Report of Independent Auditors

To the Administrator of ExxonMobil Retiree Medical Plan

Opinion

We have audited the accompanying financial statements of ExxonMobil Retiree Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2024 including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an

auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4j - Schedule of Reportable Transactions and Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 ("supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EXXONMOBIL RETIREE MEDICAL PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

General

The ExxonMobil Retiree Medical Plan (EMRMP, the "Plan") provides health benefits to retirees of Exxon Mobil Corporation and certain affiliates ("ExxonMobil" or the "Company") and their eligible spouses, dependents and covered survivors. Participants become eligible for the Plan upon retirement.

The Plan is a health and welfare plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Retiree Medical Plan (RMP) option under the Plan is self-insured and covers health benefits for Pre-Medicare eligible retirees. The Medicare Primary Option (MPO) under the Plan includes a fully-insured employer group Medicare Part C arrangement and self-insured Employer Group Waiver Plan (EGWP) arrangement under Medicare Part D, and covers health benefits for Medicare eligible retirees.

The following description of the Plan provides only general information about the Plan's provisions. Participants should refer to the Plan document, the ExxonMobil Benefit Plans Common Provisions document and the ExxonMobil Welfare Benefit Trust (the "Trust") document (collectively, the "Plan Document") for a complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

Contributions

Contributions to the Plan are made by the Company and participants, and are determined in accordance with the Plan's provisions. These contributions are used to pay Plan benefits and expenses.

Participant contributions are held in a voluntary employees' beneficiary association (VEBA) trust and transferred to the Company disbursement account to be used for Plan claims and fee payments.

The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions.

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. The costs of the postretirement benefit plan (medical and prescription drug coverage) are shared by the Company and retirees. Retirees contribute between 25% and 40% of the estimated total cost of providing their medical and prescription drug postretirement benefits, depending on plan coverage selection and family composition. For a six year period, beginning in 2021, no premiums will be paid to Aetna for the fully insured Medicare Part C portion of the MPO. However, the estimated total contribution by the retirees for the MPO continues at the estimated total cost described above due to the cost of providing self-insured prescription drug coverage to the Medicare-eligible population.

Plan Benefits

The Plan provides health benefits (medical -including cost containment and fixed charges- and prescription drugs) to participants. It also provides continuation of certain benefits when coverage would otherwise end because of a qualifying event through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

The claims corresponding to the Plan option covering Pre-Medicare retirees are processed by the Plan's third-party claims processors (Aetna Life Insurance Company, CIGNA Health and Life Insurance Company and Express Scripts Inc., a Delaware Corporation) under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the general assets of the Company.

The medical claims corresponding to the Plan option covering Medicare-eligible retirees are processed by Aetna Life Insurance Company under a fully-insured arrangement and the pharmacy claims are processed by Express Scripts Inc., a Delaware Corporation, a pharmacy benefit manager (PBM), under administrative services only (ASO) arrangement that is self-insured.

Participant contributions are transferred to the Company's disbursement account from the VEBA trust. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes PBM which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

The Plan Administrator is responsible for (1) resolving all questions arising under the Plan and determining the rights and eligibility of the participants and the amounts of their benefits; (2) adopting such rules and regulations as are necessary to administer the Plan properly and efficiently; (3) directing the Trustee, The Northern Trust Company, with respect to the Plan; and (4) estimating the costs and expenses of the Plan and determining the required contributions.

Plan Termination

Although it has not expressed any intention to do so, Exxon Mobil Corporation, the Plan sponsor, has the right to terminate or amend the Plan at any time, subject to the provisions set forth in ERISA. In the event of termination, the net assets of the Plan will be distributed in accordance with ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The accompanying financial statements have been prepared using the accrual basis of accounting. Benefit payments are reported when paid (see Payment of Benefits).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Claim payments are recorded when paid by the Plan to the third-party claims processor via the general assets of the Company. Amounts due to claims processors that have yet to be paid by the Plan are recorded in the post-retirement benefit obligations in the accompanying statement of benefit obligations.

Pharmacy Rebates/Refunds

Rebates/Refunds due from the Plan's PBM are recorded when earned. Pharmacy rebates/refunds due as of the financial statements date have been reported as a receivable in the statement of net assets available for benefits, with the offset being netted against claims paid. Pharmacy rebates/refunds (including \$71 million EGWP) totaling \$153 million have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.

