Report of Independent Auditors

The Plan Participants and the Plan Administrator
Multi-Color 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Multi-Color 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

**Shape the future
with confidence**

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**Shape the future
with confidence**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**Shape the future
with confidence**

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

Multi-Color 401(k) Savings Plan (the “Plan”) is a defined contribution profit sharing plan. The following summary of the Plan is provided for informational purposes only, and reference should be made to the Plan document for a more complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

General

The Plan became effective on April 1, 1994 and covers substantially all U.S. based employees of Multi-Color Corporation (the “Company” or the “Plan Administrator”). The Company is a wholly owned subsidiary of LABL, Inc.

On January 1, 2024, the Lux Global Label Company, LLC 401(k) Plan (the “Lux Plan”) was merged into the Plan and the assets from the Lux Plan were transferred into the Plan on that date. Effective January 1, 2024, the Plan was amended to include eligible Lux participants.

The Plan allows participating employees to make voluntary pre-tax and roth contributions (voluntary contributions) subject to limitations under the Plan and the Internal Revenue Code (“IRC”). Participants may also make pre-tax or roth rollover contributions from other qualified defined benefit or contribution plans.

The Plan is a “Safe Harbor Plan” whereby the Company matches non-union employee contributions at the safe harbor match of 100% of the first 3% and 50% of the next 2% of eligible compensation. Rollovers are not matched. Company matches for union employees may vary and are covered by a Collective Bargaining Agreement (“CBA”) that specify the Company matching terms. The Company may also provide a discretionary profit sharing contribution (discretionary contributions), of which there were none during the year ended December 31, 2024. Total annual contributions to a participant’s account are limited to the lesser of 100% of the participant’s compensation for the year or the maximum contribution allowable under the IRS regulations.

Employees are eligible to participate in the Plan the first day of the month following their hire date. Upon becoming eligible to participate in the Plan, employees are automatically enrolled at a 6% participation rate. Employees may elect a different percentage or waive participation in the Plan either before the first contributions are withheld or at any time thereafter. The contributions are invested in the Plan’s default investment option if the employee does not make a different investment election. The default investment option is the FIAM Index Target Date Income Commingled Pool Class T fund.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's matching and discretionary contributions (if any), allocations of participants' forfeitures (if any), and Plan earnings. Also, each participant's account is charged with withdrawals, as applicable, and Plan losses and administrative expenses. Plan earnings and losses are allocated based on account balances; matching contributions are based on voluntary contributions; and discretionary contributions (if any) are allocated based on eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions and the earnings thereon. Vesting in the remainder of the account is based on a graduated scale that allows for full vesting after four years of service in accordance with the following schedule:

Years of service	<u>Vesting Percentage</u>
Less than 1	—%
1	25
2	50
3	75
4 or more	100

Notes Receivable From Participants

Participants may borrow funds from the vested portion of their account, and a maximum of one outstanding loan is currently allowed per participant at any one time. The maximum note amount available to an eligible participant is the lesser of 50% of their vested account balance or \$50,000; however, the total amount borrowed at any time from the participant's account is subject to stipulated limitations. The minimum note amount available to an eligible participant is \$1,000. Participant notes bear interest at a fixed rate equal to the market rate as determined by the Plan Administrator at the time the loan is made. The term of participant loans cannot exceed five years, other than for loans taken for purchase of a primary residence.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination, disability or death. Participants can elect lump sum or installment payments. Upon separation of service from the Company, a participant's benefits become payable immediately for participants with account balances of \$1,000 or less. Benefits to participants with account balances between \$1,000 and \$5,000 will be processed as a rollover or lump sum payment. If the participant's balance exceeds \$5,000, the participant may elect to defer distribution to a future date or receive a lump-sum distribution equal to their vested account balance, or partial, installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS"), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeitures

Forfeitures first are used to restore participants' forfeitures, second are used to offset Plan administrative expenses, third are used to reduce the employer's matching contribution and fourth are allocated to all eligible participants. Forfeitures can be allocated as of any valuation date during the Plan year in which the former participant receives full payment of their vested benefit. No forfeitures were used to restore participants' forfeitures during the year ended December 31, 2024. Forfeitures of approximately \$132,000 were used to satisfy Plan administration expenses during the year ended December 31, 2024. Forfeitures of approximately \$413,000 were used to reduce the employer's matching contribution during the year ended December 31, 2024. Forfeitures to be allocated at December 31, 2024 and 2023, were approximately \$133,000 and \$510,000, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management makes estimates and assumptions that affect the reported amounts of assets, liabilities, if any, and changes in net assets available for benefits, and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments

All investment information and notes receivable from participants for the Plan presented and disclosed in the financial statements and supplemental schedule, including investments at fair value and notes receivable from participants as of December 31, 2024 and 2023 and net appreciation in fair value of investments, dividend income and interest income on notes receivable from participants for the year ended December 31, 2024, were obtained or derived from information provided to the Company and certified as complete and accurate by Fidelity Management Trust Company (the “Trustee”).

