**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

Plan Administrator  
Direct Supply, Inc. 401(k) Retirement Savings Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of Direct Supply, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter - supplemental schedule required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Direct Supply, Inc.  
401(k) Retirement Savings Plan**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

**NOTE A - DESCRIPTION OF PLAN**

The Direct Supply, Inc. 401(k) Retirement Savings Plan (the “Plan”) was established on May 1, 1991. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

***General***

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”), sponsored by Direct Supply, Inc. (the “Employer”). The Plan covers all eligible employees who are at least 18 years of age and have completed one hour of service. An eligible employee becomes a Plan participant as of the date the employee satisfies the Plan’s eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

OneAmerica Retirement Services (“OneAmerica”) serves as the record keeper to the plan. Matrix Trust Company (Matrix) acted as the trustee and custodian for all investments within the Plan, except for the Direct Supply, Inc. common stock held by the Plan. The trustees of the Direct Supply, Inc. common stock held by the Plan are the Employer’s Chief Administrative Officer and Chief Financial Officer.

***Contributions***

Participants may elect to contribute up to 100% of their compensation, not to exceed IRC limitations. Participants can change their elected contribution percentage at any time. The Plan permits eligible participants to make “catch-up” contributions each year starting the year the participant attains age 50.

In addition, the Employer may match a percentage of a participant’s contribution, as specified by the Board of Directors of the Employer. The matching contribution may be made in cash, qualifying employer securities, or both. The Employer has the right to increase, discontinue, reduce, or suspend matching contributions to the Plan for any plan year. The Plan provides for a discretionary cash match of \$0.20 for every dollar contributed, up to 8% of the employee’s annual earnings. Cash portions of the employer match are paid out every pay period. There is also a cash match true up amount that is recorded as a contribution receivable. In addition to the cash match, an employer contribution, in the form of Company stock, of 2.4% of eligible compensation is made for employees that are employed on December 31 of the plan year. There was no additional Employer contribution in 2024. In order for an employee to receive the Employer matching or additional contribution, the employee must be employed on the last day of the Plan year.

As of December 31, 2024, the Employer contribution receivable included \$3,066,585 in Direct Supply, Inc. common stock and \$84,199 in cash. As of December 31, 2023, the Employer contribution receivable included \$3,028,797 in Direct Supply, Inc. common stock and \$73,787 in cash.

***Participant Accounts***

An eligible employee of the Employer will be automatically enrolled into the Plan unless the participant makes a contrary salary reduction agreement election. For those employees automatically enrolled, a salary reduction amount of 8% is made from their compensation, as defined in the Plan document, and contributed to the Plan. The accounts of participants who do not make specific elections are automatically invested in the T. Rowe Price Retirement Fund that corresponds with the participant’s retirement at age 65.

The Plan allows a participant, while employed by the Employer, to elect to diversify the value of a specified percentage of qualifying employer securities allocated to the participant’s employer matching contribution subaccount by transferring that value in the participant’s employer matching contribution subaccount to other fund options available in the Plan, subject to certain provisions described in the Plan document.

**Direct Supply, Inc.  
401(k) Retirement Savings Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

Participants may elect to invest their account balances, consisting of employee contributions, rollover contributions, and matching contributions into various fund options offered by the Plan. Participants have the opportunity to change their investments and contribution mix daily, with the exception of investments in Direct Supply, Inc. common stock.

The portion of the Employer matching contributions subaccount made in qualifying employer securities are invested in Direct Supply, Inc. common stock. All Direct Supply, Inc. common stock held by the Plan shall be voted by the trustee. Each participant, while employed by the Employer, shall be entitled to provide voting instructions on the participant's interests in qualifying employer securities allocated to the participant's account for any voting issue presented to the Employer's shareholders. The trustee shall vote any unallocated shares held by the Plan, as well as any allocated shares for which a participant has failed to give timely voting direction.

Direct Supply, Inc. common stock owned by participants who terminate employment at the Employer is to be repurchased by the Employer, with the proceeds deposited in the funds selected by the participant. The price of the Direct Supply, Inc. common stock purchased from terminated participants is based on the estimated fair market value in effect at the time of termination as determined semi-annually by an independent appraiser. An independent appraiser determines the estimated fair market value of the Direct Supply, Inc. common stock semi-annually as of June 30 and December 31 of each year.

Each participant's account is credited with his or her contributions, employer matching contributions, additional employer contributions, and an allocation of plan earnings or losses and dividends, and is charged with withdrawals and administrative expenses, if applicable. Allocations are based on the participant's account balance or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

***Vesting***

Participants are immediately 100% vested in their participant accounts.

***Notes Receivable***

Loans shall be made available to all actively employed participants with a vested account balance in the Plan sufficient to adequately secure the loan. Participants are limited to one outstanding loan at any time and are allowed to borrow the lesser of 50% of their entire account balance or 80% of the account balance not invested in qualifying Employer securities. Individual loan amounts must be at a minimum \$1,000 and may not exceed \$50,000. The \$50,000 limit is reduced by the highest outstanding loan balance during the one-year period before the new loan is made. Loans will bear a fixed rate of interest at a rate commensurate with prevailing rates, which ranged from 4.25% to 9.50% at both December 31, 2024 and 2023. The participant must secure each loan with an irrevocable pledge and assignment of up to 50% of the amount of the participant's account balance. The maximum term for all loans may not exceed five years. A loan must provide for at least quarterly payments under a substantially level amortization schedule. Loan payments are made on an after-tax basis. A participant may prepay at any time the entire loan without penalty. The participant must repay the loan through payroll deduction.

