INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust
Williamsville, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. PLAN DESCRIPTION

The following is a brief description of the UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is funded by participant and employer contributions and covers all employees of UB Family Medicine, Inc. (the “Employer” or “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants may make contributions to the Plan in the form of pretax salary deductions up to 92% of their eligible compensation up to the maximum annual limitations as provided by the IRC. Participants may also contribute rollover amounts representing distributions from other defined contribution plans. Additionally, the Plan Sponsor makes a safe harbor contribution of 3% of each participant’s eligible compensation to the Plan. In order to be eligible to receive the safe harbor contribution, participants hired after January 1, 2024 are required to complete one year of service. Employees hired prior to January 1, 2024, are required to complete three consecutive months of 83 and 1/3 hours of service.

The Plan also has a provision for discretionary employer profit-sharing contributions, whereby the Plan Sponsor may make a discretionary nonelective contribution which is allocated based on participant’s eligible compensation. There was a discretionary profit-sharing contribution of \$66,739 for the year ended December 31, 2024, which was remitted to the Plan in August 2025, and as such, is recorded within employer contributions receivable in the accompanying 2024 statement of net assets available for benefits.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant’s share of plan earnings (allocated daily). Participant accounts are decreased by the participant’s distributions and the participant’s share of plan expenses and losses. The allocation of earnings and losses is based upon the value of an individual account in relation to the total assets of the Plan. Upon retirement or termination, a participant is entitled to the vested balance in his or her account.

Vesting – Participants are immediately fully vested in his or her voluntary contributions, employer contributions, discretionary contributions, earnings, and any rollover contributions.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 47.50% of their vested account balances. Effective February 2017, Note terms range from one to four and a half years, unless the note is for the purchase of a principal residence, in which case the term can extend to ten years. The notes are secured by the balance in the participant’s account, and bear interest at the then current prime rate plus 1%, which are commensurate with local prevailing interest rates. Principal and interest are paid ratably through regular payroll deductions. Participants may have up to two loans outstanding at a time. Prior to February 2017, note terms could extend to a term of 30 years if used for a principal residence. At December 31, 2024, the interest rates ranged from 4.50% to 9.50%, maturing through January 2046.

1. PLAN DESCRIPTION (continued)

Payment of Benefits – A participant will be eligible for payment of benefits upon attaining normal retirement age of 65, disability, or death prior to termination or severance date. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or in installments for required minimum distributions. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and after age 59½.

Administrative Expenses – Costs of administering the Plan are paid by both the participants and the Plan Sponsor and consist of investment related fees, which are included in net investment income, fees related to the administration of notes receivable from participants, requests for distributions and record keeping fees, which are included in administrative expenses.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants shall be fully vested in their accounts at the date of such termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on U.S. generally accepted accounting standards. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments at fair value as of December 31, 2024 and 2023:

Mutual funds: Valued based on the net asset values (“NAV”) of units held by the Plan at year end. The fair values of the underlying assets in mutual funds are measured using quoted market prices in active markets for similar assets.

Fixed interest account: The fixed interest account guarantees a specified interest rate which is adjusted at the beginning of each calendar year. This investment is fully benefit-responsive, and has been valued based on the NAV of the underlying investments in the fund using NAV contract value, and generally has no redemption restrictions or unfunded capital commitments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Money market funds: Valued at the daily closing price as reported by the funds. The money market funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish a daily NAV and to transact at that price. The money market funds are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Notes Receivable from Participants – Measured at their unpaid principal balance, plus any accrued but unpaid interest.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through September 23, 2025, the date which the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value, with the exception of the fixed interest account that is measured at fair value using the NAV practical expedient. The fair value for the fixed interest account is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

	2024	2023
<i>Level 1:</i>		
Mutual funds	\$ 21,194,183	\$ 18,572,116
Money market funds	107,560	93,051

3. FAIR VALUE MEASUREMENTS (continued)

Investments measured at net asset value:

Fixed interest account	<u>549,744</u>	<u>694,884</u>
Total investments, at fair value	<u>\$ 21,851,487</u>	<u>\$ 19,360,051</u>

4. INCOME TAX STATUS

The Plan Sponsor has adopted the CCH Incorporated's Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the "Non-Standardized Plan"). The Non-Standardized Plan received an Opinion Letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Accordingly, no provision has been made for Federal income taxes in the accompanying financial statements.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. CERTIFIED INVESTMENT INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule. The information was prepared by the Plan's custodians, Mid Atlantic Trust Company ("MATC") and John Hancock Trust Company ("John Hancock"), and furnished to the Plan Sponsor. John Hancock has certified that certain investment information is complete and accurate as of December 31, 2024 and 2023 and for the year ended December 31, 2024. MATC has certified that certain investment information is complete and accurate as of December 31, 2023 and for the year ended December 31, 2024.

a. Current value of Plan assets held by the custodians at December 31:

	2024	2023
Mutual funds	\$ 21,194,183	\$ 18,572,116
Fixed interest account, at contract value	549,744	694,884
Money market funds	107,560	93,051
Notes receivable from participants	22,643	16,298

b. Additions to net assets available for Plan benefits for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 2,356,334
Interest and dividends	385,135
Interest earned on notes receivable from participants	1,924

6. CERTIFIED INVESTMENT INFORMATION (continued)

c. Fair value of investments reported in Note 3 at December 31, 2024 and 2023, with the exception of the classification of investments within the fair value hierarchy.

d. Schedule of Assets (Held at End of Year) See supplemental schedule on page 11.

To the Plan Administrator of
UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust
Williamsville, New York

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”), as of and for the year ended December 31, 2024, and have issued our report thereon dated September 23, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 20, 2025, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan’s internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence. We have addressed the familiarity threat to our independence, through the implementation of an engagement team rotation policy.

Significant Risks Identified

We have identified the following significant risks:

- Risk of management override of controls
- Risk of misallocation of contributions and earnings
- Risk of misappropriation of fiduciary funds
- Risk of mis-disbursements of the Plan funds

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of significant accounting policies used by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended December 31, 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimate affecting the financial statements is the fair value of investments.

Management's estimate of the fair value of investments is based on the process disclosed in Note 2 to the financial statements. We evaluated the factors and assumptions used to develop the estimate of the fair value of investments and determined that it is reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the Plan's financial statements relates to the disclosure of investments in Note 3.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We noted no significant unusual transactions during the performance of our audit procedures.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of our audit.

Representations Requested from Management

We have requested certain representations from management that are included in the management representation letter dated September 23, 2025.

Management Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator and management of UB Family Medicine, Inc. 401(k) Profit Sharing Plan and Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Chiam pou Travis Besaw & Kershner LLP
