INDEPENDENT AUDITOR'S REPORT

To 401(k) Plan Committee of
the Allworth Financial 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Allworth Financial 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line i- Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Allworth Financial 401(k) Plan

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Allworth Financial 401(k) Plan, (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Allworth Financial Group L.P and its wholly owned subsidiaries (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On December 31, 2021, the Plan’s adoption agreement was restated as required by the Internal Revenue Service (“IRS”) for pre-approved defined contribution plans. The restatement incorporates regulatory changes as required by IRS notice 2017-37 and was effective January 1, 2021. The Plan utilizes Newport Retirement Services (“Newport”) as its recordkeeper, trustee and custodian. The Company is responsible for the oversight of the Plan. The Chief Investment Officer determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Company’s Board of Directors.

Contributions

Participants may reduce compensation by a specific percentage or dollar amount on a pre-tax and post-tax basis as an elective deferral to the maximum amount by law. Employees are eligible to participate in elective deferrals upon employment. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also make rollover contributions. The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. There are no automatic deferral provisions.

The Plan also offers matching and safe harbor contributions to eligible employees. Matching contributions are set at 50% of employee elective salary deferrals; only salary deferrals up to 6% of employee compensation paid will be considered. In addition, the matching contribution in any Plan year cannot exceed 4% of employee compensation. Safe harbor contributions are set at 3% of eligible compensation.

Discretionary profit-sharing contributions may be made to eligible employees employed on the last day of the Plan year or if terminated during the Plan year, who have completed at least 500 hours of service during the Plan year. There were no discretionary profit-sharing contributions for the year ended December 31, 2024.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a collective investment trust, and self-directed account investment options for participants.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's and Company’s contributions as well as Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Transaction-based fees (ancillary fees) are deducted from the appropriate individual participant account, as applicable.

Vesting

Participants are immediately vested in their elective deferrals, catch-up contributions, rollover contributions, and employer safe harbor contributions plus actual earnings thereon. Vesting in the employer matching and profit-sharing contribution portion of their account is based on continuous years of service. A participant is 100 percent vested after 6 years of service as defined. Prior services of individuals who are employed at the time of any plan sponsor acquisition date will count towards vesting.

December 31, 2024 and 2023

1. Description of the Plan (Continued)

Forfeited Accounts

At December 31, 2024 and 2023 forfeited nonvested accounts totaled \$52,053 and \$15,351, respectively. Forfeitures are used to reduce plan expense and future employer contributions. In 2024, plan expenses of \$69,854 were paid with forfeited nonvested accounts.

Notes Receivable from Participants

In accordance with the Plan loan administration policy, participants requesting a loan may borrow from their accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum number of the Plan loans outstanding at one time is one. The loans are secured by the balance in the participant's account. Loans bear interest at 1 percent over the Prime Rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive their vested interest in a single lump sum or annual installments at least equal to the required minimum distribution amount. For termination of service for other reasons, a participant may receive the value of the vested interest as a lump-sum distribution. In-service distributions are allowed if a participant has attained the age of 59 ½.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Newport Trust Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are described in Note 3. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are recorded as a distribution as defined by the Plan.

2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions

Deferrals cannot exceed certain limits as required by law. There were \$7,914 of excess contributions during the year ended December 31, 2024.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- | | |
|---------|--|
| Level 1 | Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. |
| Level 3 | Unobservable inputs for the asset or liability. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 .

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are SEC registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts includes money market funds, mutual funds, and common stock, all of which are valued at the closing price reported in the active market in which the securities are traded.

3. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following information was obtained from data that has been prepared and certified as complete and accurate by Newport Trust Company. The table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	\$ 73,846,263	\$ -	\$ -	\$ 73,846,263
Self-directed brokerage	1,178,227	-	-	1,178,227
Collective investment trust*	-	-	-	1,035,181
Total	\$ 75,024,490	\$ -	\$ -	\$ 76,059,671

December 31, 2023

	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	\$60,107,969	\$ -	\$ -	\$ 60,107,969
Self-directed brokerage	522,043	-	-	522,043
Collective investment trust*	-	-	-	1,663,517
Total	\$60,630,012	\$ -	\$ -	\$62,293,529

*Certain investments that are measured at fair value using the NAV per share (or equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Net Asset Value (NAV) as Fair Value

The collective investment trust fund is comprised of units of the Great Gray CIT III for MetLife GAC No. 25554 Class J that are not publicly traded. The underlying assets of the fund are valued where applicable on exchanges and price quotes for the assets held by the fund when readily available. When current market prices or quotations are not available, valuations are determined using valuation models adopted by the trustee or other inputs principally from or corroborated by observable market data. The collective investment trust fund is valued at its NAV on the last day of the calendar year of the period; as a result, these investments are not classified with the fair value hierarchy.

The objective of the Great Gray CIT III for MetLife GAC No. 25554 Class J, collective investment fund is to provide safety of principal, adequate liquidity and a competitive yield with low return volatility. The interest credited to balances in this fund will reflect both current market conditions and performance of the underlying investments in this fund. This fund invests entirely in the MetLife Group Annuity Contract 25554 which consists of separately managed investment portfolios directed by Great Gray Trust Company, LLC. This fund is a bank collective trust fund which Great Gray Trust Company, LLC (the "Trustee") serves as the Trustee of the Fund and maintains ultimate fiduciary authority over the management of and investments made in the Fund. This fund is not FDIC-insured or registered with the Securities and Exchange Commission. This fund is not subject to restrictions regarding redemptions and there are no unfunded commitments to the fund.

4. Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination of the Plan, no further contributions will be made to the Plan and all amounts credited to participant accounts will become fully vested. The Company will direct the distributions of participant accounts in a manner permitted by the Plan as soon as practicable.

5. Tax Status

The IRS has determined and informed the Company by a letter dated November 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax exempt.

US GAAP requires the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-in-Interest

The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

All transactions that may be considered parties-in-interest transactions relate to normal plan management, recordkeeping and administrative services and the payment of fees.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

Subsequent events have been evaluated through September 5, 2025 which is the date the financial statements were available to be issued.
