## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
The System Services Profit Sharing 401(k) Plan

### Opinion

We have audited the financial statements of System Services Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024, and 2023. and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of System Services Profit Sharing 401(k) Plan as of December 31, 2024, and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of System Services Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the System Services Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of System Services Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion was expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about System Services Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Participants may make their contributions as pre-tax elective deferrals, designated Roth (after-tax) contributions, or a combination of both, subject to Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants aged 50 or older during the plan year may also elect to make a “catch-up” contribution, subject to IRS limits (\$7,500 during 2024).

Effective July 1, 2024, participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, exchange-traded funds, and other securities as investment options for participants.

The Company is authorized to make discretionary matching contributions, determined annually, based on participants’ elective deferrals. The Plan also permits the Company to make additional discretionary contributions. Qualified matching and non-elective contributions would be allocated to non-highly compensated employees, as defined by the Plan. Discretionary matching contributions, if made, are allocated to all participants who are employed on the last day of the Plan year.

**Participant Accounts** – Each participant’s account is credited with an allocation of (a) the Company’s contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the plan. Allocations are based on a percentage of the participant’s elective deferral contribution or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting** – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant vests twenty percent (20%) after two (2) years of service and twenty percent (20%) for each year of service thereafter and is one hundred percent (100%) vested upon completing six (6) years of credited service.

**Administrative Expenses** – The Plan’s administrative expenses are paid from the Plan’s assets. These expenses are allocated on a pro-rata basis based on the value of the account balances. Fees paid by the Plan for administrative services totaled \$28,969 for the year ended December 31, 2024.

**(A) DESCRIPTION OF PLAN - continued**

**Notes Receivable from Participants** – Participants may borrow up to the lesser of 50% or \$50,000 of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rates, determined quarterly by the Plan administrator, is set at rates commensurate with the local prevailing rates as defined. Interest rates as of December 31, 2024, were 6%. Principal and interest is paid ratably through monthly payroll deductions. Effective January 1, 2024, hardship distributions will not be permissible under the plan.

**Payment of Benefits** – On termination of service due to retirement, disability or death, or for any other reason, a participant may elect to receive all or a portion of the value of their vested account balance as a lump sum payment or, have the distribution directly rolled over into another qualified plan or IRA, in accordance with the provisions of the Plan.

**Forfeited Accounts** – At December 31, 2024, and 2023, the forfeited non-vested accounts totaled \$78,871 and \$-0-, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. In 2024, employer contributions and plan expenses were reduced by \$11,540 from forfeited non-vested accounts.

**(B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“GAAP”).

**Use of Estimates** – The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates, judgments, and assumptions that affect the amounts reported in the financial statements and accompanying notes during the reporting period. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition** – The Plan’s investments are reported at fair value. Mutual funds and exchange-traded funds (ETFs) are valued at the daily close price reported by the fund, which represents the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments bought and sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

**Notes Receivable from Participants** – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024.

**Contributions** – Contributions from the company are accrued in accordance with the terms of the Plan.

**Payment of Benefits** – Benefits are recorded when paid.

**(C) PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments were managed by National Financial Services, the custodian of the Plan, through July 2024. Effective July 2024, the Plan transferred to July Business Services as recordkeeper, with Matrix Trust Company serving as custodian. Therefore, the investment transactions qualify as party-in-interest. Fees paid by the Plan for administrative services totaled \$28,969 for the year ended December 31, 2024.

**(D) FAIR VALUE MEASUREMENTS**

The authoritative guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The guidance describes three levels of input that may be used to measure fair value, which are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities;

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the asset or liabilities; and

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other fair market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan’s investment at December 31, 2024, and 2023:

December 31, 2024	Fair Value	Fair Value Measurements At the End of the Reporting Period Using:  Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 6,089,744	\$ 6,089,744
Common Stocks	<u>242,412</u>	<u>242,412</u>
Investments at fair value	<u>\$ 6,332,157</u>	<u>\$ 6,332,157</u>

December 31, 2023	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 4,449,788	\$ 4,449,788
Common Stocks	<u>1,074,412</u>	<u>1,074,412</u>
Investments at fair value	<u>\$ 5,524,201</u>	<u>\$ 5,524,201</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

**(E) PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

**(F) TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

**(G) VESTED BENEFITS PAYABLE**

The Plan had several participants who had separated from employment with the Plan's sponsor. The total deferred vested benefits due to these participants at December 31, 2024, were \$158,212. In accordance with generally accepted accounting principles, no accrual has been established for these benefits payable.

**(H) RISK AND UNCERTAINTIES**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTES TO THE FINANCIAL STATEMENTS

**(I) EXCESS CONTRIBUTIONS PAYABLE**

**(J) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**