***Payment of Benefits***

Benefits paid to participants represent amounts paid to participants upon termination of employment during the year, or in prior years, and for qualified hardship cases. Participants may also elect to receive distributions upon reaching age 59½. If a terminating participant's account balance does not exceed \$5,000, the Plan will distribute the benefit in either a lump sum or installment payments as soon as administratively feasible following the event that entitles the participant to a distribution. Benefit payments exceeding \$5,000

are paid in either a lump sum or installments payments at the participant's discretion, but at no date later than the April 1, following the end of the calendar year in which the participant attains age 72.

Under the provisions of the Plan, the Employer is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2024, the Employer repurchased from participants 161,154 shares at prices determined from the independent appraisals.

***Plan Termination***

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates. The financial statements include Direct Supply, Inc. common stock whose value has been estimated by an independent valuation specialist in the absence of a readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated fair value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

***Risk and Uncertainties***

The Plan invests in various investment securities, including Direct Supply, Inc. common stock. These securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities, such as Direct Supply, Inc. common stock and to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

***Administrative Expenses***

Expenses incurred in the administration of the Plan shall be paid from the Plan; however, the Employer may elect to pay expenses directly. In addition, the Employer may, on a uniform basis, charge certain reasonable Plan administrative expenses to the accounts of participants who utilize the service(s) attributable to the expense. Certain administrative functions are performed by officers or employees of the Employer; no such officer or employee receives compensation from the Plan.

**Direct Supply, Inc.**  
**401(k) Retirement Savings Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

***Investments Valuations and Income Recognition***

The investments of the Plan are reported at fair value in accordance with Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable***

Notes receivables are measured at the unpaid principal balance plus unpaid accrued interest. According to the Plan, a note receivable is collectible upon termination and any portion of this note receivable that is not collected is deemed to have defaulted. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2024, there were no deemed distributions recorded. There was no allowance for credit losses at December 31, 2024 and 2023.

***Payment of Benefits***

Benefits are recorded upon distribution to participants.

**NOTE C - INVESTMENT INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE AND CUSTODIAN**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023, except for \$59,154,354 and \$56,335,011 of Direct Supply, Inc. common stock at December 31, 2024 and 2023, respectively.
- Net investment income and interest income on notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024, except for \$3,961,454 of net appreciation and dividends related to Direct Supply, Inc. common stock.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024, except for the fair market value of the Direct Supply, Inc., common stock.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**NOTE E - FAIR VALUE MEASUREMENTS**

U.S. GAAP established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Direct Supply, Inc.  
401(k) Retirement Savings Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

The following valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund, which seek to preserve the value of the investment at \$1.00 per share.

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of the units of the fund based on the fair value of the underlying investments of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The common collective trust fund provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There were no unfunded commitments as of December 31, 2024 and 2023.

Direct Supply, Inc. common stock is valued by an independent third-party appraiser as of December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

\* The investment in the collective trust fund measured at fair value using the NAV per share (or its equivalent) as a practical expedient has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Sales related to the Level 3 financial instruments for the year ended December 31, 2024 were \$4,244,695. Issuances related to the Level 3 financial instruments were \$3,102,584 for the year ended December 31, 2024.

The following table presents the Plan's Level 3 financial instrument, the valuation techniques used to measure the fair value of the financial instrument as of December 31, 2024, and the significant unobservable inputs:

Instrument	Fair Value	Principal Valuation Techniques	Significant Unobservable Inputs

The following table presents the Plan's Level 3 financial instrument, the valuation techniques used to measure the fair value of the financial instrument as of December 31, 2023, and the significant unobservable inputs:

Instrument	Fair Value	Principal Valuation Techniques	Significant Unobservable Inputs
Direct Supply, Inc. common stock	\$ 56,335,011	Discounted cash flows (income)	Discount rate Duration Terminal growth rate
		Comparable public company (market)	Adjusted multiples
		Comparable transaction analysis	Adjusted multiples

Inputs and assumptions utilized in the fair value measurement are subject to significant judgment. Changes to inputs or assumptions could produce materially different fair values.

**NOTE F - TAX STATUS**

The Plan obtained its latest determination letter on May 3, 2017, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of Direct Supply, Inc. common stock. The Plan held in trust 2,097,672 and 2,143,575 shares of Direct Supply, Inc. common stock valued at \$59,154,354 and \$56,335,011 at December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, the Plan purchased shares totaling \$3,102,584 and sold shares totaling \$4,244,695. The Employer is the sponsor as defined by the Plan and, therefore, these transactions qualify as related-party and party-in-interest transactions. Such transactions are not considered prohibited party-in-interest transactions by statutory exemptions under ERISA regulations.

Plan investments were managed by OneAmerica as of December 31, 2024 and 2023. OneAmerica is the recordkeeper of the Plan. Fees were paid by the Plan to OneAmerica Retirement Services for recordkeeping services and to Morgan Stanley Global Banking Ops for investment advisory fees. These transactions qualify as exempt party-in-interest transactions. Related party administrative expenses totaled \$230,642 for the year ended December 31, 2024.
