## INDEPENDENT AUDITOR'S REPORT

The Board of Directors  
Marklund Employee Retirement Savings Plan  
Geneva, Illinois

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Marklund Employee Retirement Savings Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements (modified cash basis) referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements (modified cash basis) referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter — Basis of Accounting**

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment purposes at the end of the year (modified cash basis) – Schedule H, Line 4i is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, is/are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Marklund Employee Retirement Savings Plan Notes to the Financial Statements

---

### 1. Description of Plan

The following brief description of the Marklund Employee Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a Section 403(b) defined contribution plan with salary deferral provisions which was established on February 1, 1979. Under the Plan, all employees of Marklund Children's Home and Affiliates (Marklund, the Plan Sponsor) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** – Pre-tax or post-tax deferred savings contributions in the form of salary reductions by participants are allowed. The amount contributed is determined by the participant, subject to statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an auto-enrollment provision in which all newly eligible participants are automatically enrolled in the Plan at a deferral rate of 5% unless they affirmatively elect not to participate in the Plan.

Marklund makes a matching contribution for participants equal to 100% of a participant's first 5% of deferred compensation as defined by the Plan. Nonelective contributions are also allowed to participants who are at least 21 and have two years of service. No nonelective contribution was made during the year ended December 31, 2024.

**Participants' Accounts** – Each participant's account is credited with the participant's contributions, the employer matching contribution, and gains and losses from the investment funds elected. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** – Prior to 2019, participants were vested immediately in their contributions and employer matching contributions plus actual earnings thereon. Effective January 1, 2019, the employer matching contribution is subject to a 2-year cliff vesting schedule.

**Notes Receivable From Participants** – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by Marklund. Principal and interest is paid ratably through payroll deductions.

### 1. Description of Plan (cont'd)

**Payment of Benefits** – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount, or installment payments equal to the value of the participant's account. In-service distributions after age 59½ are also allowed by the Plan.

### 2. Summary of Significant Accounting Policies

**Basis of Accounting** – The accompanying financial statements have been prepared on the modified cash basis of accounting, which differs from accounting principles generally accepted in the United States of America but is a basis of accounting permitted by the Department of Labor and ERISA. Such accounting methods includes recording investments at fair value and recording other additions and reductions when received or paid rather than as earned or incurred. Consequently, contributions to the Plan as well as interest and dividends, are recorded when received, as reported by the trustee. Unrealized gains and losses on investments are recorded in the current period.

**Use of Estimates** – The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the settlement date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable From Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** – Benefits are recorded when paid.

### 2. Summary of Significant Accounting Policies (cont'd)

**Expenses** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Marklund. Expenses that are paid by Marklund are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. An asset based fee is charged to participants and is paid to the Plan's investment manager. Certain administrative expenses are paid by Marklund. Investment related expenses are included in net appreciation of fair value of investments.

**Forfeited Accounts** – At December 31, 2024, there was \$90,309 held in forfeited nonvested accounts (\$52,415 at December 31, 2023). Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited accounts can be used to reduce the employer matching contribution or pay Plan expenses. Employer contributions were reduced by \$31,934 from forfeited nonvested accounts in 2024.

**Plan Amendment** – On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). As a result, changes were made related to Plan withdrawals and loans to participants, for impacted participants, their spouse and dependent(s) who have been diagnosed with virus SARS-CoV-2 or with COVID-19, as well as participants that have experienced adverse financial consequences. The changes applicable to the Plan are summarized below:

- Impacted participants may receive up to \$100,000 in aggregate withdrawals before December 31, 2020.
- 10% penalty tax for early withdrawal is waived.
- Mandatory 20% withholding on distributions will not apply.
- No limit to the number of withdrawals an impacted participant can make.
- Repayment of withdrawal amount is permitted if repayment occurs within three years of the distribution.
- Impacted participants may borrow up to the lesser of \$100,000 or 100% of their vested balance for 180 days beginning March 27, 2020.
- Impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year.

On December 20, 2023, the IRS issued Notice 2024-2, which extends the deadlines for qualified retirement plans to adopt amendments reflecting certain optional and required changes under the SECURE, SECURE 2.0, CARES, and Miners Acts. Plan sponsors of defined contribution plans generally now have until December 31, 2026, to amend their plans if they took advantage of benefit changes permitted by these laws, including changes allowed by the CARES Act as part of COVID-19 relief.

