Clarity Telecom LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Clarity Telecom LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Clarity Telecom LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a regulated insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clarity Telecom LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clarity Telecom LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clarity Telecom LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clarity Telecom LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a regulated insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Clarity Telecom LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A | DESCRIPTION OF PLAN

The following description of the Clarity Telecom LLC dba Vast Broadband (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Clarity Telecom LLC 401(k) Plan, which became effective on October 1, 2014, and most recently amended and restated on October 1, 2021, is a qualified retirement plan commonly referred to as a 401(k) plan. Individual benefits from this Plan are based on the vested portion of the individual account, which is comprised of the portion of the salary which an individual elects to defer, any contributions made by the employer during the years of participation, plus any earnings credited to the individual account. The October 1, 2021 amendment eliminated age and service requirements and participants are now eligible to enter the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

For each Plan year, eligible participants may elect to defer 100% of their covered compensation up to the maximum determined by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. At its discretion, the Company may make a matching contribution of the participants’ elected percentage of deferral not to exceed 6%. In 2024 and 2023, the Company’s matching contribution equaled 50% of the salary reduction the participant elected to defer up to 6%. Participants may also contribute amounts representing rollovers from other qualified retirement plans.

3. Participant Accounts and Allocations

Each participant’s account is credited with the participant’s contribution, employer’s contribution, and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A | DESCRIPTION OF PLAN

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

5. Investment Options

Upon enrollment, the participant directs employee deferrals and employer contributions to various investment options under the Transamerica Life Insurance Company program. All funds are invested in stable value funds and shares of pooled separate accounts.

6. Payment of Benefits

When a participant reaches the normal retirement age of 59 1/2, they may elect to receive their vested value in their account either in a lump-sum payment, annual installments, or as requested from time to time by the participant. If the participant terminates employment other than normal retirement, the participant may request the vested balance in their account in a lump sum payment. The Plan also allows for hardship distributions from certain accounts.

7. Forfeiture and Unallocated Accounts

At December 31, 2024 and 2023, the forfeited nonvested accounts had a \$151,316 and \$33,177 balance, respectively. The forfeiture account can be used to pay administrative expenses and to reduce employer contributions. Forfeitures of \$140 and \$17,631 were used to reduce Plan expenses in 2024 and 2023, respectively. Forfeitures of \$85,265 and \$82,017 were used to reduce employer contributions in 2024 and 2023, respectively.

The Plan had \$10,195 and \$15,441 of unallocated assets available to offset future Plan expenses at December 31, 2024 and 2023, respectively. Unallocated assets of \$24,451 were used to reduce Plan expenses in 2024. No unallocated assets were used in 2023 to reduce Plan expenses.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value (Note E). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurement. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded as paid.

5. Administrative Expenses

Any expenses paid by the Plan are allocated proportionally based on the value of account balances. Certain investment related expenses are included in the net appreciation of investments.

6. *Subsequent Events*

The Plan has evaluated subsequent events through September 11, 2025, the date the financial statements were available to be issued.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE REGULATED INSURANCE COMPANY (CUSTODIAN)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company, a regulated insurance company (custodian), except for comparing such information certified by the regulated insurance company (custodian) to information included in the Plan's financial statements and supplemental schedule.

The following is a summary of the unaudited information regarding the Plan at December 31, 2024 and 2023, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was obtained from data that has been prepared and certified to as complete and accurate by the regulated insurance company.

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D | FAIR VALUE MEASUREMENTS

Pooled Separate Accounts

Pooled separate accounts are valued based on the net asset value (NAV) of the separate accounts times the number of units held by the Plan at year end using quoted market prices. There are no conditions, limits or restrictions on redemption transactions and amounts can be redeemed on a daily basis. The pooled separate accounts invest in various mutual funds, fixed securities, short term securities, domestic stocks and international stocks each with their own investment strategies.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Assets measured in fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV as a practical expedient				18,566,975
Investments at fair value				\$ 18,566,975

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Assets measured in fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV as a practical expedient				14,537,744
Investments at fair value				\$ 14,537,744

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE E | INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Transamerica Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings on the underlying investments, less participant withdrawals, and administrative expenses. The value of these accounts were \$1,852,012 and \$1,596,078 at December 31, 2024 and 2023, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE F | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G | PLAN TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations prior to 2021.

NOTE H | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses relating to the maintenance of employee records are paid by the Company as well as certain other Plan expenses. Expenses that are paid by the Company are not reimbursable and are not included in these financial statements. Certain Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is a regulated insurance company and holds the assets of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions and are noted as such on the Supplemental Schedule of Assets (Held at End of Year).

NOTE I | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE I | RISKS AND UNCERTAINTIES

Included in investments were the following pooled separate accounts representing approximately 36 and 42 percent of the total investments at December 31, 2024 and 2023, respectively. A significant decline in the market value of this investment would significantly affect the Plan's net assets available for benefits:

	<u>2024</u>		<u>2023</u>	
American Funds Growth Fund of America	\$ 2,632,509	13%	\$ 2,325,752	14%
BNY Mellon Dynamic Value Ret Opt	2,133,631	10%	-	0%
Invesco Diversified Dividend	-	0%	2,179,089	14%
Transamerica Partners Stock Index	<u>2,662,001</u>	13%	<u>2,308,504</u>	14%
	<u>\$ 7,428,141</u>	36%	<u>\$ 6,813,345</u>	42%

NOTE J | PROHIBITED OR NON-EXEMPT TRANSACTIONS

The Plan sponsor worked with the Plan's third party administrator to correct immaterial operational errors related to deferrals and matching contributions for a limited number of employees during 2023 and 2024. The corrections were insignificant and were self-corrected by the Plan in 2024 and 2025.
