To the Plan Administrator  
XS Brokers Insurance Agency, Inc. 401(k) & Profit Sharing Plan  
Quincy, Massachusetts

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of XS Brokers Insurance Agency, Inc. 401(k) & Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The certified investment information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued, or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LEE AND CROWLEY

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### 1. Description of Plan

The following description of the XS Brokers Insurance Agency, Inc. 401(k) & Profit Sharing Plan (the “Plan”) provides only general information about the Plan’s provisions. XS Brokers Insurance Agency, Inc. (the “Company”) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

#### *General*

The Plan is a defined contribution plan covering substantially all employees of the Company after attaining 20.5 years of age and completing six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance.

#### *Contributions*

Eligible participants may make pre-tax elective contributions or after tax (Roth) contributions of up to 90 percent of eligible compensation as defined by the Plan, subject to certain Internal Revenue Service (“IRS”) limitations. All newly eligible participants, unless otherwise elected, will be automatically enrolled in the Plan with a 6% deferral rate. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts (rollovers).

Under the provisions of the Plan, the Company may make discretionary matching contributions and profit sharing contributions to the Plan as determined annually by management. The Company has elected to match 100% of participant contributions up to 5% of eligible compensation as defined by the Plan. The amounts contributed cannot exceed the maximum amounts allowed under the provisions of the IRS. Employees are eligible for the matching contributions at the time participant contributions commence. For the year ended December 31, 2024, matching contributions amounted to \$941,797. There were no profit sharing contributions to the Plan for the year ended December 31, 2024.

#### *Investment Elections*

Each participant shall direct the investment of their account among a selection of investments made available and determined by the Company. Participants may change their investment options daily.

#### *Participant Accounts*

Each participant’s account is credited with the participant’s contributions and Company contributions, as well as an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## Notes to Financial Statements

---

### *Vesting*

Participants are vested immediately in their contributions, plus actual earnings thereon. Discretionary employer matching contributions and profit sharing contributions are subject to vesting. For purposes of determining vesting of discretionary matching contributions and profit sharing contributions made under the Plan, all years of service with the Company are included in determining the participant's vested interest. A participant's discretionary matching contributions and profit sharing contributions are fully vested after six years of credited service with the Company in accordance with the following schedule:

<i>Years of Service</i>	<i>Percent Vested</i>
Six years	100%
Five years	80%
Four years	60%
Three years	40%
Two years	20%
One year	0%

---

### *Forfeited Accounts*

Forfeitures represent the non-vested portion of terminated participants' account balances. These accounts may be used to reduce future administrative expenses, offset future employer contributions, or to restore participant account balances. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$3,416 and \$33,365, respectively. During the year ended December 31, 2024, amounts totaling \$36,233 were forfeited, and \$66,182 was used to pay Plan expenses and employer contributions.

### *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 or (2) 50% of their vested account balance. Note terms range from one to five years in most cases, or 10 years if proceeds are used for the purchase of a primary residence. The notes are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%, which is commensurate with local prevailing rates, as determined by the plan administrator. A participant may not have more than one note receivable outstanding at any given time. Principal and interest are paid ratably through payroll deductions and interest is recognized as income when received. Certain direct fees are charged to the participant to set up and maintain the note.

### *Payment of Benefits*

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all their vested account balance from the Plan without penalty. Hardship withdrawals are not permitted. In general, participants must begin receiving required minimum distributions upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reach age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement

## Notes to Financial Statements

---

Enhancement (“SECURE”) Act of 2019, that age is 72. For individuals who reach age 72 on or after January 1, 2024, in accordance with the SECURE 2.0 Act of 2022, that age is 73.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

#### *Use of Estimates*

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan’s valuation policies utilizing information provided by investment advisors, the custodian, and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the plan year.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023, respectively. Delinquent notes receivable are reclassified as distributions based upon terms of the plan document.

#### *Payment of Benefits*

Benefits are recorded when paid.

#### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. The Plan has entered into a revenue credit agreement with the plan trustee to reduce participant expenses. As a result, a revenue credit of \$19,792 was allocated to eligible participants during the 2024 plan year. Investment related expenses are included in net appreciation in fair value of investments.

## Notes to Financial Statements

### *Subsequent Events*

The Plan has evaluated subsequent events through September 30, 2025, the date the financial statements were available to be issued.

### **3. Certified Investments**

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest on notes receivable from participants reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

### **4. Fair Value Measurements**

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

## Notes to Financial Statements

---

The following is a description of the valuation methodologies used for assets measured at fair value:

### *Mutual Funds and Money Market Fund*

The Plan's mutual funds and money market fund are valued at the daily closing price as reported by the fund. Investments held by the Plan are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The investments held by the Plan are deemed to be actively traded and are considered Level 1 assets within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

---

<i>Investments at fair value as of December 31, 2024</i>		Level 1
Mutual funds	\$	24,135,817
Money market fund		596,634
<b>Total Investments at Fair Value</b>	<b>\$</b>	<b>24,732,451</b>

---

---

<i>Investments at fair value as of December 31, 2023</i>		Level 1
Mutual funds	\$	21,327,783
Money market fund		647,034
<b>Total Investments at Fair Value</b>	<b>\$</b>	<b>21,974,817</b>

---

## 5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies and managed by Fidelity. Fidelity is the trustee as defined by the Plan, therefore, any transactions between Fidelity and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Fidelity totaling \$47,392 which are included in administrative expenses during the year ended December 31, 2024. The Plan extends notes receivable to participants which are also considered parties-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. As described in Note 2, the Company also pays certain administrative expenses of the Plan.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. At that time, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

# XS Brokers Insurance Agency, Inc. 401(k) & Profit Sharing Plan

## Notes to Financial Statements

---

### 7. Tax Status

The Plan has adopted a pre-approved plan document (formerly referred to as a prototype plan document) sponsored by Fidelity, which has received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress as of December 31, 2024.

### 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits.

### 9. Voluntary Correction Program

When the Plan was amended in 2018, the definition of compensation was amended such that the Company was to exclude bonuses from participants' eligible compensation in determining participant contributions and the Company's matching contributions. However, the intention of management was to amend the Plan such that bonuses would be excluded from the Plan's definition of eligible compensation for purposes of determining Company matching contributions only, thus participants would still be permitted to contribute elective deferrals on bonuses paid. The Company has since operated in the way that was intended by management.

The Company has taken remedial actions under the Department of Labor's Voluntary Correction Program to correct the matter through a retroactive amendment to the Plan's definition of eligible compensation. The definition of compensation was expanded in order to create two separate definitions of eligible compensation: one definition to include bonuses for participant elective deferrals, and one definition to exclude bonuses for the purposes of determining Company matching contributions. The Company engaged legal counsel to assist with the preparation and review of the Plan documents and applicable retroactive amendment. The Company submitted its request to the IRS in September 2022. On December 4, 2024, the Plan formally received IRS approval for the corrective actions taken by the Company.
