Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KARREN, HENDRIX, STAGG, ALLEN & CO**

(2) EIN: **87-0470666**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Desert Orthopaedic Center, Ltd.
401(k) Profit Sharing Plan and Trust
Las Vegas, Nevada 89121

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year, December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DESERT ORTHOPAEDIC CENTER, LTD. 401(k) PROFIT SHARING PLAN AND TRUST

Notes to the Financial Statements For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of the Desert Orthopaedic Center, Ltd. 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Center who have one year of service and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The participants are allowed to contribute to the 401(k) portion of the Plan through salary reductions. The Center matches the employee contribution annually on a uniform percentage of each participant's compensation as determined by management. For the years ended December 31, 2024 and 2023, matching contributions were made following the safe-harbor provisions of the Plan. In addition, the Center may make a discretionary contribution for each designated allocation group. The Plan may accept a rollover contribution made on behalf of any eligible employee who has met the age and service requirements of the Plan.

Safe-harbor provisions require the Center to make safe harbor non-elective contributions to the Plan in an amount not less than 3% of the employee's plan compensation on behalf of each employee who is eligible to receive safe harbor contributions during the year.

The non-elective discretionary contribution is allocated to the eligible participants within each allocation group as a uniform percentage of compensation. These contributions are based on the longevity of employment with the Plan sponsor. Amounts as determined by management are allocated to eligible plan participants based on longevity with the sponsor, with categories for more than 10 years, 6 to 10 years, and 5 years or less. Amounts are allocated based on a percentage of each participant's compensation.

Participant Accounts

Each participant's account is credited with the Center's contributions, participant contribution, and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant's interest in the Center's matching contribution is 100% vested. The Center's discretionary contribution is subject to a graded vesting schedule based on years of service and is 100% vested after six years of service. An employee is 100% vested when he/she reaches the earlier of: age 55 with five years of service, age 65, or death or disability.

Payment of Benefits

On termination due to death, retirement, or severance of employment, or attainment of age 59 ½ or qualifying disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, lump sum and installments, or in annual installments over a period not to exceed the life expectancy of the participant or the beneficiary. Upon termination, participants with a balance less than \$5,000 have their entire balance distributed to them.

Hardship Distributions

The Plan permits hardship distributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the plan at year end. Participant loans are valued at amortized cost, which represents fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Investment Options

Participants direct the investments into various investment options offered by the Plan. The Plan currently offers various individual fund investment options for participants. The trustee will maintain a segregated investment account to the extent a participant account is subject to participant self-direction.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the participants' vested balance. The loans are secured by the balance in the participant's account and bear interest at a fixed 1 percent above the prime rate on the date of the loan. Principal and interest are paid ratably through monthly payroll deductions.

Plan Termination

The Center has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Should the Plan terminate at some future time, its net assets will be distributed according to the distribution guidelines outlined in the Plan document.

Forfeitures

Forfeitures are used to restore forfeitures, reduce Employer contributions (or reallocate as Employer contributions) or to pay reasonable Plan expenses. Amounts forfeited were \$22,097 during 2024 and \$51,090 during 2023. As of December 31, 2024 and 2023, forfeiture funds being held were \$89,041 and \$178,034, respectively, and are available to be used as noted above.

Administrative Expenses

The Center absorbs a significant cost of Plan expenses including the cost to audit the Plan.

Terminated Employees

The Plan had vested balances of \$4,738,655 and \$557,938 at December 31, 2024 and 2023, respectively, allocated to participants who have terminated their employment but continue to maintain their respective accounts.

Date of Management’s Review

Subsequent events were evaluated through August 21, 2025, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY EMPOWER RETIREMENT

A full-scope audit was completed for all other investments not certified and included in the above, including related dividend and interest income, and the net appreciation/depreciation of investments.

4. TAX STATUS

The pre-approved plan document adopted by the Plan received a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. No other determination letter has been received from the Internal Revenue Service. However, the Plan administrator and the Plan’s counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements. Tax years open to examination include 2024, 2023, and 2022.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amount reported in the statement of net assets available for benefits.

6. RELATED PARTIES AND PARTIES IN INTEREST

TD Ameritrade, Empower Retirement, Wells Fargo Bank, Charles Schwab, and Fidelity Investment are custodians and/or brokers as defined by the Plan and, therefore, parties-in-interest. Fees paid to these entities were \$182,374 and \$151,151 during the years ended December 31, 2024 and 2023, respectively.

