Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

(1) Name: **BOBER MARKEY FEDEROVICH & COMPANY**

(2) EIN: **34-1523030**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		25000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Cone Drive Hourly Union Pension Plan
North Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Cone Drive Hourly Union Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of Cone Drive Hourly Union Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Plan administrator.

The Plan was formed on September 1, 1955, to cover all eligible hourly union employees of Cone Drive Operations, Inc. ("Cone Drive"). On August 31, 2018, Cone Drive was acquired by The Timken Company (the "Company") (the "Plan Sponsor").

General and Eligibility

The Plan is a defined benefit plan which provides retirement income to certain eligible employees of the Plan Sponsor and their beneficiaries. The Pension Administration Committee of the Company (the "Committee") is responsible for the general administration of the Plan.

Eligibility is met if the hourly employee is in the collective bargaining unit at the Traverse City, Michigan plant represented by Local 21 of the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAAAIW Local 21). On October 26, 2010, the Plan was frozen, closing entrance to new participants.

Effective April 1, 2020, The Timken Company Collective Investment Trust for Retirement Trusts (the "Master Trust") was amended to allow the Plan to enter into the Master Trust. The Master Trust is established for the investment of assets of the Company's defined benefit plans. Upon entering the Master Trust, the Plan Trustee changed from Principal Financial Group to The Northern Trust Company (the "Trustee") (collectively, the "Trustees").

Vesting

Participants earn rights to benefits based on years of continuous service. A participant is 100% vested after five years of credited service.

Funding

The Company contributes such amounts as are necessary to provide sufficient assets to meet the benefits to be paid to Plan participants and satisfy the Employee Retirement Income Security Act of 1974 ("ERISA") minimum funding requirements. The Plan has met the ERISA minimum funding requirements for 2024 and 2023. Subsequent to December 31, 2024, the Company contributed \$70,000 for plan year 2024. No discretionary contributions were made for 2023.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, its net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation

The Plan's investments are held in the Master Trust maintained by the Trustee and are stated at fair value. The valuation methods (see Note 6) may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Purchases and sales of securities are recorded on a trade-date basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) represent the actuarial present value of estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation during their highest five consecutive years of the last ten years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the highest five consecutive years of the last ten years preceding the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2025 the date the financial statements were available to be issued.

Note 3 – Financial Data Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 for the years ended December 31, 2024 and 2023, respectively. Accordingly, all investment information applicable to the Master Trust and at the Plan level is certified complete and accurate or derived from information certified complete and accurate by the Trustee, with the exception of limited partnership and real estate interests within the Master Trust as of December 31, 2024 and 2023. As of December 31, 2024 and 2023, the fair value of these investments within the Master Trust was \$6,084,347 and \$8,622,579, respectively, with related net depreciation of \$538,152 and \$536,277 for the years ended December 31, 2024 and December 31, 2023.

Note 4 – Accumulated Plan Benefits

The Plan’s actuary estimated the actuarial present value of accumulated plan benefits, which was the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and January 1, 2023. Had the valuations been performed as of December 31, there would be no material difference.

The following table presents the actuarial present value of accumulated plan benefits as of December 31, 2023:

Actuarial present value of accumulated plan benefits	
Vested benefits:	
Participants currently receiving benefits	\$ 13,264,081
Other participants	2,199,338
Total vested benefits	15,463,419
Nonvested benefits	60,116
Total actuarial present value of accumulated plan benefits	\$ 15,523,535

The changes in accumulated plan benefits were as follows:

Actuarial present value of accumulated plan benefits at December 31, 2022	\$ 14,318,877
Increase (decrease) during the year attributed to:	
Benefits accumulated	60,845
Actuarial losses	504,951
Increase for interest due to the decrease in the discount period	673,284
Benefits paid	(1,320,045)
Changes in actuarial assumptions	1,285,623
Net change	1,204,658
Actuarial present value of accumulated plan benefits at December 31, 2023	\$ 15,523,535

The changes in actuarial assumptions related to discount rate, which was updated from 4.91% to 3.88%.

Significant assumptions underlying the actuarial computations are:

Assumed rate of return on investments:	3.88% per annum, compounded annually
Discount rate:	3.88%
Retirement:	Estimated at rate based upon becoming eligible for retirement at ages ranging between 55 and 65 and older.
Mortality basis:	The sex-distinct Pri-2012 "Employee" and "Non-disabled Annuitant" blue collar mortality tables with generational projection from 2012 using Scale MP-2021.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTES TO FINANCIAL STATEMENTS

Note 5 – Master Trust Investments

The Plan’s assets are held in the Master Trust, commingled with assets of other Company-sponsored benefit plans. The Trustee holds the assets of the Master Trust and executes transactions therein. Each month the Master Trust investment income (loss) and appreciation (depreciation) is allocated among the participating plans based on each plan’s ending assets available, after contributions and distributions to participants, as a percentage of total Master Trust assets available.

