Independent Auditor's Report

To the Trustee Committee
ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ENT and Allergy Associates, LLP Cash Balance Pension Plan II, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of January 1, 2024, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ENT and Allergy Associates, LLP Cash Balance Pension Plan II's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ENT and Allergy Associates, LLP Cash Balance Pension Plan II and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ENT and Allergy Associates, LLP Cash Balance Pension Plan II's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ENT and Allergy Associates, LLP Cash Balance Pension Plan II's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ENT and Allergy Associates, LLP Cash Balance Pension Plan II's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year), and schedule H, line 4j - schedule of reportable transactions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of the ENT and Allergy Associates, LLP Cash Balance Pension Plan II (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory cash balance defined benefit plan established effective January 1, 2019, covering all eligible employees of ENT and Allergy Associates, LLP (the Partnership). Effective January 1, 2020, an affiliate of the Partnership, QMMS USA, LLC (QMMS), elected to become a participating employer of the Plan. Effective January 1, 2025, an affiliate of the Partnership, ENT and Allergy Associates of Pennsylvania, PLLC (ENTA-PA), elected to become a participating employer of the Plan. QMMS and ENTA-PA are collectively referred to as the "Affiliates". The Partnership and the Affiliates are collectively referred to as the "Company". The Plan covers highly compensated partners and certain employees (as further defined in the plan agreement), who have completed one year and are age 21 or older. The board of trustees is responsible for oversight of the Plan. The Plan's retirement committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's board of trustees.

Participant accounts - Under the plan provisions, amounts are credited by the Company to the participants' hypothetical accounts. The accounts are allocated, as required by the plan document, employer contribution and investment credits. Each participant's hypothetical account is credited monthly with 1/12 of the annual amount being contributed to the Plan on the participant's behalf, subject to any adjustments which the administrator determines to be necessary and appropriate to allow the Plan to qualify for favorable tax treatment under the Internal Revenue Code (IRC). The Company has established a hypothetical directed investment program which permits a participant to direct all or a portion of the participant's hypothetical account to be deemed invested in either one or both of two specified trust fund allocations.

Participants' hypothetical accounts also receive investment credits at the end of a specified time period, as required by the plan document. Each hypothetical account is allocated a hypothetical interest credit on a daily basis, determined by multiplying (i) the dollar amount representing the balance of the participant's hypothetical account as of the beginning of the day by (ii) the actual daily rate of return on the Plan's assets for the specified trust fund directed by the participant, calculated on an actual dollar-weighted basis. As of December 31, 2024 and 2023, the interest rate was 4.96 percent and 5.01 percent, respectively.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

Funding policy - The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were exceeded in 2024 and 2023.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

Pension benefits - Plan participants are entitled to their plan benefits after terminating employment with vested rights. Participants become vested in the Plan upon completion of at least three years or attainment of the normal retirement age (62). If employees terminate before rendering the required years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions. Participants that terminate for reasons other than death, disability, or normal retirement will be entitled to receive only a specified percentage of the amount that would otherwise be payable to them in accordance with the vesting provisions.

Plan participants are eligible for plan benefits after terminating employment with vested rights. Benefits are determined based on a participant's accrued benefits, as defined in the plan agreement, upon reaching normal retirement age. Participants have the option of receiving their vested benefit in the form of a one-time lump sum payment or a monthly annuity payable for their lifetime.

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits payments to participants are recorded upon distribution.

Administrative expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

Subsequent events - The Company evaluated subsequent events through September 12, 2025, the date on which the financial statements were available to be issued, and concluded that there were no material subsequent events that required recognition or disclosure in the financial statements, except as disclosed in Note 1.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuation been performed as of December 31, there would be no material differences.

The actuarial present value of accumulated plan benefits for the Plan under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 960, *Plan Accounting-Defined Benefit Pension Plans*, is based on the expected cost of settling the obligations. The Plan is a market-based cash balance plan and 100 percent of the participants are assumed to elect a lump sum payment at termination or retirement. The actuarial present value of accumulated plan benefits shown is assumed to equal the balance of the participant hypothetical account balances as of the valuation date. Due to this reason, certain assumptions, such as discount rate and mortality, are not significant in determining the liability under the Plan.

Actuarial assumptions are based on the presumption that the Plan will continue as a going concern. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 6,914	\$ -	\$ -	\$ 6,914
Mutual funds	37,032,702	-	-	37,032,702
Total investments at fair value	\$ 37,039,616	\$ -	\$ -	\$ 37,039,616

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 620,319	\$ -	\$ -	\$ 620,319
Mutual funds	27,331,268	-	-	27,331,268
Total investments at fair value	\$ 27,951,587	\$ -	\$ -	\$ 27,951,587

5. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Wilmington Trust, NA, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023, and the information reported in the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

6. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are administered under a contract with Wilmington Trust, NA, the custodian of the Plan. Contributions are held and managed by Wilmington Trust, NA, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

Certain plan assets are invested in mutual funds managed by the investment advisor of the Plan. Therefore, these transactions qualify as party in interest transactions.

7. PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

Notes to the Financial Statements

December 31, 2024 and 2023

8. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 5, 2021, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

EIN / PN 13-4000192 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.37%	4.37%
Second segment rate (years 5 to 19):	4.96%	4.96%	4.96%
Third segment rate (years 20 and after):	5.59%	4.95%	4.95%
Effective interest rate (current year):	4.96%	4.87%	N/A

Interest crediting rate: 2.35%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

EIN / PN 13-4000192 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

ENT and Allergy Associates, LLP Cash Balance Pension Plan II

EIN / PN 13-4000192 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$0 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

The interest crediting rate assumption was changed from two rates to one. The interest crediting rate is based on the weighted average of each fund's interest crediting rate.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

For the 2024 plan year, there was a change in funding method due to a change in valuation program. The funding target, target normal cost, and actuarial value of assets determined under the new valuation program were all within 2% of the respective values determined under the prior valuation program.
