Independent Auditors' Report

Plan Committee Administrator
Brinkmann Constructors
Employee Stock Ownership Plan
St. Louis, Missouri

Opinion

We have audited the financial statements of Brinkmann Constructors Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required By ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BRINKMANN CONSTRUCTORS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2024 And 2023

1. Description Of Plan And Basis Of Presentation

The following description of Brinkmann Constructors Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined contribution plan covering all employees of Brinkmann Constructors (the Company) who have completed one year of service (as defined by the Plan Agreement) and attained the age of 18, except union members if covered by a collective bargaining agreement, certain leased employees, and interns. The Plan is designed to comply with Section 4975(e)(7) of the Internal Revenue Code of 1986 (the Code), as amended, and the regulations thereafter, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Contributions to the Plan are made at the discretion of the Board of Directors in the form of cash or Company common stock. Contributions may consist of discretionary amounts allocated as a percentage of base pay, as defined by the Plan Agreement.

The Company is obligated to make contributions in cash to the Plan equal to the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest on its stock acquisition note payable.

Borrowings

On January 1, 2015, the Plan purchased shares from an owner using the proceeds of borrowings from the Company and holds the stock in a trust established under the Plan. The borrowing is to be repaid through annual payments of principal and interest of \$844,611 for 48 consecutive years, with final payment of all then unpaid principal and interest due on December 31, 2062. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to participants' accounts in accordance with the Plan Agreement.

BRINKMANN CONSTRUCTORS EMPLOYEE STOCK OWNERSHIP PLAN

Notes To Financial Statements *(Continued)*

The borrowing is collateralized by the unallocated shares of common stock. The Company has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2024 and 2023 present separately the assets and liabilities and changes therein pertaining to:

- a) The accounts of participants with vested rights in allocated common stock (Allocated), and
- b) Common stock not yet allocated to participants (Unallocated).

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Company common stock released from the unallocated account, (c) Plan earnings, and (d) forfeitures of terminated participants' nonvested accounts. Amounts are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by Evolve Bank and Trust (the Trustee) prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Vesting

Starting after the completion of one year of service, participants' balances vest at a rate of 20% for each year of vesting service in the Plan, with 100% vesting at the end of six years.

Forfeitures

Forfeited nonvested accounts are used to pay administrative expenses incurred by the Plan or are allocated and credited to eligible participants as of the last day of the Plan year. Forfeited amounts allocated to participants was \$91,300 in cash for the year ended December 31, 2024. Forfeited amounts allocated to participants was \$134,216 in cash for the year ended December 31, 2023. There were no forfeitures available as of December 31, 2024 or 2023.

Notes To Financial Statements *(Continued)*

Payment Of Benefits

Generally, no distributions from the Plan are paid until a participant retires, dies or otherwise terminates employment with the Company. Distributions are made in a lump sum in cash or substantially equal periodic payments not to exceed five years, except for participants with account balances in excess of certain dollar limits, as defined by the Plan Agreement, periodic payments may extend an additional five years.

Put Option

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into other investments. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Administration

The Plan is administered by the Committee of the Plan. The Committee consists of members appointed by the Company's Board of Directors. Significant Plan expenses are paid by the Company.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

EMPLOYEE STOCK OWNERSHIP PLAN

Notes To Financial Statements *(Continued)*

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Revenue Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Investments

Investments consist of the following at December 31, 2024 and 2023:

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Brinkmann Constructors Common Stock

The fair value of Brinkmann Constructors common stock held by the Plan is valued at fair market value based upon an independent appraisal. Consistent with prior years, this appraisal was based upon a combination of the market approach and discounted cash flow valuation techniques.

The valuation process involves the Trustee's selection of an independent appraiser (the Appraiser). The Appraiser will make reviews, analyses, and inquiries that are deemed necessary and appropriate to express an opinion on the fair market value of the common stock held by the Plan. Among the information obtained by the Appraiser are financial statements, forecasts and projections prepared by Plan management. The Appraiser prepares a written report, which the Trustee reviews in detail, discusses with the Appraiser and approves.

Cash Equivalents

Cash equivalents consist of an interest bearing cash account. This is valued at cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Brinkmann Constructors common stock	\$ —	\$ —	\$ 145,120,973	\$ 145,120,973

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 asset:

	For The Years Ended December 31,	
	2024	2023
Balance, beginning of year	\$ 132,651,986	\$ 108,974,408
Unrealized gains relating to instruments still held at the reporting date	12,468,987	23,677,578
Balance, end of year	\$ 145,120,973	\$ 132,651,986

There have been no changes in the valuation methodologies used at December 31, 2024 or 2023.

Quantitative Information About Significant Unobservable Inputs Used In Level 3 Fair Value Measurements

The following table sets forth the basic assumption used in arriving at fair value and the range of value for unobservable inputs:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs
	2024	2023		
Brinkmann Constructors common stock	\$ 145,120,973	\$ 132,651,986	Discounted Cash Flow	Weighted average cost of capital Long-term revenue growth rate Long-term pretax operating margin Changes in working capital

5. Note Payable

The Plan entered into a \$16,499,982 term loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock from shareholders. Unallocated shares are collateral for the loan. The loan bears interest at 4.50%. The borrowing is to be repaid through annual payments of principal and interest of \$844,611 for forty-eight consecutive years, with final payment of all then unpaid principal and interest due on December 31, 2062.

The scheduled maturities of the note payable at December 31, 2024 are as follows:

<u>Year</u>	<u>Amount</u>
2025	\$ 328,463
2026	343,244
2027	358,690
2028	374,831
2029	391,699
Thereafter	9,673,016
	<u>\$ 11,469,943</u>

6. Related Party And Party In Interest Transactions

The Plan invests in Company common stock and has a note payable to the Company. In addition, the Plan has various agreements with service providers to provide administrative services paid by the Company. These transactions are allowable under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks And Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the Company common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the Company common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Income Tax Status

The Plan obtained its latest determination letter on August 9, 2017, in which the Internal Revenue Service stated that the Plan, as designed, met the applicable requirements of the Code. The Plan has been amended since the date of the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan, as amended is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
