INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Envestnet 401(k) Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Envestnet 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Plan Description

The following description of the Envestnet 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined-contribution plan covering all U.S. employees of Envestnet Financial Technologies, Inc. (the “Company”). Employees are eligible to participate in the Plan on the first day of the month coinciding with or following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

(b) Contributions

Each year, participants may contribute up to 95% of pretax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Code (“IRC”) Section 402(g) (“§402(g)”) limit as adjusted in any plan year. Participants eligible to make catch-up contributions may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the §402(g) limit as adjusted in any plan year. Participants are eligible to also make Roth contributions into the Plan with the limits described in the previous sentences. The Roth contributions would be included in taxable compensation. All new employees are automatically enrolled in the Plan with elective deferrals set at 6% of their compensation unless they make a specific election. Participants have the option to increase, decrease or eliminate their automatic enrollment contribution at any time. Effective April 1, 2024, the Plan also allows participants to make after-tax contributions up to a maximum of 10% of after-tax annual compensation. The Plan also provides a Roth conversion program, which allows participants to convert after-tax contributions to Roth contributions.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Participants may also contribute rollover amounts representing distributions from other qualified defined-contribution plans. The Company made discretionary matching contributions to the Plan equal to 50% of the first 6% of base compensation that a participant contributes to the Plan. During 2024, the Company contributed \$7,236,106 of matching contributions. Discretionary matching contributions are funded on a per payroll basis. The Company may also make additional discretionary profit-sharing contributions to the participants at the end of the Plan year. The Company did not make any additional discretionary profit-sharing contributions for the year ended December 31, 2024.

(c) *Transfers*

There were no transfers into the Plan in 2024.

(d) *Participant Accounts*

Each participant's account is credited with the participant's contribution, Company matching contributions, if any, allocations of the Company's additional discretionary profit-sharing contributions, if any, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) *Investment*

Upon enrollment in the Plan, a participant may direct the investment of their contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant and Company contributions on behalf of employees who were automatically enrolled will be allocated to the Target Retirement Date Portfolio most closely targeted for a participant expected to retire around his or her 65th birthday, unless modified by the participant.

(f) *Vesting*

Effective January 1, 2017, participants are immediately vested in their contributions and employer matching and discretionary contributions plus actual earnings thereon, with the exception of discretionary profit-sharing contributions.

(g) *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of one loan outstanding at any given time. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The Company may inherit existing loans merged from other plans which have may have longer maturity dates than the Plan. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through semimonthly payroll deductions. The loans mature on various dates through January 2040.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(h) Payment of Benefits

Vested benefits are payable as soon as practicable after termination of employment for any reason or plan termination. On termination of employment, death, disability, or retirement, a participant may receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. If the participant has a vested balance greater than \$5,000, the participant also has the option of leaving the vested balance in the Plan or may elect to rollover the vested balance to another plan or individual retirement account of the participant's choosing. The Plan allows for participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. Under certain conditions of financial hardship, as defined in the Plan's agreement, participants may withdraw a portion or all of their vested account balance.

(i) Forfeited Accounts

From time to time, the Company will acquire a business that has an existing defined contribution plan (the "Legacy Plan"). If the Legacy Plan is merged into the Plan, the entire account balance of the Legacy Plan is transferred, inclusive of vested and unvested participant balances. If a participant of the Legacy Plan remains an eligible participant of the Plan at the time of transfer, the participant's balance will become fully vested. If a participant of the Legacy Plan was terminated prior to the Legacy Plan being merged into the Plan, their unvested balance will become forfeited at the time the participant requests a distribution from the Plan. These forfeited amounts may be used to pay administrative expenses or to reduce future Company contributions to the Plan. For the year ended December 31, 2024, Company contributions were reduced for these items by an immaterial amount.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Accounting Policies

The Plan follows accounting principles generally accepted in the United States of America ("U.S. GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a detailed discussion of fair value measurements.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are treated as distributions based upon the terms of the plan document. Loans in the amount of \$90,031 were deemed to be distributions in the current year. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses of the Plan are paid by the Plan as provided in the plan document, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included within the net increase in net assets available for benefits.

(3) Information Certified or Provided by Fidelity Management Trust Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the "Trustee" of the Plan).

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(4) Fair Value Measurements

FASB guidance on Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable for the asset or liability and includes situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 1, 2, or 3.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at quoted market prices of shares held by the Plan at year-end.

Shares of common/collective investment trusts: Valued at the net asset value (“NAV”) of shares held by the Plan at year-end, which is based on the fair value of the common/collective investment trusts’ underlying investments. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

Description	December 31, 2024			
	Level 1	Level 2	Level 3	Total

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(5) **Related-Party and Party-In-Interest Transactions**

Certain plan investments include shares of investments managed by Fidelity Investments, an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Certain employees of the Company provide administrative and Trustee services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

(6) **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

(7) **Tax Status**

The IRS has informed the Trustee by a letter dated June 30, 2020, that the pre-approved plan used to develop the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Trustee are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Net assets available for benefits per the Form 5500	<u>\$ 347,272,937</u>	<u>\$ 292,578,553</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the period ended December 31, 2024 to Form 5500:

	December 31, 2024
Increase in net assets available for benefits per the financial statements	\$ 54,666,447
Add: Employer contributions receivable at December 31, 2023	365,199
Less: Employer contributions receivable at December 31, 2024	<u>(337,262)</u>
Increase in net assets available for benefits per the Form 5500	<u>\$ 54,694,384</u>

(10) Subsequent Events

The Plan administrator has evaluated subsequent events for potential recognition and/or disclosure through the auditor's report date, which is the date the financial statements were available for issuance and determined there are no events that have occurred that would require adjustments to the Plan's financial statements. The below subsequent event that required disclosure was noted:

Sale of Yodlee, Inc.