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Pooled Separate Accounts – Valued at fair value based on the net asset value (NAV) of the underlying assets as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in the following table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Mutual Funds and Common Stocks - Valued at fair value based on market prices of the asset, less any liabilities.

Fixed Income, Bonds, and Interest-Bearing Cash – Valued at account balance, including any earned interest, less any liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers in or out of levels 1, 2, or 3.

Fair value measurement and disclosure: The following table sets forth the disclosure of the attributes at December 31, 2024 and 2023:

The following is a brief description of the nature and significant investment strategies of the major categories of pooled separate accounts:

Asset Allocation Funds – is a mutual fund that provides investors with a portfolio of a fixed or variable mix of the three main asset classes – stocks, bonds, and cash equivalents – in a variety of securities.

International Funds – A mutual fund that can invest in companies located anywhere outside of its investors’ country of residence.

Small Cap Funds – A mutual fund that invests in small cap stocks.

Mid Cap Funds – A mutual fund that invests in mid cap stocks.

Large Cap Funds – A mutual fund that invests a larger proportion of its corpus in companies with large market capitalization.

Balanced Fund – A mutual fund that buys a combination of common stock, preferred stock, bonds, and short-term bonds, to provide both income and capital appreciation while avoiding excessive risk.

Bond Fund – A fund that invests in bonds, or other debt securities.

Intermediate Term Bond – A fund that focuses on corporate, government, foreign or other issues with an average duration of greater than or equal to 3.5 years but less than or equal to six years, or an average effective maturity of more than four years but less than 10 years.

Multisector Bond – Used for funds that seek income by diversifying their assets among several fixed-income sectors, usually U.S. government obligations, foreign bonds, and high-yield domestic debt securities.

High Yield Bond – A fund with at least 65% of assets in bonds rated below BBB.

Intl/Global Bond – Debt investments that are issued in a country by a non-domestic entity. International bonds are issued in countries outside of the United States, in their native country's currency. They pay interest at specific intervals, and pay the principal amount back to the bond's buyer at maturity.

Lifestyle – An investment fund featuring an asset mix determined by the level of risk and return that is appropriate for an individual investor. Factors that determine this mix include an investor's age, level of risk aversion, the investment's purpose and the length of time until the principal will be withdrawn.

Lifecycle – A special category of balanced, or asset-allocation, mutual fund in which the proportional representation of an asset class in a fund's portfolio is automatically adjusted during the course of the fund's time horizon. The automatic portfolio adjustments run from a position of higher risk to one of lower risk as the investor ages and/or nears retirement.

Value Funds – A special category of balanced, or asset-allocation, mutual fund in which the proportional representation of an asset class in a fund's portfolio is automatically adjusted during the course of the fund's time horizon. The automatic portfolio adjustments run from a position of higher risk to one of lower risk as the investor ages and/or nears retirement.

Core Funds – A core mutual fund is a fund that is devoted to providing very safe stock investments for investors. These funds are designed to profit primarily from dependable dividends from organizations that have a long history and are stable enough to avoid any major changes in the future. They are called core funds because they represent a good base for an investor portfolio, a safety zone that is always dependable no matter what stocks are bought and sold on the periphery of the portfolio.

Growth Funds – A diversified portfolio of stocks that has capital appreciation as its primary goal, with little or no dividend payouts. Portfolio companies would mainly consist of companies with above-average growth in earnings that reinvest their earnings into expansion, acquisitions, and/or research and development.

Emerging Market Equity – A mutual fund or exchange-traded fund that invests the majority of its assets in the financial markets of a single developing country or a group of developing countries. For the most part, these countries are in Eastern Europe, Africa, the Middle East, Latin America, the Far East and Asia.

REITS – A REIT is a type of security that invests in real estate through property or mortgages and often trades on major exchanges like a stock. REITs provide investors with an extremely liquid stake in real estate. They receive special tax considerations and typically offer high dividend yields.

Specialty – A mutual fund or other fund that invests predominantly or exclusively in a single industry, sector, or region of the world. For example, a specialty fund may invest only in energy companies, or, even more narrowly, only in natural gas companies. Specialty funds perform well when their industries perform well, but they are risky because there is no attempt at diversification.
