Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Choctaw Global LLC Contracting Retirement Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Choctaw Global LLC Contracting Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Plan Administrator and Participants
Choctaw Global LLC Contracting Retirement Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator and Participants
Choctaw Global LLC Contracting Retirement Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Choctaw Global LLC Contracting Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Choctaw Contracting Services, Choctaw Staffing Solutions and Choctaw Defense Services, Inc. (collectively the Employer). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Each employee of the Employer, who is not a member of a collective bargaining agreement, unless the collective bargaining agreement requires the employee to be included within the Plan, or a nonresident alien, is eligible to participate in the Plan upon attaining age 18.

Contributions

Participants may contribute to the Plan a portion of their pretax annual compensation, as defined by the Plan. Participants may also contribute a percentage of after-tax compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). New participants are automatically enrolled in the Plan at a three percent (3%) salary deferral rate unless they elect differently. Participants attaining the age of fifty before the close of the Plan year are also eligible to make catch-up contributions, subject to certain limitations. The Employer will make Plan qualified nonelective contributions (QNEC) required under the McNamara-O'Hara Service Contract Act of 1965 (the Act) in an amount and for each group of service employees as defined in the Act. During the year ended December 31, 2024, the Employer made such QNEC contributions in the amount of \$8,231.

The Employer must also make contributions required under the Uniformed Services Employment and Reemployment Rights Act (USERRA) for any participant who is reemployed upon returning from active military service and elects to receive contributions under USERRA. During the year ended December 31, 2024, the Employer did not make any USERRA contributions.

The Employer must also make collective bargaining agreement (CBA) nonelective contributions that may be required under an employee's union agreement. During the year ended December 31, 2024, the Employer made such CBA nonelective contributions in the amount of \$532,841.

The Employer must also make Davis-Bacon contributions in accordance with the Davis-Bacon Act and the DOL's prevailing rates for the geographic area in which Davis-Bacon work is performed. During the year ended December 31, 2024, the Employer made such Davis-Bacon contributions in the amount of \$40,456.

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

The Employer may also make a discretionary matching contribution that is determined by each employee's contract group. During the year ended December 31, 2024, the Employer made matching contributions in the amount of \$41,836.

Investment Options

Upon enrollment in the Plan, a participant directs the investment of his or her account in any of the various investment options offered.

Participant Accounts

Each participant's account is credited with the participant's contribution, any applicable allocation of Employer contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, requirements of the Act or USERRA, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and all Employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. The interest rate on participant loans is presently set at Prime plus 1%. Principal and interest are paid ratably over the term of the loan through payroll deductions.

See Note 5 for specific disclosures related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Payment of Benefits

Upon separation of service, the Plan will make a mandatory distribution of a participant's vested account balance of \$5,000 or less, including any rollover balances. If a participant's vested account balance is less than \$5,000, but greater than \$1,000, the mandatory distribution will be paid directly to an eligible retirement plan specified by the participant in the form of a direct rollover, or, if the participant does not elect such, to an Individual Retirement Account designated by the Plan administrator in the form of a direct rollover. If a participant's vested account balance is \$1,000 or less, the participant will receive a single lump-sum distribution of his or her entire vested account balance. A participant may elect to receive a lump-sum distribution of all or any part of the participant's vested interest in his or her account, or, if the participant is subject to lifetime required minimum distributions, in installment payments.

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

The Plan also allows in-service withdrawals for participants meeting certain age or hardship provisions of the Plan.

See Note 5 for specific disclosures related to the CARES Act.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant account balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid. There were no amounts allocated to the accounts of participants who as of or prior to December 31, 2024 and 2023 had elected to receive their benefits, but not yet paid their balance due as of these dates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain activity based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 3: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company (Principal), the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023,
- Interest and dividends and net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and
- The Schedule of Assets Held at End of Year as of December 31, 2024.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Codification Topic *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Codification Topic *Fair Value Measurements and Disclosures* are described as:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Collective investment trusts: Valued at the net asset value (NAV) of the units of the collective investment trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the accounts (a collective trust fund as well as separate accounts and mutual funds) less liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds: Valued at the closing price reported on the active market on which the security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. In accordance with the FASB Codification Topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 5: CARES ACT DISTRIBUTIONS AND PARTICIPANT NOTES RECEIVABLE

In response to the financial hardship faced by many individuals as a result of the COVID-19 pandemic, Congress enacted the CARES Act that allowed for certain temporary changes to 401(k) Plan distributions and loans to participants. Qualified individuals could take up to \$100,000 from their retirement accounts. These distributions were not subject to the usual 20% withholdings for federal taxes, age requirements, or notice rules. The tax burden for these distributions can be spread over three years, and the distributions can be repaid over three years. Qualified individuals could take larger loans from their retirement accounts. The maximum loan limit was increased to \$100,000. Loan repayments could be delayed for up to one year. Also, participants do not have to take required minimum distributions for 2020. The CARES Act requires Plan amendments for adoption of provisions of the CARES Act to be made by December 31, 2025. The Plan has not yet been amended; however, it is Plan management's intent to amend the Plan prior to the due date.

Choctaw Global LLC Contracting Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

NOTE 6: RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan investments were managed by Principal, the trustee. As a result, these investments and the related investment transactions qualify as party-in-interest transactions.

The Plan incurs expenses related to general administration and record keeping. The Employer pays a portion of these and other Plan expenses. The Employer also performs certain administrative functions at no cost to the Plan. The Employer does not expect reimbursement for these expenses.

The Plan is charged fees and expenses through expense ratios charged by the custodian. The investment expense ratios vary by fund and are reflected in the value of the investments held by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8: TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan adopted the Principal Financial Group Volume Submitter Profit Sharing Plan with CODA. Principal obtained an opinion letter from the IRS dated August 8, 2014 indicating that the document was designed in accordance with applicable sections of the IRC. Effective July 31, 2022, the Plan restated the Plan document and adopted the Principal Financial Group Pre-Approved Document for Savings Plans. Principal obtained an opinion letter from the IRS dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions in accordance with the provisions of the FASB Codification Topic *Income Taxes*. FASB Codification Topic *Income Taxes* clarifies the accounting for uncertainty in income taxes and requires the Plan to recognize in its financial statements the impact of a tax position taken or expected to be taken in a tax return, if that position more likely than not would not be sustained under audit, based on the technical merits of the position. The Plan administrator has assessed the tax positions taken by the Plan, and determined that no positions exist that require adjustment or disclosure under the provisions of FASB Codification Topic *Income Taxes*.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements December 31, 2024 and 2023

NOTE 9: RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Certain investment options may invest in foreign securities. There are certain additional risks involved when investing in funds with underlying foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the Plan's financial statements.