Subsequent to December 31, 2024, the Company sold Yodlee, Inc. Plan participants that were part of this business segment are expected to receive benefits from the Plan through December 31, 2025. The number of Plan participants associated with Yodlee, Inc. is immaterial to the Plan as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Envestnet 401(k) Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Envestnet 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(1) Plan Description

The following description of the Envestnet 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined-contribution plan covering all U.S. employees of Envestnet Financial Technologies, Inc. (the “Company”). Employees are eligible to participate in the Plan on the first day of the month coinciding with or following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

(b) Contributions

Each year, participants may contribute up to 95% of pretax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Code (“IRC”) Section 402(g) (“§402(g)”) limit as adjusted in any plan year. Participants eligible to make catch-up contributions may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the §402(g) limit as adjusted in any plan year. Participants are eligible to also make Roth contributions into the Plan with the limits described in the previous sentences. The Roth contributions would be included in taxable compensation. All new employees are automatically enrolled in the Plan with elective deferrals set at 6% of their compensation unless they make a specific election. Participants have the option to increase, decrease or eliminate their automatic enrollment contribution at any time. Effective April 1, 2024, the Plan also allows participants to make after-tax contributions up to a maximum of 10% of after-tax annual compensation. The Plan also provides a Roth conversion program, which allows participants to convert after-tax contributions to Roth contributions.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Participants may also contribute rollover amounts representing distributions from other qualified defined-contribution plans. The Company made discretionary matching contributions to the Plan equal to 50% of the first 6% of base compensation that a participant contributes to the Plan. During 2024, the Company contributed \$7,236,106 of matching contributions. Discretionary matching contributions are funded on a per payroll basis. The Company may also make additional discretionary profit-sharing contributions to the participants at the end of the Plan year. The Company did not make any additional discretionary profit-sharing contributions for the year ended December 31, 2024.

(c) *Transfers*

There were no transfers into the Plan in 2024.

(d) *Participant Accounts*

Each participant's account is credited with the participant's contribution, Company matching contributions, if any, allocations of the Company's additional discretionary profit-sharing contributions, if any, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) *Investment*

Upon enrollment in the Plan, a participant may direct the investment of their contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant and Company contributions on behalf of employees who were automatically enrolled will be allocated to the Target Retirement Date Portfolio most closely targeted for a participant expected to retire around his or her 65th birthday, unless modified by the participant.

(f) *Vesting*

Effective January 1, 2017, participants are immediately vested in their contributions and employer matching and discretionary contributions plus actual earnings thereon, with the exception of discretionary profit-sharing contributions.

(g) *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of one loan outstanding at any given time. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The Company may inherit existing loans merged from other plans which may have longer maturity dates than the Plan. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through semimonthly payroll deductions. The loans mature on various dates through January 2040.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(h) Payment of Benefits

Vested benefits are payable as soon as practicable after termination of employment for any reason or plan termination. On termination of employment, death, disability, or retirement, a participant may receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. If the participant has a vested balance greater than \$5,000, the participant also has the option of leaving the vested balance in the Plan or may elect to rollover the vested balance to another plan or individual retirement account of the participant's choosing. The Plan allows for participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. Under certain conditions of financial hardship, as defined in the Plan's agreement, participants may withdraw a portion or all of their vested account balance.

(i) Forfeited Accounts

From time to time, the Company will acquire a business that has an existing defined contribution plan (the "Legacy Plan"). If the Legacy Plan is merged into the Plan, the entire account balance of the Legacy Plan is transferred, inclusive of vested and unvested participant balances. If a participant of the Legacy Plan remains an eligible participant of the Plan at the time of transfer, the participant's balance will become fully vested. If a participant of the Legacy Plan was terminated prior to the Legacy Plan being merged into the Plan, their unvested balance will become forfeited at the time the participant requests a distribution from the Plan. These forfeited amounts may be used to pay administrative expenses or to reduce future Company contributions to the Plan. For the year ended December 31, 2024, Company contributions were reduced for these items by an immaterial amount.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Accounting Policies

The Plan follows accounting principles generally accepted in the United States of America ("U.S. GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a detailed discussion of fair value measurements.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are treated as distributions based upon the terms of the plan document. Loans in the amount of \$90,031 were deemed to be distributions in the current year. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses of the Plan are paid by the Plan as provided in the plan document, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included within the net increase in net assets available for benefits.

(3) Information Certified or Provided by Fidelity Management Trust Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the "Trustee" of the Plan).

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(4) Fair Value Measurements

FASB guidance on Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable for the asset or liability and includes situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 1, 2, or 3.

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at quoted market prices of shares held by the Plan at year-end.

Shares of common/collective investment trusts: Valued at the net asset value (“NAV”) of shares held by the Plan at year-end, which is based on the fair value of the common/collective investment trusts’ underlying investments. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

Description	December 31, 2024			
	Level 1	Level 2	Level 3	Total

ENVESTNET 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(5) Related-Party and Party-In-Interest Transactions

Certain plan investments include shares of investments managed by Fidelity Investments, an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Certain employees of the Company provide administrative and Trustee services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

(7) Tax Status

The IRS has informed the Trustee by a letter dated June 30, 2020, that the pre-approved plan used to develop the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Trustee are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