Investment Valuations and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Management is responsible for determining the Plan’s valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan’s investments.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions. Interest rates ranged from 4.25% – 10.25% on participant loans outstanding as of December 31, 2024 and 2023.

Expenses of the Plan

The Company provides certain administrative services at no cost to the Plan. Expenses that are paid by the Company are excluded from these financial statements. If not paid by the Company, other administrative and investment expenses are paid by the Plan.

3. Risks and Uncertainties

Participants direct their account balances to be invested into one or more different investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events, such as a pandemic, tariffs or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the IRC, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

The Plan paid the Trustee administrative expenses, including trustee fees of \$263,876 during the year ended December 31, 2024. The Plan holds units of mutual funds managed by the Trustee, and makes loans to participants. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements

The Plan defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. To increase consistency and comparability in fair value measurements, the Plan applies Accounting Standards Codification 820, *Fair Value Measurement*, which establishes a fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels are:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.
- Level 2 – Observable inputs other than quoted market prices included within Level 1 in active markets for identical assets and liabilities, either directly or indirectly. These include quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, or price quotations vary substantially, either over time or among market makers, or in which little information is released publicly and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs that are supported by little, infrequent or no market activity and are developed using the Plan’s estimates and assumptions.

The determination of where an asset or liability falls in the hierarchy requires significant judgment. Assets measured at fair value for the Plan are as follows:

Mutual Funds/Money Market Fund

Valued at the closing price reported on the active market on which the security is traded. The Plan does not adjust the quoted market price for such financial instruments.

Common Collective Trusts

The common collective trusts are public investment vehicles valued at net asset value (“NAV”) provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund divided by the number of shares outstanding. The daily NAV is available to participants of the Plan when they log into their online account to view their current balance. The common

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

collective trusts allow participants to make daily redemption requests at the current NAV. The Plan has determined that the common collective trusts have a readily determinable fair value based on similar assets (i.e., mutual funds) and, therefore, each meet the criteria to be classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Investments measured at fair value at December 31, 2024, are categorized as follows:

	Assets at Fair Value Measured and Recorded at December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 83,635,569	\$ –	\$ –	\$ 83,635,569

Total assets at fair value	\$ 458,657,707	\$ –	\$ –	\$ 458,657,707

Investments measured at fair value at December 31, 2023, are categorized as follows:

Report of Independent Auditors

The Plan Participants and the Plan Administrator
Multi-Color 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Multi-Color 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

Shape the future with confidence

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Shape the future
with confidence**

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**Shape the future
with confidence**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**Shape the future
with confidence**

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Multi-Color 401(k) Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

Multi-Color 401(k) Savings Plan (the “Plan”) is a defined contribution profit sharing plan. The following summary of the Plan is provided for informational purposes only, and reference should be made to the Plan document for a more complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

General

The Plan became effective on April 1, 1994 and covers substantially all U.S. based employees of Multi-Color Corporation (the “Company” or the “Plan Administrator”). The Company is a wholly owned subsidiary of LABL, Inc.

On January 1, 2024, the Lux Global Label Company, LLC 401(k) Plan (the “Lux Plan”) was merged into the Plan and the assets from the Lux Plan were transferred into the Plan on that date. Effective January 1, 2024, the Plan was amended to include eligible Lux participants.

The Plan allows participating employees to make voluntary pre-tax and roth contributions (voluntary contributions) subject to limitations under the Plan and the Internal Revenue Code (“IRC”). Participants may also make pre-tax or roth rollover contributions from other qualified defined benefit or contribution plans.

The Plan is a “Safe Harbor Plan” whereby the Company matches non-union employee contributions at the safe harbor match of 100% of the first 3% and 50% of the next 2% of eligible compensation. Rollovers are not matched. Company matches for union employees may vary and are covered by a Collective Bargaining Agreement (“CBA”) that specify the Company matching terms. The Company may also provide a discretionary profit sharing contribution (discretionary contributions), of which there were none during the year ended December 31, 2024. Total annual contributions to a participant’s account are limited to the lesser of 100% of the participant’s compensation for the year or the maximum contribution allowable under the IRS regulations.

Employees are eligible to participate in the Plan the first day of the month following their hire date. Upon becoming eligible to participate in the Plan, employees are automatically enrolled at a 6% participation rate. Employees may elect a different percentage or waive participation in the Plan either before the first contributions are withheld or at any time thereafter. The contributions are invested in the Plan’s default investment option if the employee does not make a different investment election. The default investment option is the FIAM Index Target Date Income Commingled Pool Class T fund.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's matching and discretionary contributions (if any), allocations of participants' forfeitures (if any), and Plan earnings. Also, each participant's account is charged with withdrawals, as applicable, and Plan losses and administrative expenses. Plan earnings and losses are allocated based on account balances; matching contributions are based on voluntary contributions; and discretionary contributions (if any) are allocated based on eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions and the earnings thereon. Vesting in the remainder of the account is based on a graduated scale that allows for full vesting after four years of service in accordance with the following schedule:

