trustees appointed by the participating employers. Third party administrators serve as the providers of the Plan, maintain records of the participant data, and hold the Plan assets.

Eligibility

For services performed under a public contract subject to the Davis-Bacon Act or to any other federal, state or municipal prevailing wage law, there is no age or service requirement. Employees who elect to participate in the cash or deferred profit-sharing plan become eligible according to the employer's age and service requirements set forth in each employer's supplemental participant agreement.

Contributions

Participating employees may contribute an amount each pay period as provided for in their participation agreement up to the dollar and percentage limits set by law. Employers contribute at the rate provided for in their participation agreement. The contribution varies per job category and location of the project. Eligible plan participants may contribute up to the maximum amount allowed under federal regulations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Payment of Benefits

Upon termination of employment, death, disability or retirement, the participant will receive a distribution equal to the value of the participant's vested interest. Terminated participants with account balances of \$5,000 or less are required to take a lump sum distribution upon termination. If the amount of the distribution exceeds \$1,000 and the participant does not elect to either receive or roll the distribution, the distribution will be directly rolled over to an IRA in the participant's name. Terminated participants with account balances in excess of \$5,000 are eligible for a lump sum distribution, installment distributions, ad-hoc distributions, or direct rollover to an IRA or other qualified plan. Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service.

CONSTRUCTION EMPLOYEES GROUP PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Participants must have attained age 59 1/2 to qualify for in-service retirement distributions. Generally, certain minimum distributions are required for participants who have separated from service and have reached required minimum distribution age.

Forfeitures and Vesting

Participants are always 100 percent vested in their elective deferrals, prevailing wages contributions, and earnings. Vesting of employer contributions are determined at the individual employer level. Employees are fully vested within a range from immediately to 6 years depending on the employer and investment type. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$11,750 and \$2,530 respectively. This account is used to restore prior participants' forfeitures, reduce employer contributions, or pay expenses. During the years ended December 31, 2024 and 2023, \$111,886 and \$39,552 of forfeitures, respectively, were used to reduce employer contributions, restore prior participant forfeitures, and pay plan expenses.

Participant Accounts

Each participant's account is credited with the participant's contributions and participating employers' contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Participants' Investment Options

Participants must direct their salary deferral contributions and employer contributions to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting the third-party administrator.

Notes Receivable from Participants

Notes Receivables are permitted under the Plan's provisions. If the participant's vested account balance is \$20,000 or less, the maximum loan shall not exceed the lesser of \$10,000 or 100% of the participant's vested account balance. If the participant's vested account balance is over \$20,000, the loan must not be greater than 50% of the participant's vested account balance up to a maximum of \$50,000. Loans must be for a minimum of \$1,000. All loans are repaid in equal amounts over the repayment term, which is five years or less, except for the purchase of a principal residence for which repayment term shall be in accordance with repayment terms for such loans as quoted by commercial banks in the area. Principal and interest are paid ratably through payroll deductions and credited to the participant's account. The interest rate is determined by the rate charged at area commercial banks for a similar loan.

CONSTRUCTION EMPLOYEES GROUP PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Assets Held in Trust

Since January 1, 2004, all assets of the Plan are held by Empower Annuity Insurance Company of America, an operating division of Empower Retirement, LLC. The operations of Empower Annuity Insurance Company of America are conducted principally through Empower Annuity Insurance Company (“EAIC”), a wholly owned subsidiary of Empower Retirement. EAIC is responsible for, among other things, the custody and investing of the Plan’s assets and the payment of benefits to eligible participants. Empower Annuity Insurance Company of America, FSB, a wholly owned subsidiary of Empower Retirement, serves as the trustee for which EAIC is the record keeper.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual method of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, (“U.S. GAAP”), as codified by the Financial Accounting Standards Board.

Investments Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the providers. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and contributions from the employers are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit distributions are recorded when paid.

CONSTRUCTION EMPLOYEES GROUP PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Fees

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed as a separate fee for the administration of loans. Recordkeeping and administrative expenses were paid from the Plan's assets.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with Empower Annuity Insurance Company of America. Under the group annuity insurance contract that supports this product, participants may direct permitted withdrawals or transfers of all or a portion of their balance at contract value within reasonable timeframes. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which is the same as fair value, as reported to the Plan by Empower.

Empower is contractually obligated to pay principal and a specified interest rate that is guaranteed to the Plan. Interest is credited on contract balances using the "bucketed" approach. Under this approach, interest is calculated based on the calendar quarter in which the contributions were made. The crediting interest rate is determined at the beginning of the quarter and is guaranteed for contributions received during the quarter through December 31 of the following calendar year. Upon expiration of this interest rate, a new quarterly rate is issued periodically. When establishing interest crediting rates, Empower considers many factors but

does not use a specific formula. The annual effective interest rate was 3% for both years ending December 31, 2024 and 2023.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts – Valued at net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

CONSTRUCTION EMPLOYEES GROUP PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024 AND 2023

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock – Valued based on the quoted market prices for publicly traded stock in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 615,511	\$ -	\$ -	\$ 615,511
Common stock	<u>695,764</u>	<u>-</u>	<u>-</u>	<u>695,764</u>

Investments measured at net asset value (a)				<u>90,567,003</u>
Total assets at fair value				<u>\$ 91,878,278</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 478,192	\$ -	\$ -	\$ 478,192

Investments measured at net asset value (a)				<u>85,326,458</u>
Total assets at fair value				<u>\$ 86,442,222</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024 Fair Market Value	2023 Fair Market Value			
Pooled Separate Accounts	\$ 90,567,003	\$ 85,326,458	\$ -	Daily	N/A

NOTE 6 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Transactions with parties in interest who are trustees or consultants as defined by the Plan for the years ended December 31, 2024 and 2023 are noted below.

Payor	Transactions	2024	2023
Empower Annuity Insurance Company	Recordkeeper	\$ 41,731	\$ -
Advised Assets Group, LLC	Investment Management	787	-
Don R Grande P.C.	Legal Fees	-	1,825
Marsh & McLennan Agency	Legal Fees/Administration	-	3,627
Brady, Martz & Associates, P.C.	Audit Fees	23,700	22,759
Prudential Insurance Company of America	Investment Management & Transaction Fees	-	25,196
Concourse Financial Group	Other	990	-
Holiday Inn of Fargo	Plan Committee Expense	1,253	1,265

At December 31, 2024 and 2023, the Plan held units in various pooled separate accounts and a guaranteed income account of Empower Annuity Insurance Company, the Plan provider. These transactions qualify as allowable party-in-interest transactions under the provisions of ERISA.

The Plan shares a common board of trustees with the Associated General Contractors of North Dakota Employee Benefit Trust (AGC).

NOTE 9 INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan in a letter dated September 16, 2022 that the pre-approved plan document adopted by Construction Employees Group Profit Sharing Plan is acceptable under the applicable section of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 10 NONEXEMPT PARTIES-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2023, various participating employers remitted participant contributions of \$13,431, respectively, to the trustee later than required by the Department of Labor (DOL) Regulation 2510.3-102. The Plan corrected delinquent participant contributions totaling \$13,431 during the year ended December 31, 2024, respectively. The Plan filed Form 5330 with the IRS on behalf of the participating employers and paid the required excise tax on the transactions. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

NOTE 11 AMENDMENT AND TERMINATION OF PLAN

Although it has not expressed any intent to do so, the board of trustees reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If a participating employer terminates contributions or the Plan is terminated, all participants, as affected, become fully vested.

NOTE 12 SUBSEQUENT EVENTS

No significant events have occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 1, 2025, which is the date the financial statements were available to be issued.
