To the Plan Administrator and Participants
Qorvo 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Qorvo 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Qorvo 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Qorvo 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Qorvo 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Qorvo 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Qorvo 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QORVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. Description of Plan

The following description of the Qorvo 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings plan established by Qorvo, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company and participating employers, excluding leased employees, nonresident aliens, independent contractors, residents of Puerto Rico, participants who do not have a valid social security number or individual taxpayer identification number until they receive one, and employees covered by a collective bargaining agreement not expressly providing inclusion in the Plan, are eligible to participate in the Plan upon the completion of 30 days of service.

c. Participant Contributions

On the first payroll following 35 days from the date of hire, the Company will automatically withhold 6% of an employee's compensation from their pay each payroll period and contribute that amount to the Plan as a 401(k) deferral, unless the employee elects not to participate or chooses a different deferral percentage. Participants may defer up to 75% of their eligible compensation, limited by the requirements of the IRC. Beginning the year a participant reaches the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Additionally, participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

d. Employer Contributions

The Company makes safe harbor matching contributions to the Plan. The Company may also make qualified non-elective and discretionary contributions into the Plan. In 2023, the Company matched 100% of the first 1% of employee deferrals and 50% of the next 5% deferred into the Plan. In 2024, the Plan was amended to match 100% of the first 2% of employee deferrals and 50% of the next 4% deferred into the Plan. No additional discretionary contributions were made during 2024 or 2023.

e. Participant Accounts

Participants can direct their investments into a variety of investments offered by Fidelity Management Trust Company. Participants who originally were in the Sawtek Inc. Employee Stock Ownership and 401(k) Plan ("Sawtek KSOP") may hold shares of Company stock.

Participants with investments in Company stock may sell such shares of stock and invest the proceeds in the other investment options available under the Plan; however, the Plan Administrator may restrict the times at which such shares may be sold in order to comply with securities laws. No additional amounts may be invested in Company stock.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are immediately vested in all employee and employer contributions and earnings thereon.

g. Payment of Benefits

Upon reaching normal retirement age, termination of service or death, a participant or beneficiary may elect to receive either a lump-sum amount equal to the participant's vested account balance or installment payments. Account balances less than \$5,000 but greater than \$1,000 may be distributed in the form of a direct rollover to an individual retirement plan designated by the Plan Administrator. Account balances less than \$1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence and to prevent eviction or foreclosure from the participant's principal residence, and any other financial need determined to be immediate and heavy under rules and regulations issued by the Secretary of Treasury or his delegate.

i. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended up to 30 years. The interest rate on participant loans is determined by the Fidelity Management Trust Company and is fixed at inception of the loan. Interest rates on outstanding loans at December 31, 2024 range from 3.25% to 9.50%, and loans mature through 2053.

j. Forfeitures

Forfeitures may be used to reduce future employer contributions or pay Plan expenses in accordance with the Plan document. As of December 31, 2024 and 2023, forfeitures available for later use were approximately \$23,000 and \$17,000, respectively. During 2024 and 2023, no forfeitures were utilized to reduce employer contributions or pay Plan expenses.

k. Voting Rights

Former Sawtek Inc. employees with Company stock accounts are entitled to exercise voting rights attributable to the shares allocated to their accounts and are notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote on any share for which instructions have not been given by the participant.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivables

Notes receivables from participants are recorded at unpaid principal balance plus any accrued but unpaid interest. The plan does not establish an allowance for credit losses on notes receivables since the receivables are fully secured by the participants' vested account balance.

f. Payment of Benefits

Benefits are recorded when paid.

g. Revenue Credits and Plan Expenses

During 2014, the Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available

to pay Plan expenses or to be reallocated to participants. During 2024 and 2023, revenue credits of approximately \$299,000 and \$260,000, respectively, were allocated to participants who were invested in the funds that received revenue credits based on the balance in these specific funds and the remaining revenue credits were utilized to pay certain Plan expenses. At December 31, 2024 and 2023, approximately \$114,000 and \$82,000, respectively, of revenue credits were available to be reallocated to participant accounts or to pay future Plan expenses.

Certain administrative expenses are paid by the Company and others by the Plan. Certain Plan related fees are allocated to all participants and reduce their overall Plan rate of return. Loan set up and maintenance fees are allocated directly to the impacted participant. During 2024 and 2023, recordkeeping fees of \$15, per quarter were charged directly to participants. Direct expenses totaling approximately \$498,000 were paid by the Plan during 2024 and 2023. Certain indirect expenses are included in the transaction prices of investments bought and sold and are not separately identified in the statements of changes in net assets available for benefits.

3. Investments

Plan assets are held by Fidelity Management Trust Company, the trustee. Participants can direct their accounts among various mutual funds, a money market fund, common collective trusts or they can utilize the brokerage link account option.

The T. Rowe Price Stable Value Fund A (“SVF”) is a common collective trust primarily investing in a portfolio of guaranteed investment contracts, bank investment contracts, synthetic investment contracts and separate account contracts (collectively “Contracts”) which are designed to potentially provide principal stability and a competitive yield. The Contracts and securities purchased for the SVF are backed solely by the financial resources of the issuers of such Contracts and securities. The SVF transacts at a net asset value (“NAV”) of \$1.00 which is the contract value of the fund. Certain events may result in the SVF not transacting at contract value. Examples include, but are not limited to, partial or complete legal termination of the SVF, tax disqualification of the SVF, and certain trust amendments if the issuers’ consent is not obtained. Earnings on the SVF fund are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

At December 31, 2024 and 2023, the Plan’s investment in Qorvo, Inc. common stock, which is non-participant directed, was \$2,793,435 and \$4,846,712, respectively. Information about the significant components of the changes in investments in Qorvo, Inc. common stock for the years ended December 31 is as follows:

	2024	2023
Change in Qorvo, Inc. common stock		
Net appreciation (depreciation)	\$ (1,732,378)	\$ 973,202
Benefits paid to participants	(319,851)	(1,142,846)
Other	(1,048)	416
Balance at beginning of the year	4,846,712	5,015,940
Balance at end of year	<u>\$ 2,793,435</u>	<u>\$ 4,846,712</u>

4. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for fair value measurement. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at fair value based on quoted market prices.

Mutual funds: Valued at the NAV of shares held by the Plan at year end. NAV represents the sum of the underlying investments which are traded on active markets.

Common collective trusts: The Plan invests in a stable value common collective trust as well as target date funds. The common collective trusts are valued at the NAV as the practical expedient. Participant transactions can occur daily.

Qorvo, Inc. common stock: Valued at the closing price reported on an active market.

Brokerage link accounts: This investment is invested in a variety of mutual funds, common stock, common collective trusts and money market funds which are valued consistent with the above descriptions. Additionally, the brokerage link accounts include investments in corporate bonds and preferred stocks which are valued based on the nature of the investment, associated

interest rate and cash flow, if applicable, and other factors and are included as Level 2 investments in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024.

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:

Total investments				<u>\$1,095,246,822</u>

The following table provides information regarding redemption of investments where the NAV has been used as the practical expedient to measure fair value at December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Fair Value</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2024</u>	<u>2023</u>	<u>Frequency</u>	<u>Notice</u>
				<u>Period</u>
Common				
collective trusts	\$ 939,010,574	\$ 573,171,331	Daily	1 day to 30 months

There were no unfunded commitments related to the common collective trusts at December 31, 2024 and 2023.

The common collective trusts include a stable value fund with an investment objective to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value without penalty or adjustment. The common collective trusts also include target date funds whose objective is to provide the highest total return over time consistent with an emphasis on both capital growth and income. The target date funds adjust the allocation of stocks and bonds over time in relation to the target date of the fund.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Fidelity Management Trust Company, as of and for the years ended December 31, 2024 and 2023 as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest received on notes receivable from participants
- Schedule of assets (held at end of year), excluding the cost of Qorvo, Inc. common stock

7. Party-in-interest Transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, Qorvo, Inc., is a party-in-interest to the Plan; therefore, the Qorvo, Inc. common stock and the stock's transactions are considered exempt party-in-interest transactions. There were no other transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

8. Tax Status

The Plan was restated effective July 9, 2021 utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the restatement. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the management of the Plan believes that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2024 and 2023.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA.

10. Subsequent Events

The Plan has evaluated subsequent events through September 23, 2025, the date the financial statements were available for issuance.

In January 2025, the Plan was amended to include interns above the age of 21 and who have completed at least 1,000 hours of service.