Years of service	<u>Vesting Percentage</u>
Less than 1	—%
1	25
2	50
3	75
4 or more	100

Notes Receivable From Participants

Participants may borrow funds from the vested portion of their account, and a maximum of one outstanding loan is currently allowed per participant at any one time. The maximum note amount available to an eligible participant is the lesser of 50% of their vested account balance or \$50,000; however, the total amount borrowed at any time from the participant's account is subject to stipulated limitations. The minimum note amount available to an eligible participant is \$1,000. Participant notes bear interest at a fixed rate equal to the market rate as determined by the Plan Administrator at the time the loan is made. The term of participant loans cannot exceed five years, other than for loans taken for purchase of a primary residence.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination, disability or death. Participants can elect lump sum or installment payments. Upon separation of service from the Company, a participant's benefits become payable immediately for participants with account balances of \$1,000 or less. Benefits to participants with account balances between \$1,000 and \$5,000 will be processed as a rollover or lump sum payment. If the participant's balance exceeds \$5,000, the participant may elect to defer distribution to a future date or receive a lump-sum distribution equal to their vested account balance, or partial, installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS"), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeitures

Forfeitures first are used to restore participants' forfeitures, second are used to offset Plan administrative expenses, third are used to reduce the employer's matching contribution and fourth are allocated to all eligible participants. Forfeitures can be allocated as of any valuation date during the Plan year in which the former participant receives full payment of their vested benefit. No forfeitures were used to restore participants' forfeitures during the year ended December 31, 2024. Forfeitures of approximately \$132,000 were used to satisfy Plan administration expenses during the year ended December 31, 2024. Forfeitures of approximately \$413,000 were used to reduce the employer's matching contribution during the year ended December 31, 2024. Forfeitures to be allocated at December 31, 2024 and 2023, were approximately \$133,000 and \$510,000, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management makes estimates and assumptions that affect the reported amounts of assets, liabilities, if any, and changes in net assets available for benefits, and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments

All investment information and notes receivable from participants for the Plan presented and disclosed in the financial statements and supplemental schedule, including investments at fair value and notes receivable from participants as of December 31, 2024 and 2023 and net appreciation in fair value of investments, dividend income and interest income on notes receivable from participants for the year ended December 31, 2024, were obtained or derived from information provided to the Company and certified as complete and accurate by Fidelity Management Trust Company (the “Trustee”).

Investment Valuations and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Management is responsible for determining the Plan’s valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan’s investments.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions. Interest rates ranged from 4.25% – 10.25% on participant loans outstanding as of December 31, 2024 and 2023.

Expenses of the Plan

The Company provides certain administrative services at no cost to the Plan. Expenses that are paid by the Company are excluded from these financial statements. If not paid by the Company, other administrative and investment expenses are paid by the Plan.

3. Risks and Uncertainties

Participants direct their account balances to be invested into one or more different investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events, such as a pandemic, tariffs or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the IRC, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

The Plan paid the Trustee administrative expenses, including trustee fees of \$263,876 during the year ended December 31, 2024. The Plan holds units of mutual funds managed by the Trustee, and makes loans to participants. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements

The Plan defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. To increase consistency and comparability in fair value measurements, the Plan applies Accounting Standards Codification 820, *Fair Value Measurement*, which establishes a fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels are:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.
- Level 2 – Observable inputs other than quoted market prices included within Level 1 in active markets for identical assets and liabilities, either directly or indirectly. These include quoted prices for identical or similar assets or liabilities in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, or price quotations vary substantially, either over time or among market makers, or in which little information is released publicly and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs that are supported by little, infrequent or no market activity and are developed using the Plan’s estimates and assumptions.

The determination of where an asset or liability falls in the hierarchy requires significant judgment. Assets measured at fair value for the Plan are as follows:

Mutual Funds/Money Market Fund

Valued at the closing price reported on the active market on which the security is traded. The Plan does not adjust the quoted market price for such financial instruments.

Common Collective Trusts

The common collective trusts are public investment vehicles valued at net asset value (“NAV”) provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund divided by the number of shares outstanding. The daily NAV is available to participants of the Plan when they log into their online account to view their current balance. The common

Multi-Color 401(k) Savings Plan

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

collective trusts allow participants to make daily redemption requests at the current NAV. The Plan has determined that the common collective trusts have a readily determinable fair value based on similar assets (i.e., mutual funds) and, therefore, each meet the criteria to be classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Investments measured at fair value at December 31, 2024, are categorized as follows:

	Assets at Fair Value Measured and Recorded at December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 83,635,569	\$ –	\$ –	\$ 83,635,569

Total assets at fair value	\$ 458,657,707	\$ –	\$ –	\$ 458,657,707

Investments measured at fair value at December 31, 2023, are categorized as follows:
