Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

(1) Name: CBIZ CPAS P.C.

(2) EIN: 43-1947695

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

To Retirement Plans Committee
Gibbs & Cox, Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Gibbs & Cox, Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

The following description of the Gibbs & Cox, Inc. Pension Plan (the "Plan"), including amendments effective January 1, 2023, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On May 6, 2021, Gibbs & Cox, Inc. was sold to Leidos, Inc. (the "Company"), a third party, in a stock purchase agreement. No changes to the Plan were made as a result of the sale.

General – The Plan is a noncontributory defined benefit insured pension plan covering Cash Balance and Grandfathered Participants at the Arlington, Virginia; Hampton, Virginia; Washington, D.C.; Philadelphia, Pennsylvania; New Orleans, Louisiana; San Diego, California and New York City locations. The Plan became effective on July 1, 1955 and has been amended to conform to changing tax regulations. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was frozen effective December 31, 2006 and will not accept new participants after that date. Consequently, the pension benefits under the Plan will not increase as a result of any service credited or compensation earned after the freeze date. This is effective for the Cash Balance and Grandfathered Participants.

Plan Amendments – Effective January 1, 1997, the Plan was amended to include a special calculation for Cash Balance Participants. Cash Balance Participants, as defined in the Plan provisions, are participants who, as of the effective date, do not meet the conditions to be a "Grandfathered Participant." "Grandfathered Participant," as defined in the Plan provision, means an employee who, as of January 1, 1997, has either attained age thirty-nine and completed nine credited years of service, or whose attained age as of such date, plus a minimum of six completed credited years of service as of such date, equals at least forty-nine.

Effective December 15, 2015, the Plan was amended to include the Cash-Out Program ("Program") under which certain participants who have terminated employment as of December 31, 2015 can make a special election between February 1, 2016 and April 30, 2016. Under Plan provisions, participants must meet certain criteria in order to be eligible for this election. An individual who is eligible under the Program may elect an immediate lump sum payment.

Participant Accounts – Each employee who was a participant in the Plan immediately before the effective date (January 1, 1997, as defined) shall continue to be a participant in the Plan on the effective date. Each other employee hired prior to the effective date shall become a participant on the effective date. Each employee hired after December 31, 2006, will not be eligible for participation.

Normal Retirement Benefit – Participants are entitled to annual pension benefits beginning at normal retirement age (the later of age sixty-five or the fifth anniversary of the commencement of employment).

Grandfathered Participants

The normal retirement pension for Grandfathered Participants is equal to 1.4 percent of average monthly compensation during their final 60 months of employment, multiplied by the number of their credited years of service, prior to their normal retirement date. The minimum amount of pension payable under the Plan is \$5.00 per month for each year of service up to a maximum of 35 years. No service will be credited after December 31, 2006. This minimum pension is exclusive of Social Security.

In addition, to cover the first three months in lieu of the regular monthly pension, each retiring employee will receive as a special lump-sum benefit payment, an amount equal to thirteen weeks of vacation pay, reduced by any pay for vacation previously taken in the calendar year in which retirement occurs.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 1 – PLAN DESCRIPTION (Continued)

Cash Balance Participants

The normal retirement pension for cash balance participants is the initial cash balance (based on the value of accrued benefit and accrued special payment) credited with interest based on one-year treasury bonds plus one percent and increased by three percent of annual salary. The accrual for the year 1999 is four percent of the gross salary for that year for participants active as of December 31, 1999. There will be no additional accruals for participants after December 31, 2006. The retirement benefit is the cash balance or equivalent annuity. The Plan permits early retirement pension equal to the cash balance or equivalent annuity.

The normal form of benefit payment (Cash Balance and Grandfathered Participants) for a married employee is a 50 percent joint and survivor annuity payable on an actuarially reduced basis. Other forms of payment can be elected, such as a life annuity and 100 percent joint survivor benefit. The Plan requires the payment of a lump-sum benefit if the actuarial equivalent single lump-sum of the benefit is less than \$5,000. Effective January 1, 2024, the Plan requires the payment of a lump-sum benefit if the actuarial equivalent single lump-sum is less than \$7,000.

Effective January 1, 2024, if the value of the participants retirement income as of the annuity commencement date exceeds \$1,000, but is less than or equal to \$7,000, the Plan requires a direct rollover to an individual retirement plan, unless the participant elects to receive a distribution in the form of a single lump sum.

Early Retirement Benefit – A grandfathered participant will be entitled to elect early retirement at any time after attaining age fifty-five and before attaining age sixty-five, provided he/she has completed ten years of service with the Company.

Grandfathered Participants

At early retirement, he/she may elect either of two pensions:

- (1) A normal retirement pension to commence upon reaching age sixty-five, but computed on the basis of his/her years of credited service and compensation at retirement date; or
- (2) A reduced pension to commence immediately upon early retirement reduced by 1/15th for each of the first five years and 1/30th for each subsequent year that benefits commence prior to reaching age sixty-five.

In addition, a participant may retire on an Early Retirement Date, which may be any day of any months subsequent to the date on which the participant's attained age and completed years of continuous service equal eighty-five (85) ("Rule of 85"). Rule of 85 participants will receive a reduced normal benefit prior to the participant's attainment of age sixty-two and receive no reduction after the participant's attained age of sixty-two.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 1 – PLAN DESCRIPTION (Continued)

Cash Balance Participants

A cash balance participant electing early retirement, shall receive retirement income based on his/her cash balance account, as of the early retirement date. The participant may elect:

- (1) A normal pension benefit to commence upon reaching age sixty-five, based upon the cash balance account at early retirement, converted to retirement income payable at normal retirement date in accordance with lump-sum factors specified in Code Section 417(e)(A)(ii); or
- (2) A reduced pension to commence immediately upon early retirement, reduced by 1/15th for each of the first five years prior to reaching age sixty and 1/30th for each subsequent year that the benefits commence prior to reaching age sixty-five.

Death Benefits

Grandfathered Participants

The eligible spouse of any participant who dies prior to retirement will receive a percentage of the employee's normal retirement pension based on credited service and compensation at death, actuarially adjusted to reflect the differences between the employee and the eligible spouse.

Cash Balance Participants

The eligible spouse/beneficiary of any participant who dies prior to retirement will receive the cash balance or equivalent annuity.

Disability Pension

Grandfathered Participants

In the event a participant becomes totally and permanently disabled after completion of ten years of continuous service; but before he/she attains age sixty-five, he/she will receive the greater of the normal retirement pension based on credited service and compensation at the date of disability or \$100 per month, reduced by \$60 per month only if the disabled employee qualifies for Social Security disability insurance. If the employee is receiving the \$100 monthly benefit, it will automatically change to the normal retirement pension at age sixty-five.

Cash Balance Participants

In the event a participant becomes totally and permanently disabled, he/she will receive the cash balance or equivalent annuity.

Deferred Vesting Benefit

Grandfathered Participants

A Grandfathered Participant who is terminated with three or more years of service shall receive a percentage of his/her deferred vested pension. The percentage will be 20 percent after three years of service and prorated to 100 percent after seven years of service. For an employee with seven or more years, the percentage is 100 percent. The deferred vested pension is calculated as the normal retirement pension, but based on years of credited service and compensation at the time of termination.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 1 – PLAN DESCRIPTION (Continued)

Cash Balance Participants

A cash balance participant shall receive the vested percentage applied to the cash balance.

Discontinuance of the Plan

The Company reserves the right to modify, suspend or terminate the Plan at any time. The Plan was frozen as of December 31, 2006.

Since the Plan was frozen at December 31, 2006, the affected participants shall be fully vested in their accrued retirement income to the extent funded. The net assets of the Plan will be applied, according to the requirements of ERISA as set forth in Article 10 of the Plan, generally to provide for the payment of benefits. Net assets available for benefits may not be adequate to pay benefits for each participant in such an event.