Independent Auditor's Report

To the Plan Administrator and Participants
Qorvo 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Qorvo 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Qorvo 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Qorvo 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Qorvo 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Qorvo 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Qorvo 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QORVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. Description of Plan

The following description of the Qorvo 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings plan established by Qorvo, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company and participating employers, excluding leased employees, nonresident aliens, independent contractors, residents of Puerto Rico, participants who do not have a valid social security number or individual taxpayer identification number until they receive one, and employees covered by a collective bargaining agreement not expressly providing inclusion in the Plan, are eligible to participate in the Plan upon the completion of 30 days of service.

c. Participant Contributions

On the first payroll following 35 days from the date of hire, the Company will automatically withhold 6% of an employee's compensation from their pay each payroll period and contribute that amount to the Plan as a 401(k) deferral, unless the employee elects not to participate or chooses a different deferral percentage. Participants may defer up to 75% of their eligible compensation, limited by the requirements of the IRC. Beginning the year a participant reaches the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Additionally, participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

d. Employer Contributions

The Company makes safe harbor matching contributions to the Plan. The Company may also make qualified non-elective and discretionary contributions into the Plan. In 2023, the Company matched 100% of the first 1% of employee deferrals and 50% of the next 5% deferred into the Plan. In 2024, the Plan was amended to match 100% of the first 2% of employee deferrals and 50% of the next 4% deferred into the Plan. No additional discretionary contributions were made during 2024 or 2023.

e. Participant Accounts

Participants can direct their investments into a variety of investments offered by Fidelity Management Trust Company. Participants who originally were in the Sawtek Inc. Employee Stock Ownership and 401(k) Plan ("Sawtek KSOP") may hold shares of Company stock.

Participants with investments in Company stock may sell such shares of stock and invest the proceeds in the other investment options available under the Plan; however, the Plan Administrator may restrict the times at which such shares may be sold in order to comply with securities laws. No additional amounts may be invested in Company stock.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are immediately vested in all employee and employer contributions and earnings thereon.

g. Payment of Benefits

Upon reaching normal retirement age, termination of service or death, a participant or beneficiary may elect to receive either a lump-sum amount equal to the participant's vested account balance or installment payments. Account balances less than \$5,000 but greater than \$1,000 may be distributed in the form of a direct rollover to an individual retirement plan designated by the Plan Administrator. Account balances less than \$1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence and to prevent eviction or foreclosure from the participant's principal residence, and any other financial need determined to be immediate and heavy under rules and regulations issued by the Secretary of Treasury or his delegate.

i. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended up to 30 years. The interest rate on participant loans is determined by the Fidelity Management Trust Company and is fixed at inception of the loan. Interest rates on outstanding loans at December 31, 2024 range from 3.25% to 9.50%, and loans mature through 2053.

j. Forfeitures

Forfeitures may be used to reduce future employer contributions or pay Plan expenses in accordance with the Plan document. As of December 31, 2024 and 2023, forfeitures available for later use were approximately \$23,000 and \$17,000, respectively. During 2024 and 2023, no forfeitures were utilized to reduce employer contributions or pay Plan expenses.

k. Voting Rights

Former Sawtek Inc. employees with Company stock accounts are entitled to exercise voting rights attributable to the shares allocated to their accounts and are notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote on any share for which instructions have not been given by the participant.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and due to its nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivables

Notes receivables from participants are recorded at unpaid principal balance plus any accrued but unpaid interest. The plan does not establish an allowance for credit losses on notes receivables since the receivables are fully secured by the participants' vested account balance.

f. Payment of Benefits

Benefits are recorded when paid.

g. Revenue Credits and Plan Expenses

During 2014, the Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available

to pay Plan expenses or to be reallocated to participants. During 2024 and 2023, revenue credits of approximately \$299,000 and \$260,000, respectively, were allocated to participants who were invested in the funds that received revenue credits based on the balance in these specific funds and the remaining revenue credits were utilized to pay certain Plan expenses. At December 31, 2024 and 2023, approximately \$114,000 and \$82,000, respectively, of revenue credits were available to be reallocated to participant accounts or to pay future Plan expenses.

Certain administrative expenses are paid by the Company and others by the Plan. Certain Plan related fees are allocated to all participants and reduce their overall Plan rate of return. Loan set up and maintenance fees are allocated directly to the impacted participant. During 2024 and 2023, recordkeeping fees of \$15, per quarter were charged directly to participants. Direct expenses totaling approximately \$498,000 were paid by the Plan during 2024 and 2023. Certain indirect expenses are included in the transaction prices of investments bought and sold and are not separately identified in the statements of changes in net assets available for benefits.

