INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Donovan Marine, Inc. Retirement and Profit Sharing Plan
New Orleans, Louisiana

Opinion

We have audited the accompanying financial statements of Donovan Marine, Inc. Retirement and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Donovan Marine, Inc. Retirement and Profit Sharing Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Donovan Marine, Inc. Retirement and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Plan Administrator of
Donovan Marine, Inc. Retirement and Profit Sharing Plan
September 3, 2025

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Donovan Marine, Inc. Retirement and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Donovan Marine, Inc. Retirement and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Plan Administrator of
Donovan Marine, Inc. Retirement and Profit Sharing Plan
September 3, 2025

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Donovan Marine, Inc. Retirement and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DONOVAN MARINE, INC. RETIREMENT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2024 AND 2023

(1) DESCRIPTION OF PLAN

The following description of the Donovan Marine, Inc. (“Company”) Retirement and Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have 1,000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer no less than 2% of his/her payroll period compensation, as defined in the Plan up to the maximum annual dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a group annuity contract, a self-directed brokerage account, and various mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. This provision has a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated fund until changed by the participant. The automatic deferral rate will increase by 1% each year up to 10% or until participant elects to change the deferral rate. The Company makes matching contributions to the Plan equal to 100% of the participants’ elective deferrals that do not exceed 1% of the participants’ compensation plus 50% of the participants’ elective deferrals between 1% and 6% of the participants’ compensation. The Company’s matching contributions are intended to qualify as Qualified Automatic Contribution Arrangement (QACA Safe Harbor) contributions as defined by Internal Revenue Code Section 401(k)(13).

Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contribution, Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined above. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

AS OF DECEMBER 31, 2024 AND 2023

(1) DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and any additional matching and QACA Safe Harbor contributions. Vesting of the Company's nonelective match contributions is based upon years of service as follows: 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period defined by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. After a participant reaches age 59 and a half, he may withdraw all or any portion of the vested value of his total account, even if he is still employed, as a lump-sum distribution.

Forfeited Accounts

If a participant terminates his employment with the Company before becoming entitled to his full benefits under the Plan, the non-vested portion of his account is forfeited and may be used to pay any Plan administrative expenses or reduce current or future Company contributions payable to the Plan. As of December 31, 2024 and 2023, the forfeited account balance was \$15,400 and \$19,406, respectively. During the year ended 2024 and 2023, employer contributions were reduced by \$42,707 and \$2,767, respectively, from forfeited non-vested accounts, respectively.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) as promulgated by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

AS OF DECEMBER 31, 2024 AND 2023

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments in mutual funds, common collective trusts, and the self-directed brokerage accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds, common stock, and the money market account are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end. Net appreciation or depreciation in the fair value of investments is calculated based on the changes in market values from the beginning of the period to the end of the period. See notes 3 and 4 for a discussion of fair value measurements.

Group annuity contract with underlying investments in benefit-responsive investment contracts are valued at contract value. See note 4 for a discussion of the group annuity contract held by the Plan. This was discontinued in 2024.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such fees and operating expenses are reflected as a reduction of investment return for such investments.

Date of Management's Review

Management has evaluated subsequent events through September 3, 2025, the date which the financial statements were available to be issued and noted no events that required further disclosure.

(3) FAIR VALUE MEASUREMENTS

The framework of measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	2024			Total
	(Level 1)	(Level 2)	(Level 3)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 4,853,320	N/A	Daily	None

(4) NET ASSET VALUE (NAV) AS FAIR VALUE

Common collective trust funds are comprised of units in such collective trust funds that are not publicly traded. The underlying assets in these funds (common stock, preferred stock, collective investment funds, U.S. Government and Agency Obligations, debt instruments, insurance investment contracts, global wrap synthetic investment contracts, securities lending funds, repurchase agreements, futures contracts, and foreign currency contracts) are valued where applicable on exchanges and price quotes for the assets held by these funds are readily available. When current market prices or quotations are not available, valuations are determined using valuation models adopted by the Custodian or other inputs principally from or corroborated by observable market data.

