Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters as of December 31, 2024 and 2023, and the changes in its net assets available for benefits (modified cash basis) for the years ended December 31, 2024 and 2023, in accordance with the modified cash basis of accounting.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters' ability to continue as a going concern for a reasonable period of time.

Executive Board
General Membership Welfare Plan of Operating Engineers
Local 513 and its Branch Charters

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of General Membership Welfare Plan of Operating Engineers Local 513 and its Branch Charters (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1957, for the payment of benefits to sick or hospitalized members. The Plan covers the entire membership of Hoisting and Portable Local Union No. 513 and its Branch Local Unions (the Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility is determined by membership. Participants whose membership is 12 to 23 consecutive months are eligible to receive one-half the benefits allowed under the Plan, and participants whose membership is 24 or more consecutive months receive full benefits.

Contributions

The Plan is funded by a payment in the amount of two dollars per month for each dues paying member of the Union.

Benefits

A participating member confined for a minimum of one day to a hospital will be reimbursed up to, but not exceeding, \$400.00 within any calendar year for the charges made by the hospital for necessary services rendered and supplies furnished during in-patient confinement. Upon the recommendation of a licensed physician, a participating member confined one day or more to any legally constituted hospital will be reimbursed not to exceed \$50.00 per day up to a maximum of 20 days. A participating member will be reimbursed for surgical fees up to, but not exceeding, \$400.00 within any calendar year charged for an operation performed on the member by a licensed physician or surgeon in any legally constituted hospital. A participating member will be reimbursed up to, but not exceeding, the sum of \$600.00 within any calendar year for injuries such as fractures, major or minor operations, or Lasik eye surgery, which in the opinion of the attending physician will not require hospitalization.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting which recognizes revenue when received and expenses when paid, except for the following: investments at fair value and capitalization of cemetery lot at cost.

**GENERAL MEMBERSHIP WELFARE PLAN OF OPERATING ENGINEERS
LOCAL 513 AND ITS BRANCH CHARTERS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to credit risk consist of deposits in financial institutions exceeding federally insured limits.

Expenses

Most benefit related expenses are paid by the Plan. Some other expenses are paid by the Union.

Payment of Benefits

Claim payments are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2025, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**GENERAL MEMBERSHIP WELFARE PLAN OF OPERATING ENGINEERS
LOCAL 513 AND ITS BRANCH CHARTERS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Certificate of Deposit: Investments in certificates of deposit are valued based on fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

		2024			
		Level 1	Level 2	Level 3	Total
Assets:					
	Certificate of Deposit	\$ -	\$ 444,828	\$ -	\$ 444,828
		2023			
		Level 1	Level 2	Level 3	Total
Assets:					
	Certificate of Deposit	\$ -	\$ 422,938	\$ -	\$ 422,938

**GENERAL MEMBERSHIP WELFARE PLAN OF OPERATING ENGINEERS
LOCAL 513 AND ITS BRANCH CHARTERS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 4 BENEFIT OBLIGATIONS

The Plan "self-funds" the benefits provided to participants. As of each December 31, there are many self-funded claims that have been incurred on which benefit payments will be made subsequent to that date. The liability for claims incurred but not reported (IBNR) was estimated by Plan Management using the actual lag patterns of the Plan. The amounts are paid by the Plan only if claims are submitted and approved for payment. The estimate for IBNR and changes in IBNR are as follow at December 31:

	2024	2023
Claims Incurred But Not Reported	\$ 30,000	\$ 28,000
Claims Incurred But Not Reported - Beginning of Year	\$ 28,000	\$ 21,000
Changes in Claims Incurred But Not Reported	2,000	7,000
Claims Incurred But Not Reported - End of Year	\$ 30,000	\$ 28,000

NOTE 5 PLAN TAX STATUS

The Plan intends to be exempt from federal income taxes under applicable statutes of the Internal Revenue Code (IRC). Management believes the Plan is exempt from federal income taxes.

The modified cash basis of accounting require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

The Union has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. No modification or amendment shall divest an employee of a right to which he or she is entitled under the Plan. Additionally, the Union also retains the right to terminate the Plan at any time, although it has no intention to do so. Upon such termination of the Plan, the assets will be used to pay claims and expenses until exhausted. No assets will revert to the Union.

**GENERAL MEMBERSHIP WELFARE PLAN OF OPERATING ENGINEERS
LOCAL 513 AND ITS BRANCH CHARTERS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Trustee fees of \$14,468 and \$14,704 were paid to the Executive Board members during 2024 and 2023, respectively. These transactions are party-in-interest transactions under ERISA.

NOTE 8 RISKS AND UNCERTAINTIES

The claims incurred but not reported were estimated based on actual lag patterns of the Plan. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
