Independent Auditors' Report

The Participants of
The Talbots Retirement Savings 401(k) Plan
Hingham, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Talbots Retirement Savings 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of The Talbots Retirement Savings 401(k) Plan (the “Plan”) is for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution 401(k) plan established by The Talbots LLC (the “Company” or “Plan Sponsor”) on January 1, 1989, and most recently amended and restated effective December 12, 2022, for the eligible employees, as defined, of the Company. The Plan uses Empower Annuity Insurance Company of America, Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC (collectively “Empower”) for recordkeeping and custodian services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Investments are all participant-directed.

Eligibility

Substantially all full-time employees of the Company are eligible to participate in the Plan on their date of hire. Leased employees, non-resident aliens and seasonal employees are not eligible to participate in the Plan. Part-time and temporary employees must complete a year of service with at least one thousand (1,000) hours worked to be eligible to participate in the Plan.

Participant Contributions

Participants may contribute, in whole percentages, up to 100% of their eligible compensation, as defined, subject to Internal Revenue Code (the “Code”) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“Rollover Contributions”). Participants who are ages 50 and older are permitted to make additional catch-up contributions. The Plan provides for automatic participant deferrals of 5% of eligible compensation unless an alternative election is made, which are processed no later than sixty days following the date the employee meets the eligibility requirements. The automatic deferral percentage will increase by 1% per year, up to a maximum of 10%, unless the participant makes an alternative election.

Employer Contributions

Participants become eligible to receive matching contributions immediately following enrollment into the Plan. Voluntary after-tax and catch-up contributions are not subject to the matching contribution. The Company’s matching contribution for the year ended December 31, 2024 was 50% of the first 4% of eligible compensation that a participant contributed to the Plan, subject to certain limitations.

The Plan also provides for a discretionary nonelective contribution. For the Plan year ended December 31, 2024, the Employer did not make a nonelective contribution.

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, rollover contributions and any Company discretionary matching contributions and is adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals and distributions. The participant is entitled to a benefit equal to his or her vested account balance.

Vesting

All participant contributions are 100% vested immediately. Company matching and discretionary nonelective contributions vest 20% after each year of service according to a five-year vesting schedule. Notwithstanding the above, participants also become fully vested upon attainment of age 65 or due to death or disability.

Forfeitures

A participant who leaves the employ of the Company forfeits any non-vested balance at the earlier of the end of five consecutive one year breaks in service or when the participant receives a complete distribution of vested accounts. Forfeitures generated from unvested Company matching contributions are applied (i) to restore previously forfeited accounts where the participant is re-employed within a certain period after termination, (ii) against administrative expenses, and (iii) to reduce Company matching contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$359,872 and \$212,633, respectively. The Company used \$226,558 of forfeitures to reduce the amount of its contributions and to fund Plan expenses during the year ended December 31, 2024.

Investments and Investment Options

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the participant's risk tolerance. Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan and may change their investment options at any time. As of December 31, 2024, the Plan offered more than twenty-five diversified investments in registered investment companies and one fully benefit-responsive investment contract as investment options for participants.

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Benefit Arrangements

Prior to termination from employment, a participant may elect to (i) withdraw his or her rollover contributions at any time, (ii) withdraw after-tax contributions at any time, (iii) withdraw his or her vested account balance upon attainment of age 59.5, or (iv) request a hardship withdrawal. With regard to hardship withdrawals, upon approval by the Plan administrator, participants may withdraw from their participant pre-tax contributions in order to satisfy certain immediate and heavy financial needs. There is no minimum dollar amount for a hardship withdrawal, and the number of hardship withdrawals allowed per year is unlimited.

The Plan also provides that a participant may elect to receive his or her vested account balance following termination of employment. Distributions will be made in a lump sum or a partial distribution of the participant's vested account balance, provided that no payment may be made without the participant's consent if such payment would be in excess of certain amounts designated in the Plan document. In addition, if a participant's account is less than \$1,000 (increased to \$7,000 effective September 2024), and a distribution election has not been made by the participant, the Plan administrator shall distribute the benefit to the participant.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to the lesser of 50% of the vested value of their accounts or \$50,000. A participant may only have one outstanding loan at a time. Loan terms range from one to five years or up to ten years for the purpose of purchasing a primary residence and are secured by the balance in the participant's account. Interest rates are based on prime rate plus 1%. As of December 31, 2024 and 2023, interest rates on outstanding loans ranged from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions over the loan term.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures made in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market risk. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and accompanying notes.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts which are at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses incurred in administering the Plan, including those necessary for the administration of the trust, are paid out of the principal or income of the Plan unless paid by the Company at its sole discretion. Management fees and expenses charged to the Plan for investments in the registered investment companies are deducted from income earned by these investments on a daily basis and are not separately reflected in the accompanying financial statements. Consequently, management fees and expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, then a deemed distribution is recorded.

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no participants who had elected to withdraw from the Plan but had not yet been paid at December 31, 2024 and 2023.

Subsequent Events

The Employer has evaluated subsequent events through July 10, 2025, the date that the financial statements were available to be issued. There were no significant matters identified for disclosure during this evaluation.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023 and include the major categorization for debt and equity securities on the basis of the nature and risk of the investments.

Note 4 - Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The following represents the fully benefit-responsive investment contract held by the Plan as of December 31:

	2024	2023

SAGIC Diversified Bond Fund	\$ <u>17,822</u>	\$ <u>20,811</u>

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 4 - Fully Benefit-Responsive Investment Contract (Continued)

The SAGIC Diversified Bond Fund is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The contract promises to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no unfunded commitments related to this investment.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 0%. Such rates are reviewed on a quarterly basis for resetting. For the year ended December 31, 2024, the crediting interest rate was 3.65%.

Certain events, such as Plan termination or a plan merger initiated by the Company, may limit the ability of the Plan to transact at contract value or may allow for the termination of the contract at less than contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 5 - Related Party and Party-In-Interest Transactions

Notes receivable from participants and transactions with the Plan's trustee and insurance companies are considered to be exempt party-in-interest transactions. Administration and other fees paid by the Plan during the year ended December 31, 2024 to the trustee and insurance companies and other service providers amounted to \$433,645.

Note 6 - Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

THE TALBOTS RETIREMENT SAVINGS 401(k) PLAN

Notes to Financial Statements

Note 7 - Federal Income Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust, as then designed, was in accordance with the applicable regulations of the Internal Revenue Code (the “Code”). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income tax has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to net assets per Form 5500:

	2024	2023

Note 9 - Information Certified by the Trustee and Insurance Companies

Plan investments are held by Empower Annuity Insurance Company of America, Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC (collectively "Empower"). The trustee and insurance companies have certified to the fair and contract values of investments as of December 31, 2024 and 2023 and investment transactions during the year ended December 31, 2024. Investment transactions include interest and dividends and net appreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants have also been derived from information certified by the trustee and insurance companies.