The Plan will formally adopt an amendment to address these changes at a later date in accordance with applicable law and IRS guidance.

**Subsequent Events** – Subsequent events have been evaluated through September 19, 2025, which is the date the financial statements were available to be issued.

**3. Information Prepared and Certified by Custodians**

Marklund, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by American Trust Company, as sub-custodian to, and on behalf of Trust Company of Illinois, a custodian of the Plan, American Trust Company, sub-custodian to and on behalf of Trust Company of Illinois, a custodian, and American United Life Insurance Company (AUL), also a custodian of the Plan, and furnished to Marklund.

Marklund has obtained a certification from American Trust Company and AUL, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that such information is complete and accurate.

	<b>2024</b>	<b>2023</b>
Investments at fair value	\$ <b>17,990,482</b>	\$ 14,879,983
Investments at contract value	<b>9,483</b>	17,323
Notes receivable from participants	<b>342,458</b>	420,197
Net appreciation in fair value of investments	<b>1,796,046</b>	
Interest and dividends	<b>460,937</b>	
Interest on notes receivable from participants	<b>24,587</b>	

**4. Fair Value Measurements**

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

**Level 1** – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

**Level 2** – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

**Level 3** – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

**Marklund Employee Retirement Savings Plan**  
**Notes to the Financial Statements (cont'd)**

**4. Fair Value Measurements (cont'd)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for benefits, and the classification of such investments pursuant to the valuation hierarchy.

**Mutual funds and money market funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These assets are categorized in Level 1 of the fair value hierarchy.

**Pooled separate accounts** – Valued at net asset value (NAV) per share, as a practical expedient, or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

At December 31, 2024, the Plan's assets at fair value were categorized as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 458,239	\$ -	\$ -	\$ 458,239
Mutual funds	<u>17,522,559</u>	<u>-</u>	<u>-</u>	<u>17,522,559</u>
	<u>\$ 17,980,798</u>	<u>\$ -</u>	<u>\$ -</u>	<u>17,980,798</u>
Investments measured at NAV (a)				<u>9,684</u>
<b>Total</b>				<u><b>\$ 17,990,482</b></u>

At December 31, 2023, the Plan's assets at fair value were categorized as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 392,018	\$ -	\$ -	\$ 392,018
Mutual funds	<u>14,487,965</u>	<u>-</u>	<u>-</u>	<u>14,487,965</u>
	<u>\$ 14,879,983</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,879,983</u>

**Marklund Employee Retirement Savings Plan**  
**Notes to the Financial Statements (cont'd)**

---

**4. Fair Value Measurements (cont'd)**

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

**5. Fully Benefit-Responsive Investment Contracts**

The Plan has entered into two fully benefit-responsive investment contracts with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. Underlying investments include public and private fixed income securities and other equity investments. The balance in these accounts is \$9,483 and \$17,323 at December 31, 2024 and 2023, respectively.

The contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully-benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate may be reset annually and is based upon a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contracts provide either the guaranteed rate of the group annuity contract or the current rate, whichever is higher. The crediting interest rate on contributions to the fund is the rate of interest in effect at the time contributions are made and changes on an annual basis.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with AUL.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, (3) bankruptcy of Marklund, and (4) no active members remaining under the Plan.

**Marklund Employee Retirement Savings Plan**  
**Notes to the Financial Statements (cont'd)**

**6. Related-Party and Party-in-Interest Transactions**

As described in Note 2, in 2024, the Plan made direct payments to the Trust Company of Illinois totaling \$68,998, to AUL totaling \$37 and to Cerity Partners totaling \$41,547. Trust Company of Illinois is a custodian and third-party administrator, AUL is a custodian, and Cerity Partners is the investment manager; therefore, these transactions qualify as party-in-interest transactions. All other fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Marklund pays directly any other fees related to the Plan's operations.

**7. Plan Termination**

Although Marklund has not expressed any intent to terminate the Plan, it may do so at any time. Termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

**8. Tax Status**

The Plan has adopted the FIS Business Systems, LLC Volume Submitter 403(b) Plan. The Internal Revenue Service has determined and informed FIS Business Systems, by a letter dated March 31, 2017, that the Volume Submitter Plan document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