Whether a particular participant's accumulated Plan benefits will be fully or partially paid out of the then existing assets, depends on both the priority of distribution of benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

The Pension Protection Act of 2006 ("PPA") was signed into law on August 17, 2006 and is generally effective for Plan years beginning after 2007. The PPA amended ERISA under which increased responsibility had been placed on the Plan's Enrolled Actuary and the selection of the actuarial assumptions. In an attempt to strengthen the financial stability of all defined benefit plans, the PPA substantially changed the way funding requirements are determined.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the employees based on years of service. Accumulated Plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included, to the extent that they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. Benefits to be provided through allocated accounts, excluded from Plan assets, are excluded from accumulated Plan benefits.

The significant actuarial assumptions used in the valuation as of December 31, 2024, which comply with the requirements of the PPA, are as follows:

- (i) Retirement age – 30 percent of the participants who are eligible to retire under Rule of 85 Early Retirement are assumed to retire at age 62. All other participants are assumed to retire at age 65
- (ii) Mortality rates – Section 430(h)(3) prescribed separate static annuitant and non-annuitant mortality tables for January 1, 2024 and 2023
- (iii) Discount interest rate – 4.5 percent for January 1, 2024 and 2023, compounded annually
- (iv) Interest rate of return on investment – 5.5 percent for 2024 and 2023
- (v) Cash balance Plan interest accumulation rate – 5.96 percent for 2024 and 5.68 percent for 2023
- (vi) Actuarial cost method – traditional unit credit method

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors may be applicable in determining the actuarial present value of accumulated Plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 3 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Actuarial present value of accumulated Plan benefits as of December 31, 2023 were as follows:

Vested benefits:	
Inactive participants currently receiving benefits	\$ 26,089,391
Other participants	<u>4,454,169</u>
Total	<u>\$ 30,543,560</u>

The changes in the actuarial present value of accumulated benefits as of December 31, 2023 were as follows:

Beginning of year - January 1, 2023	<u>\$ 32,171,726</u>
Increase/(decrease) during the year attributable to:	
Benefits accumulated and losses	(500,476)
Increase for interest due to decrease in discount period	1,691,723
Change in actuarial assumptions	6,850
Benefits paid	<u>(2,826,263)</u>
Net decrease	<u>(1,628,166)</u>
End of year - December 31, 2023	<u>\$ 30,543,560</u>

NOTE 4 – FUNDING POLICY

It is the policy of the Company to fund the Plan under the "traditional unit credit" actuarial cost method. Employees do not contribute to the Plan. The Company made contributions of \$1,449,292 and \$325,795 for the years ended December 31, 2024 and 2023, respectively. As of December 31, 2024, the Plan has met its minimum funding requirement.

Due to the Plan's funded status, quarterly contributions are required for 2025. The Plan Sponsor has elected to use the Plan's prefunding balance to satisfy this requirement and therefore no further contributions are needed.

NOTE 5 – INVESTMENTS - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES AS COMPLETE AND ACCURATE

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustees and custodians, Bank of America and State Street Bank and Trust Company ("State Street").

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information, which was certified as noted in the preceding paragraph, was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information in the Plan's financial statements.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, “Fair Value Measurement,” provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common Collective Trust Fund

The shares of the open-end registered Underlying Funds are valued at their closing net asset value (“NAV”) as reported on each business day. If the Underlying Fund’s designated representative to the Trustee determines, based on its own due diligence and investment monitoring procedures, that the reported NAV per share does not represent fair value, the Underlying Fund’s designated representative to the Trustee shall estimate the fair value of the Underlying Fund in good faith and in a manner that it reasonably chooses.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2024			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	\$ 27,610,192	\$ -	Daily*	1 day
	December 31, 2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	\$ 28,350,152	\$ -	Daily*	1 day

*For further restrictions, please see above description in this note.

NOTE 7 – PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Participants will automatically become 100% vested in the benefits earned, to the extent funded, as of the Plan's termination date.
- b. If the Plan terminates without enough money to pay all benefits, the PBGC, a U.S. governmental agency, will step in to pay pension benefits up to the maximum allowed by law. Most people will receive all of the pension benefits they would have received under the Plan, but some people may lose certain benefits. The PBGC guarantee generally covers: (1) normal and early retirement benefits; (2) disability benefits if the participant became disabled before the Plan terminates; (3) certain benefits for survivors.
- c. All other uninsured vested benefits.

