Independent Auditor's Report

Plan Administrator
GBT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the GBT 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GBT 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the GBT 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by GBT US LLC (the Company or the Plan Sponsor) and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. T. Rowe Price Trust Company is the trustee of the Plan and provides all custodial and record keeping services with respect to the Plan.

Eligibility: All full-time employees of the Company paid on U.S. payroll are eligible to participate in the Plan. Part-time, temporary or seasonal employees must complete 1,000 hours of service in order to enter the Plan. Part-time employees will enter the Plan on the 1st day of the payroll period following the date the employee completes the 1,000-hour requirement. Leased employees, collectively bargained employees (unless covered by an agreement), non-resident aliens who do not have U.S. source income, and employees who are residents of Puerto Rico are not eligible.

Contributions: Participants may contribute, on either a pre-tax or after-tax basis, specified percentages from 1% to 80% of eligible compensation to the Plan. The maximum amount participants were allowed to contribute on a pre-tax basis for the year ended December 31, 2024, was \$23,000. Participants who have attained the age of 50 before the close of the Plan year are eligible to make an additional catch-up contribution up to \$7,500 for the year ended December 31, 2024.

The Plan provides an employer matching component after six months of service, for every pre-tax and/or Roth contribution that an employee puts in the Plan, the Company will make a dollar-for-dollar company matching contribution, up to 3% of the employee's eligible compensation and 50% of the next 2% of the employee's eligible compensation. If an employee contributes at least 5% on a before-tax and/or Roth basis, the employee is eligible to receive a 4% match. Effective May 1, 2023, employees hired on or after May 1, 2023, become eligible for employer matching contribution after completing 12 months of service. Employees hired before May 1, 2023, continue to qualify based on the previous requirement of six months of service.

Participants may also contribute amounts distributed or transferred from other qualified retirement plans (rollovers).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers five mutual funds and 12 common trust funds as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, based upon the earnings of the investment funds selected by the participant as described above, and charged with an allocation of administrative expenses. Allocation of the Plan's earnings is based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: All contributions and their earnings are always 100% vested.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive payment equal to the value of the participant's vested interest in his or her account in a lump sum. For termination of service due to other reasons, a participant may elect to receive payment equal to the value of the vested interest in his or her account as a lump sum at any time after termination. However, in the event a distribution is not elected by a participant upon termination of service, payment equal to the value of the vested interest in his or her account will commence no later than the end of the calendar year in which the participant attains age 65.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance, subject to certain restrictions outlined in the Plan. Participants are allowed only one outstanding loan at a time. The loan interest will be the prime rate plus 1%. Interest on loans to service members taken prior to entering military service shall not exceed 6% during the period of military service if the service member provides written notice and a copy of the military orders calling the service member into military service to the loan administrator. Principal and interest are paid ratably through payroll deductions. The term of repayment of a loan other than a home loan must not be greater than five years. The term of repayment of a home loan must not be greater than 30 years.

Note 2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable is treated as distributions based on the terms of the Plan document.

Investment valuation and income recognition: Investments are recorded at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. For further discussion about the fair value of the Plan's investments, see Note 4, Fair Value Measurements.

Contributions: Contributions from Plan participants are recorded in the year in which participant contributions are earned.

Benefit payments: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan or by the Company, as provided in the Plan document. During 2024, the Company paid certain Plan administrative costs, which include legal fees and the Plan paid certain Plan administrative costs, which include custodial and record keeping fees (Note 5).

Note 2. Summary of Accounting Policies (Continued)

Subsequent events: The Plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by T. Rowe Price Trust Company

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by T. Rowe Price Trust Company (T. Rowe Price), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31, 2024 and 2023:

	2024	2023
Investments, at fair value	\$458,377,901	\$397,979,150
Notes receivable from participants	\$ 10,041,121	\$ 9,367,425

T. Rowe Price Trust Company also certified to the completeness and accuracy of \$43,960,109 of net appreciation in fair value of investments, \$6,726,477 of investment income and \$739,874 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

GBT 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodology used for assets measured at fair value at December 31, 2024 and 2023:

Mutual funds: Valued at the daily closing price as reported by the fund. Shares of mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common trust funds: Valued based on the NAV of units of the common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024

Note 4. Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair values based on NAV per share as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
T. Rowe Price Stable Value Fund N (b)	\$ 21,877,418	\$ 19,902,647	\$ -	Daily	See note (b) below
Common trust funds (c)	330,905,268	296,611,461	-	Daily	None
	<u>\$ 352,782,686</u>	<u>\$ 316,514,108</u>			

(b) T. Rowe Price Stable Value Fund is a direct filing entity. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the funds, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(c) The common trust funds are valued on a daily basis and withdrawal from the common trust funds are based on the value on that day. This category mostly includes target date funds with an underlying diversified mix of equity and fixed income investments. The target date funds range from target retirement years 2020 through 2065. The investment allocation between equity and fixed income investments of the underlying common trust fund is determined by the expected retirement date in the future.

Note 5. Party-in-Interest and Related-Party Transactions

The Plan invests in a collective trust and a mutual fund managed by T. Rowe Price. T. Rowe Price was the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to T. Rowe Price for services amounted to \$468,985 for the year ended December 31, 2024.

Certain officers and employees of the Company who are participants in the Plan perform administrative services related to the operation, record keeping and financial reporting of the Plan. The Company, at its option, pays these and other administrative expenses on behalf of the Plan. The Plan would pay such expenses if the Company discontinued its practice of paying them. No such officer or employee receives compensation from the Plan. Fees paid by the Plan for investment management services are included as a reduction of the return on each fund.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

GBT 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan documents; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