DONOVAN MARINE, INC. RETIREMENT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2024 AND 2023

(4) NET ASSET VALUE (NAV) AS FAIR VALUE (CONTINUED)

Common collective trust funds are valued at their net asset value (NAV) on the last day of the calendar year of the period; as a result, these investments are not classified within the fair value hierarchy.

Investments in common collective trust funds are valued at the net value of participation units held by the Plan at year-end. The value of these units is determined by the Custodian based on the current market values of the underlying assets of the common collective trust fund as based on information reported by the investment advisor using the audited financial statements of the common collective trust fund at year end. The Plan held collective trust funds as of December 31, 2024 as described below.

The Plan invests in two common collective trust funds managed by Great Gray Trust Company: the Core Plus Bond Fund Fee Class R1 and the International Growth Fund II R1. The objective of these funds is to provide investment diversification and competitive returns while preserving capital for participant-initiated transactions. The interest credited to balances in these funds reflects current market conditions and the performance of the underlying investments. The Core Plus Bond Fund Fee Class R1 focuses on investment-grade fixed-income securities with a strategy to maximize total return, while the International Growth Fund II R1 seeks long-term capital appreciation by investing in non-U.S. equity securities with strong growth potential. Both funds are valued at net asset value and are not FDIC-insured or registered with the Securities and Exchange Commission. There are no unfunded commitments or withdrawal restrictions for either fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

(5) GROUP ANNUITY CONTRACT

The Key Guaranteed Portfolio Fund is a group annuity contract the Plan entered into with Empower Life & Annuity Insurance Company (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan. The credited rate is based on a formula established by the contract issuer, which equaled 0% and 1.23% as of December 31, 2024 and 2023, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

DONOVAN MARINE, INC. RETIREMENT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2024 AND 2023

(5) GROUP ANNUITY CONTRACT (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

(6) RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Empower provides certain administrative services to the Plan pursuant to a Master Services Agreement (MSA) between Company and Empower. Empower receives revenue from mutual fund providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan.

If revenue received by Empower from such mutual funds service providers exceed the amount owed under MSA, Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 there were no significant excess amounts. The Plan or Plan Sponsor may make a payment to Empower for administrative expenses not covered by revenue sharing.

Empower Life & Annuity Insurance Company, the current trustee of the Plan, is a party-in-interest as defined by ERISA as a result of having Plan assets invested in their funds. The Plan paid administrative expenses of \$169,896 and \$154,211 for investment management, brokerage services, and accounting services, for the years ended December 31, 2024 and 2023, respectively. All of these party-in-interest transactions are exempt party-in-interest transactions.

DONOVAN MARINE, INC. RETIREMENT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2024 AND 2023

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(8) TAX STATUS

The Plan uses a prototype plan document sponsored by Empower Trust Company. Empower Trust Company obtained its latest determination letter on November 14, 2022, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has analyzed the Plan's tax positions taken on Federal income tax returns for all open tax years (current and prior three years) and has concluded that as of December 31, 2024 and 2023, no provision for income tax is required in the Plan's financial statements. The Plan's Federal tax return for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was enacted, encompassing a suite of retirement provisions colloquially termed "SECURE 2.0." This legislative package builds upon the foundational reforms introduced by the 2019 SECURE Act, with a central aim of expanding participation in the retirement ecosystem and enhancing avenues for asset accumulation. The provisions set forth by SECURE 2.0 will be progressively effective from 2023 onwards.

The Act presents a blend of mandatory and elective provisions. Plan and Company management will evaluate and decide upon the elective components in alignment with the Plan's objectives and the best interests of participants and the Company. As of the report date, the Plan has not been formally amended to incorporate the provisions of SECURE 2.0. However, the Plan is operating in compliance with all mandatory elements as prescribed by the Act.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
AS OF DECEMBER 31, 2024 AND 2023

(10) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Self-directed brokerage accounts are shown as one general type of investment on the Statement of Net Assets Available for Benefits. However, the IRS' Form 5500 instructions for Schedule H allow the investments in self-directed brokerage accounts to be separately presented by class of investment, which the Company elected to do for the years ended December 31, 2024 and 2023.

Investments included in the self-directed brokerage accounts line item on the Statements of Net Assets Available for Benefits are as follows:

	2024	2023