GIBBS & COX, INC. PENSION PLAN
Notes to Financial Statements

NOTE 7 – PLAN TERMINATION (Continued)

On April 10, 2025, the Plan administrator executed an amendment to terminate the Plan effective May 31, 2025 under the standard plan termination process of the Pension Benefit Guaranty Corporation and to distribute Plan assets as soon as administratively practical.

NOTE 8 – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 22, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. In November 2023, the Plan requested a compliance statement under the Voluntary Compliance Program of the Employer Plans Compliance Resolution System set forth in Revenue Procedure 2021-30 ("VCP") for untimely Plan amendments and nonamended failures. The IRS has not finalized their review of the VCP submission, however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RELATED-PARTY TRANSACTIONS

Certain administrative and actuarial expenses of the Plan were paid by the Company. Personnel and facilities of the Company were provided to the Plan at no charge. The Company also made premium payments to the PBGC totaling \$100,354 and \$243,848 for the years ended December 31, 2024 and 2023, respectively. During 2024 and 2023, the Plan paid certain administrative expenses to Mercer, the Plan administrator, and Bank of America. Investment management related expenses paid to the plan administrator and trustee amounted to \$161,008 and \$187,399 for the years ended December 31, 2024 and 2023, respectively.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Company contributions and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 11 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 29, 2025, the date the financial statements were available to be issued.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions**

Effective date and plan year	Original plan: July 1, 1955 Restated plan: January 1, 2010 as amended through December 31, 2018 Plan year: January 1 to December 31
Status of the plan	Participation and plan benefits are frozen as of December 31, 2006.
Definitions	
• Eligibility	No employee shall become a participant on or after December 31, 2006. Grandfathered Participants: age 40 with 10 years of service or age plus service greater than 50 (with at least 7 years of service) by the end of 1997 Cash Balance Participants: participants who are not Grandfathered Participants.
• Credited service	No service shall be earned after December 31, 2006.
• Average monthly compensation	Monthly average of a participant's earnings for the last 60 calendar months of employment or December 31, 2006, if earlier, as limited under IRC Section 401(a)(17).
Normal retirement	
• Eligibility	Age 65 with 5 years of service.
• Benefit	<u>Grandfathered participants:</u> (1) 1.4% of "average monthly compensation" multiplied by the number of credited years of service with Gibbs & Cox, Inc. (2) The minimum amount of pension payable under the Plan is \$5.00 per month for each year of services up to a maximum of 35 years. No service is credited after December 31, 2006. <u>Cash balance participants:</u> Initial cash balance (based on the value of accrued benefit and accrued special payment) is credited with interest based on 1-year treasury bonds plus 1% and increased by 3% of annual salary. 1999 accrual is 4% of 1999 salary for participants active as of December 31, 1999. No additional accruals are credited after December 31, 2006. Retirement benefit is the cash balance or equivalent annuity.
Early retirement	
• Eligibility	Age 55 with 10 years of service.
• Benefit	<u>Grandfathered participants:</u> At early retirement a participant may elect either of two pensions: (1) A normal retirement pension to commence at age 65 but computed on the basis of his years of credited service and compensation at retirement date, or (2) A reduced pension to commence immediately on early retirement reduced by 1/30 for each year between age 55 and 60 and 1/15 for each year between age 60 and 65. In addition, a participant may retire on an Early Retirement Date which may be any day of any month subsequent to the date on which the participant's attained age and completed years of continuous service equal eighty-five (85). A participant who elects Rule of 85 Early Retirement shall receive the

