INDEPENDENT AUDITOR'S REPORT

Whitcorp Financial Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Whitcorp Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Whitcorp Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitcorp Retirement Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Whitcorp Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitcorp Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of Whitcorp Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan covers all eligible employees of Whitcorp Financial Company, The Western State Bank, and Frontier Bank (“the Controlled Group”).

General

The Plan is a defined contribution plan covering eligible employees of the Controlled Group who are twenty-one years of age or older and who have completed one month of service. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute to the Plan through salary deferrals equal to a specified dollar amount or a percentage of their eligible compensation (not to exceed the limits set by the Internal Revenue Code) on a pre-tax basis or as Roth contributions. Participants may also contribute rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Controlled Group may make discretionary matching employer contributions equal to a discretionary percentage of the participants’ salary reduction amount. During 2024 and 2023, the Controlled Group matched participant contributions at a rate of sixty percent of the first seven percent of individual participant compensation as defined by the Plan. The Controlled Group may also make discretionary profit-sharing and discretionary qualified nonelective contributions to the Plan. Controlled Group matching contributions are allocated to participants based on the matching percentages, while profit-sharing and qualified nonelective contributions are allocated using other formulas as specified in the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocated share of Controlled Group contributions, and account earnings, and may be charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

Vesting

Participants are immediately one hundred percent vested in their contributions and Controlled Group qualified nonelective contributions, and earnings thereon. Controlled Group matching contributions and profit-sharing contributions are subject to vesting. A participant is one hundred percent vested after three years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours. If an employee dies or suffers total and permanent disability while still employed by the Controlled Group, his or her entire interest in all accounts will become fully vested, without regard to the length of service with the Controlled Group.

Payment of Benefits

Payment of benefits is made upon retirement, disability, death, termination of employment, or attainment of age 59 ½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code. Payments are made in the form of a lump-sum distribution equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance does not exceed \$1,000, the Plan will distribute the vested balance in a lump sum cash payment or rollover payment as soon as administratively practicable. If a participant's account balance exceeds \$1,000, the trustee will commence distribution at the time and in the form the participant elects. For in-service distributions, participants who have attained age 59 ½ are eligible to take a distribution up to their vested account balance.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$22,647 and \$15,122, respectively.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's realized gains and losses on investments sold during the year, as well as unrealized gains and losses related to fair value changes in investments held.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Controlled Group. Investment-related expenses are included in net appreciation/depreciation in the fair value of investments.

Subsequent Events

The Plan evaluates events occurring subsequent to the balance sheet date, through the date the financial statements are eligible to be issued, to determine whether the events require recognition or disclosure in the financial statements. If a subsequent event evidences conditions existing at the balance sheet date, the effects are recognized in the financial statements (recognized subsequent event). If a subsequent event evidences conditions arising after the balance sheet date, the effects are not recognized in the financial statements but rather disclosed in the notes to the financial statements (non-recognized subsequent event). The effects of subsequent events are only recognized if material or disclosed if the financial statements would otherwise be misleading.

With respect to the December 31, 2024 financial statements, the Plan has evaluated subsequent events through September 29, 2025.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a summary of the Plan's investments at fair value as of December 31, 2024 and 2023, which was prepared by or derived from information prepared by Ascensus Trust Company (Ascensus), the custodian, and furnished to the Plan administrator. The Plan administrator has obtained certifications from Ascensus that such information is complete and accurate.

	<u>2024</u>	<u>2023</u>
Money Market Funds	\$ 1,006,581	\$ 941,770
Mutual Funds	<u>16,861,174</u>	<u>15,160,990</u>
Total Investments	<u>\$ 17,867,755</u>	<u>\$ 16,102,760</u>

During 2024 and 2023, the Plan's investments appreciated by \$1,940,775 and \$2,148,697, respectively. These amounts include unrealized gains and losses on investments held, as well as realized gains and losses on investments sold.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in 2024 and 2023.

Mutual Funds and Money Market Funds – Valued using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the Plan's investments by level within the fair value hierarchy:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,006,581	\$ -	\$ -	\$ 1,006,581
Mutual funds	16,861,174	-	-	16,861,174
Total assets at fair value	\$ 17,867,755	\$ -	\$ -	\$ 17,867,755

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 941,770	\$ -	\$ -	\$ 941,770
Mutual funds	15,160,990	-	-	15,160,990

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Controlled Group has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Controlled Group may determine.

NOTE E – TAX STATUS

The Plan, as adopted by the Controlled Group, is a prototype plan established by Ascensus LLC. The Internal Revenue Service has determined and informed Ascensus LLC, by letter dated January 1, 2018, that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since adopting the prototype, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator does not believe there are any such uncertain tax positions. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by The Vanguard Group, Inc. (Vanguard), an affiliate of Ascensus. Ascensus is the Plan's custodian, and, therefore, these transactions qualify as party-in-interest transactions.

Ascensus provides certain administrative services to the Plan pursuant to an agreement between the Controlled Group and Ascensus. Vanguard receives revenue from mutual funds and from other service providers for services Vanguard provides to the funds. This revenue is used to offset certain amounts owed to Ascensus for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan or the Controlled Group may make a payment to Vanguard for administrative services not covered by revenue sharing.