The following table presents the fair value of the net assets of the Master Trust at December 31:

	December 31, 2024		December 31, 2023	
	Master Trust Balance	Plan's Interest in Master Trust Balance	Master Trust Balance	Plan's Interest in Master Trust Balance

Total assets	\$ 194,538,556	\$ 11,026,561	\$ 198,846,778	\$ 12,005,613

The Plan’s interest in the Master Trust was 5.7% and 6.0% as of December 31, 2024 and 2023, respectively. Annually, the Company reports the financial position and changes in assets of the Master Trust in accordance with the DOL’s requirements under employer identification number 34-0577130.

Changes in net assets of the Master Trust are as follows for the years ended December 31:

	2024	2023
Net transfers (contributions, transfers, and benefit payments for the participating plans)	\$ (431,895)	\$ (12,233,095)

Note 6 – Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability

The following tables present the fair value hierarchy of the Master Trust’s assets measured at fair value on as of December 31, 2024 and 2023:

Note 6 – Fair Value Measurements (continued)

Cash and cash equivalents are valued at redemption value.

United States (U.S.) government and agency securities are valued at the closing price reported in the active market on which the individual securities are traded.

Mutual funds are valued based on quoted market prices reported on the active market on which the individual securities are traded.

Equity securities (both common and preferred stock) are valued at the closing price reported in the active market in which the individual security is traded.

Common collective funds are valued based on the net asset value (“NAV”) per share as a practical expedient to fair value. The primary objective of common collective funds – equities is to approximate the risk and return characteristics of the global equity markets. The primary objective of common collective funds – fixed income is to maximize total return by investing primarily in a diversified portfolio of intermediate- and long-term debt securities.

Limited partnerships include investments in funds that invest primarily in private equity, venture capital, and distressed debt. Limited partnerships are valued based on the Plan’s ownership interest in the NAV of the investment, which is used as a practical expedient to fair value, per the underlying investment fund, which is based upon the general partner’s own assumptions about the assumptions a market participant would use in pricing the assets and liabilities of the partnership.

Real estate interests include funds that invest in companies that primarily invest in commercial and residential properties, commercial mortgage-backed securities, debt and equity securities of real estate operating companies, and real estate investment trusts.

When such prices are unavailable, the Trustee determines a valuation from the market maker dealing in the particular security. Management may also estimate the value of an investment if no other information is available.

Note 7 – Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (“IRS”) on May 27, 2014, that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States require the Company’s management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 8 – Administrative Expenses

The Plan incurs administrative expenses directly related to the Plan which consist primarily of PBGC fees, actuarial fees, legal fees and administrative expenses. These expenses are reported on the Statements of Changes in Net Assets Available for Benefits as administrative expenses.

Administrative expenses related to the Master Trust are allocated to the Plan and are reflected in the net investment gain from the Master Trust. Expenses relating to purchases, sales or transfers of the Plan’s investments are charged to the particular investment fund to which the expenses relate.

Note 9 – Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year.

Actuarial value of assets Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2023 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

This report reflects the provisions of the 2012 plan restatement signed January 4, 2013 through the amendment signed on September 30, 2020

Covered employees All persons covered by the collective bargaining agreement at the Traverse City, Michigan plant and Local 21 of the International Union, United Automobile, Aerospace and Agriculture Implement Workers of America shall become eligible upon meeting the eligibility requirements.

Employees hired or rehired on or after October 26, 2010 will not be eligible for plan participation.

Participation date Date of becoming a covered employee

Definitions

Credited service One year of service in which an employee is credited with at least 1,700 hours of service. A partial year of service shall be equal to the quotient of hours of service credited divided by 1,700.

Form of Payment Single life annuity unless married. If married, 95% (adjusted based on retiree/spouse age difference) of the single life annuity will automatically be payable, with a 60% continuation to the surviving spouse after the retiree's death. Upon the death or divorce of the spouse, the form of payment reverts to a single life annuity.

The optional forms of benefit payments are:

- Monthly annuity payable for life.
- Monthly annuity payable as a survivorship life annuity with survivorship percentages of 60, or 75%. If the participant is receiving benefits under this option and his spouse dies while he is still living his benefit will increase to the amount that would have been payable under the straight life option.

The optional form conversion basis is 7.0% interest and 1994 GAR Mortality Table.