Schedule SB, Part V — Summary of Plan Provisions

	<p>benefit described in the foregoing Paragraph (1) reduced by five percent (5%) for each year that payment commences prior to the participant's attainment of age sixty-two (62) with no reduction if payment commences on or after the attainment of age sixty-two (62).</p> <p><u>Cash balance participants:</u> Cash balance or equivalent annuity.</p>
Deferred vested	
• Eligibility	Termination after completing 3 years of service
• Benefit	<p><u>Grandfathered participants:</u> 100% vested in accrued benefit as of termination date with 3 or more years of service</p> <p><u>Cash balance participants:</u> 100% vested in cash balance with 3 or more years of service.</p>
Disability	
• Eligibility	Deemed Disabled with 10 years of service
• Benefit	<p><u>Grandfathered participants:</u> Greater of the normal retirement pension based on credited service and compensation at the date of disability or \$100 per month. If the participant is receiving the \$100 benefit, it automatically changes to the normal retirement pension at age 65.</p> <p><u>Cash balance participants:</u> Cash balance or equivalent annuity.</p>
Special retirement payments	
	<p><u>Grandfathered participants:</u> Each retiring participant will receive an amount equal to 13 weeks of vacation pay, reduced by any pay for vacation previously taken in the calendar year in which retirement occurs or 2006, if earlier. Regular monthly payments will not commence until the first of the fourth month following retirement date.</p> <p><u>Cash balance participants:</u> Accrued special payment value is included in initial cash balance.</p>
Pre-retirement death	
• Eligibility	Death of a married participant with 3 or more years of service.
• Benefit	<p><u>Grandfathered participants:</u> For participants with 15 years of service, the benefit is actuarially adjusted to reflect the age and sex of the spouse. The percentage is 50%, increased by 5% for each additional year of service over 15 years. For other vested participants, the benefit is 50% of the actuarial equivalent vested benefit payable at age 55 or later (reduced for early commencement).</p> <p><u>Cash balance participants:</u> Cash balance or equivalent annuity.</p>
Form of benefits	
• Automatic form for unmarried participants	Single Life Annuity

Schedule SB, Part V — Summary of Plan Provisions

• Automatic form for married participants	50% joint and survivor annuity
• Optional forms	Single life annuity 50% joint and survivor annuity 75% joint and survivor annuity 100% joint and survivor annuity Lump sum (cash balance participants only)
• Optional form conversion factors	Computed on the basis of a 7.0% compound annual interest rate and the 2024 PPA mortality table.
Miscellaneous	
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2024, the limit is \$275,000.

Benefits included or excluded

Unless noted below, all benefits provided by the plan are included in this valuation:

- **Most recent plan amendments included:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **IRC Section 436 benefit restrictions:** Benefit restrictions (if applicable) are ignored in this valuation.
- **IRC Section 415(b) benefit limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan provision changes since prior valuation

Maximum benefit amounts under IRS rules were updated from 2023 to 2024.

• Current vested deferred	0%	50%	20%	30%

Rationale for demographic assumptions

- **Withdrawal and retirement** – The withdrawal assumption is a long-term assumption that has not historically produced unexpected gains or losses. Retirement rates have been developed based on the actuary's experience with similar plans and the retirement subsidies the plan offers at various ages. Annual review of the experience has shown that these rates provide similar results to actual rates of retirement experienced under the plan.
- **Form of payment** – This assumption reflects the approximate proportion of the plan's current retiree population electing each of the optional forms of payment.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial methods for funding

Asset methods – Effective January 1, 2022

The asset valuation method is an average of the adjusted market value for each year during the last year preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, line 32 — Schedule of Amortization Bases

The total shortfall amortization charge is the sum of the individual shortfall amortization installments for each plan year since the IRC Section 430 changes made by ARPA took effect for the. Although an individual shortfall amortization installment can be negative, the combined shortfall amortization charge cannot be less than \$0.

Shortfall bases					
Year established		Outstanding balance	Years remaining		2024 installment
2023	\$	1,564,171	14	\$	149,289
2024		1,142,106	15		103,909
Total	\$	2,706,277		\$	253,198

Schedule SB, line 24 — Change in Actuarial Assumptions

Actuarial assumption changes since prior valuation

- The cash balance interest crediting rate was updated to reflect current rates.
- The assumption for administrative expenses was updated from \$150,000 to \$190,000.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