NOTE H – FORM 5500 RECONCILIATION

The following reconciles amounts on the financial statements to amounts reported on Schedule H on the Form 5500 as of December 31, 2024 and 2023, and for the Plan year ended December 31, 2024:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Whitcorp Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Whitcorp Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitcorp Retirement Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Whitcorp Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitcorp Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of Whitcorp Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan covers all eligible employees of Whitcorp Financial Company, The Western State Bank, and Frontier Bank (“the Controlled Group”).

General

The Plan is a defined contribution plan covering eligible employees of the Controlled Group who are twenty-one years of age or older and who have completed one month of service. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute to the Plan through salary deferrals equal to a specified dollar amount or a percentage of their eligible compensation (not to exceed the limits set by the Internal Revenue Code) on a pre-tax basis or as Roth contributions. Participants may also contribute rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Controlled Group may make discretionary matching employer contributions equal to a discretionary percentage of the participants’ salary reduction amount. During 2024 and 2023, the Controlled Group matched participant contributions at a rate of sixty percent of the first seven percent of individual participant compensation as defined by the Plan. The Controlled Group may also make discretionary profit-sharing and discretionary qualified nonelective contributions to the Plan. Controlled Group matching contributions are allocated to participants based on the matching percentages, while profit-sharing and qualified nonelective contributions are allocated using other formulas as specified in the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocated share of Controlled Group contributions, and account earnings, and may be charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

Vesting

Participants are immediately one hundred percent vested in their contributions and Controlled Group qualified nonelective contributions, and earnings thereon. Controlled Group matching contributions and profit-sharing contributions are subject to vesting. A participant is one hundred percent vested after three years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours. If an employee dies or suffers total and permanent disability while still employed by the Controlled Group, his or her entire interest in all accounts will become fully vested, without regard to the length of service with the Controlled Group.

Payment of Benefits

Payment of benefits is made upon retirement, disability, death, termination of employment, or attainment of age 59 ½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code. Payments are made in the form of a lump-sum distribution equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance does not exceed \$1,000, the Plan will distribute the vested balance in a lump sum cash payment or rollover payment as soon as administratively practicable. If a participant's account balance exceeds \$1,000, the trustee will commence distribution at the time and in the form the participant elects. For in-service distributions, participants who have attained age 59 ½ are eligible to take a distribution up to their vested account balance.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$22,647 and \$15,122, respectively.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's realized gains and losses on investments sold during the year, as well as unrealized gains and losses related to fair value changes in investments held.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Controlled Group. Investment-related expenses are included in net appreciation/depreciation in the fair value of investments.

Subsequent Events

The Plan evaluates events occurring subsequent to the balance sheet date, through the date the financial statements are eligible to be issued, to determine whether the events require recognition or disclosure in the financial statements. If a subsequent event evidences conditions existing at the balance sheet date, the effects are recognized in the financial statements (recognized subsequent event). If a subsequent event evidences conditions arising after the balance sheet date, the effects are not recognized in the financial statements but rather disclosed in the notes to the financial statements (non-recognized subsequent event). The effects of subsequent events are only recognized if material or disclosed if the financial statements would otherwise be misleading.

With respect to the December 31, 2024 financial statements, the Plan has evaluated subsequent events through September 29, 2025.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a summary of the Plan's investments at fair value as of December 31, 2024 and 2023, which was prepared by or derived from information prepared by Ascensus Trust Company (Ascensus), the custodian, and furnished to the Plan administrator. The Plan administrator has obtained certifications from Ascensus that such information is complete and accurate.

	<u>2024</u>	<u>2023</u>
Money Market Funds	\$ 1,006,581	\$ 941,770
Mutual Funds	<u>16,861,174</u>	<u>15,160,990</u>
Total Investments	<u>\$ 17,867,755</u>	<u>\$ 16,102,760</u>

During 2024 and 2023, the Plan's investments appreciated by \$1,940,775 and \$2,148,697, respectively. These amounts include unrealized gains and losses on investments held, as well as realized gains and losses on investments sold.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in 2024 and 2023.

Mutual Funds and Money Market Funds – Valued using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the Plan's investments by level within the fair value hierarchy:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,006,581	\$ -	\$ -	\$ 1,006,581
Mutual funds	16,861,174	-	-	16,861,174

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Controlled Group has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Controlled Group may determine.

NOTE E – TAX STATUS

The Plan, as adopted by the Controlled Group, is a prototype plan established by Ascensus LLC. The Internal Revenue Service has determined and informed Ascensus LLC, by letter dated January 1, 2018, that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since adopting the prototype, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator does not believe there are any such uncertain tax positions. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Whitcorp Retirement Plan

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2024 and 2023

NOTE G – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by The Vanguard Group, Inc. (Vanguard), an affiliate of Ascensus. Ascensus is the Plan's custodian, and, therefore, these transactions qualify as party-in-interest transactions.

Ascensus provides certain administrative services to the Plan pursuant to an agreement between the Controlled Group and Ascensus. Vanguard receives revenue from mutual funds and from other service providers for services Vanguard provides to the funds. This revenue is used to offset certain amounts owed to Ascensus for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan or the Controlled Group may make a payment to Vanguard for administrative services not covered by revenue sharing.

NOTE H – FORM 5500 RECONCILIATION