3. Investments

Plan assets are held by Fidelity Management Trust Company, the trustee. Participants can direct their accounts among various mutual funds, a money market fund, common collective trusts or they can utilize the brokerage link account option.

The T. Rowe Price Stable Value Fund A (“SVF”) is a common collective trust primarily investing in a portfolio of guaranteed investment contracts, bank investment contracts, synthetic investment contracts and separate account contracts (collectively “Contracts”) which are designed to potentially provide principal stability and a competitive yield. The Contracts and securities purchased for the SVF are backed solely by the financial resources of the issuers of such Contracts and securities. The SVF transacts at a net asset value (“NAV”) of \$1.00 which is the contract value of the fund. Certain events may result in the SVF not transacting at contract value. Examples include, but are not limited to, partial or complete legal termination of the SVF, tax disqualification of the SVF, and certain trust amendments if the issuers’ consent is not obtained. Earnings on the SVF fund are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

At December 31, 2024 and 2023, the Plan’s investment in Qorvo, Inc. common stock, which is non-participant directed, was \$2,793,435 and \$4,846,712, respectively. Information about the significant components of the changes in investments in Qorvo, Inc. common stock for the years ended December 31 is as follows:

	<u>2024</u>	<u>2023</u>
Change in Qorvo, Inc. common stock		
Net appreciation (depreciation)	\$ (1,732,378)	\$ 973,202
Benefits paid to participants	(319,851)	(1,142,846)
Other	(1,048)	416
Balance at beginning of the year	4,846,712	5,015,940
Balance at end of year	<u>\$ 2,793,435</u>	<u>\$ 4,846,712</u>

4. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for fair value measurement. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at fair value based on quoted market prices.

Mutual funds: Valued at the NAV of shares held by the Plan at year end. NAV represents the sum of the underlying investments which are traded on active markets.

Common collective trusts: The Plan invests in a stable value common collective trust as well as target date funds. The common collective trusts are valued at the NAV as the practical expedient. Participant transactions can occur daily.

Qorvo, Inc. common stock: Valued at the closing price reported on an active market.

Brokerage link accounts: This investment is invested in a variety of mutual funds, common stock, common collective trusts and money market funds which are valued consistent with the above descriptions. Additionally, the brokerage link accounts include investments in corporate bonds and preferred stocks which are valued based on the nature of the investment, associated

interest rate and cash flow, if applicable, and other factors and are included as Level 2 investments in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024.

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Money market fund	\$ 47,034,235	\$ -	\$ -	\$ 47,034,235

Total investments				<u>\$1,095,246,822</u>

The following table provides information regarding redemption of investments where the NAV has been used as the practical expedient to measure fair value at December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Fair Value</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2024</u>	<u>2023</u>	<u>Frequency</u>	<u>Notice</u>
				<u>Period</u>
Common collective trusts	\$ 939,010,574	\$ 573,171,331	Daily	1 day to 30 months

There were no unfunded commitments related to the common collective trusts at December 31, 2024 and 2023.

The common collective trusts include a stable value fund with an investment objective to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value without penalty or adjustment. The common collective trusts also include target date funds whose objective is to provide the highest total return over time consistent with an emphasis on both capital growth and income. The target date funds adjust the allocation of stocks and bonds over time in relation to the target date of the fund.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Fidelity Management Trust Company, as of and for the years ended December 31, 2024 and 2023 as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest received on notes receivable from participants
- Schedule of assets (held at end of year), excluding the cost of Qorvo, Inc. common stock

7. Party-in-interest Transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, Qorvo, Inc., is a party-in-interest to the Plan; therefore, the Qorvo, Inc. common stock and the stock's transactions are considered exempt party-in-interest transactions. There were no other transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

8. Tax Status

The Plan was restated effective July 9, 2021 utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the restatement. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the management of the Plan believes that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2024 and 2023.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA.

10. Subsequent Events

The Plan has evaluated subsequent events through September 23, 2025, the date the financial statements were available for issuance.

In January 2025, the Plan was amended to include interns above the age of 21 and who have completed at least 1,000 hours of service.