Administrative Expenses

Internal costs incurred by the Plan sponsor for the administration of the Plan, in the form of salaries and most other administrative expenses, are borne by ExxonMobil, together with trust account fees. External costs, such as fees and expenses of the service administrator, claims administrators, sweep fees, independent auditors and actuaries are charged to the Plan. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

Medicare Subsidy

Until December 31, 2023, the Plan's postretirement benefit obligation did not reflect any amount associated with the Medicare Subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan was not directly entitled to the Medicare Subsidy. The Company included the effects of the Medicare subsidy in measuring its postretirement benefit obligation; therefore, the Plan's postretirement benefit obligation differed from that of the Company.

Effective January 1, 2024, prescription drug benefits under the Medicare Primary Option of the EMRMP transitioned from the Retiree Drug Subsidy (RDS) to an Employer Group Waiver Plan (EGWP) arrangement under Medicare Part D, enabling continuity of benefits while effectively managing costs. Any savings related to this transition are recognized as part of the 2024 Plan's year-end postretirement benefit obligation.

Investment Valuation and Income Recognition

Any overnight cash balances held by the Plan are swept to a short-term investment held in the form of units in a common collective trust that are redeemed daily at the unit value. There was no investment balance at December 31, 2024 and 2023.

Risk and Uncertainties

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 3 – POSTRETIREMENT BENEFITS

The amount reported as the postretirement benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to participants' service rendered to the date of the financial statements reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired participants and their beneficiaries and dependents, and (b) active participants and their beneficiaries and dependents after retirement. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from existing Plan assets. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that participant's service rendered up to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Within the Statement of Changes in Benefit Obligations, "Other" is generally comprised of Actuarial Gains and Losses and Participant Contributions.

The weighted-average health care cost trend rate assumption is 4 percent for 2024 and in subsequent years. If the assumed rates increased by 1 percentage point in each year, it would increase the obligation as of December 31, 2024 and 2023 by an estimated \$288 million and \$285 million, respectively.

Any excess of the postretirement obligation over Plan assets will be funded by the Company.

The following were other significant assumptions used to determine the postretirement benefit obligation: a) weighted-average discount rate of 5.80% for December 31, 2024 and 5.30% for December 31, 2023; b) average retirement age rates ranges from 7% at age 55 to 35% at age 69 for December 31, 2024 and for December 31, 2023; c) Healthy Mortality rates for the December 31, 2024 and the December 31, 2023 valuations are based on data published in the Society of Actuaries RP-2014 Total Data Set Mortality Table Reports adjusted backwards to 2006 with the MP-2014 Mortality Improvement Scale and generational projection from 2006 using the MP-2021 improvement scales; d) Disabled Mortality rates for the December 31, 2024 and the December 31, 2023 valuations are based on data published in the Society of Actuaries RP-2014 Disabled Retiree Mortality Table adjusted backwards to 2006 with the MP-2014 Mortality Improvement Scale and generational projection from 2006 using the MP-2021 improvement scales.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors would likely be applicable in determining the actuarial present value of the postretirement benefit obligation.

NOTE 4 – CLAIMS INCURRED BUT NOT REPORTED

Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan sponsor, validated with subsequent year actual payment information available at the time of financial statements preparation and provided to the actuary to prepare the actuarial report. These amounts are paid by the Plan only if claims are submitted and approved for payment and are reported in the statement of benefit obligations together with claims payable in the postretirement benefit obligations.

NOTE 5 – TAX STATUS

A tax exemption letter, which confirmed that the Trust is tax-exempt under the provisions of Section 501(c) of the Internal Revenue Code (IRC) as a Voluntary Employee Beneficiary Association, was issued by the Internal Revenue Service in August 2002. The Plan and Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Trust has not been amended since receiving the tax exemption letter. The Plan Administrator and legal counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believe the related Trust continues to be tax-exempt. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan assets held in the VEBA trust were invested in a common collective trust managed by The Northern Trust Company during the year.

The Northern Trust Company also provided custodial services to the Plan during the plan year and, therefore, purchases and sales of these investments qualified as party in interest transactions.

As described in Notes 1 and 2, the Plan has several arrangements with service providers; these transactions are party in interest transactions under ERISA.

NOTE 7 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 1, 2025 the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to discontinue contribution funding to the VEBA Trust. The remaining assets of the VEBA Trust were applied to Plan benefits or other eligible expenses. Going forward, the Plan is now funded through participant contributions and the Corporation's general assets.

Effective January 1, 2025, the pre-65 retiree medical plan administrator was changed from Aetna Life Insurance Company and CIGNA Health and Life Insurance Company to Blue Cross and Blue Shield of Texas, under an administrative services only (ASO) arrangement.
