## INDEPENDENT AUDITOR'S REPORT

To the Plan Administration Committee  
Danfoss Personal Investment Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Danfoss Personal Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Other Matter**

#### *Supplemental Schedules Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DANFOSS PERSONAL INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 — DESCRIPTION OF THE PLAN**

The following brief description of the Danfoss Personal Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement (Agreement) for a more complete description of the Plan's provisions.

**General**

The Plan was established August 1, 2021 as a defined contribution plan that covers employees of Danfoss Power Solutions II, LLC (the Company) who have completed a probationary period, if any, specified in applicable collective bargaining agreements with the International Association of Machinists and Aerospace Workers District Lodge No. 77, Eden Prairie, Minnesota and USA & AFL-CIO on behalf of Local 1-0967, Brooklyn, Ohio. The Company is affiliated with Danfoss Power Solutions, under common ownership, which also has two separate defined contribution plans. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration**

The Plan is administered by the Plan Administration Committee of the Company (the Plan Administrator). Empower Annuity Insurance Company of America (Empower) and Empower Trust Company, LLC (Empower Trust) have been designated as recordkeeper and custodian of the Plan, respectively.

**Contributions**

Each year, participants may contribute up to 75% (50% prior to January 1, 2024) of compensation, as defined by the Plan, subject to Internal Revenue Service (IRS) limitations. Certain Brooklyn, Ohio employees who perform an hour of service, after any initial probationary period specified in the applicable collective bargaining agreement, on or after January 1, 2019 (Post-2019 employee) are also credited with the Company's matching contribution of 3% of eligible compensation. The employer retirement contribution (CRC) was 4% of eligible compensation for Post-2019 employees. Catch-up contributions are permitted upon attainment of age 50.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, Company's matching contributions, employer retirement contributions and Plan earnings. Participant accounts are charged with an allocation of Plan losses, withdrawals and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions and Company matching contributions, plus actual earnings thereon. For employer retirement contributions, participants are vested after three years of service, as defined in the Agreement. Employer retirement contributions and earnings thereon become 100% vested upon attainment of an employee's death, disability, or age 65 (normal retirement age).

**DANFOSS PERSONAL INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 — DESCRIPTION OF THE PLAN (Continued)**

**Notes Receivable from Participants**

Participants have the option to borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the Prime rate published in the Wall Street Journal and are generally repayable over a period not to exceed five years. A participant may have up to two loans outstanding at any one time.

**Payment of Benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or be paid in installments, as defined. In-service withdrawals are available as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll over the vested balance to another plan, as defined.

**Administrative Expenses**

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the account administration, managed investment advisory services, administration of notes receivable from participants and distributions are charged directly to participant accounts. Certain investment-related expenses are included within net appreciation (depreciation) in fair value of investments.

**Forfeitures**

Forfeited accounts are used to offset the Company's future matching contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$400 for each year. Forfeitures of \$9,260 and \$920 were utilized to offset employer contributions for the years ended December 31, 2024 and 2023, respectively.

**Transfers**

The Plan allows transfers of an individual account to other affiliated defined contribution plans of the Company. If employees change their union status or change affiliated employers, their account balances are transferred into the corresponding Plan. During the year ended December 31, 2024, there was \$13,900 transferred out of the Plan. There were no transfers during the year ended December 31, 2023.

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles accepted in the United States of America (GAAP) and present the net assets available for benefits and changes in those net assets.

**DANFOSS PERSONAL INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Notes Receivable from Participants**

Notes receivable from participants are stated at amortized cost, measured at unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Contributions**

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld from compensation. CRC contributions from the Company are recorded in the year in which compensation is paid to the employee.

**Payment of Benefits**

Benefits are recorded when paid.

**DANFOSS PERSONAL INVESTMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Tax Status**

The IRS has determined and informed the Company, by a letter dated October 12, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Continued qualification of the Plan will depend on the operation of the Plan in compliance with the IRC. The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

**NOTE 3 — CERTIFIED INFORMATION**

The following is a summary of the Plan's assets and income information as of December 31, 2024 and 2023 and for the years then ended, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by Empower Trust and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Empower Trust that information provided to the Plan Administrator by Empower Trust is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following:

**NOTE 4 — FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority):

**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2024 and 2023

**NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)**

Level 1 – defined as unadjusted quoted prices in active markets accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – defined as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3 – defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

- *Mutual funds:* Valued based on quoted prices of identical assets in active markets.
- *Collective trust funds:* The fair value of units is valued based on quoted redemption values, also known as net asset values (NAV), determined using available market information of the underlying securities including quoted prices for identical or similar securities in active or nonactive markets. These redemption values are the values at which a participant would transact daily. There are no restrictions on the ability to transact with the funds at net asset value.

The following table shows assets measured at fair value as of December 31, 2024 and 2023 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:
