(1) Name: CLIFTON LARSONALLEN LLP

(2) EIN: 41-0746749

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		7500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of University of Maryland Medical System 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University of Maryland Medical System 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University of Maryland Medical System 403(b) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Maryland Medical System 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Retirement Committee of University of Maryland Medical System Corporation
University of Maryland Medical System 403(b) Retirement Savings Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University of Maryland Medical System 403(b) Retirement Savings Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University of Maryland Medical System 403(b) Retirement Savings Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Committee of University of Maryland Medical System Corporation
University of Maryland Medical System 403(b) Retirement Savings Plan

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

General (Continued)

Effective January 1, 2025, any person employed in a position of Vice President or above, regardless of whether they were hired before or after January 1, 2017, shall be eligible to participate in the Plan and shall no longer participate in the UMMS Voluntary 403(b) Plan.

Effective July 1, 2022, Upper Chesapeake Medical Services, Inc., but only with respect to employees who were employed by Pulmonary Critical Care Associates of Baltimore (PCCAB) on June 30, 2022 and were hired by Upper Chesapeake Medical Services, Inc. on July 1, 2022 were added as a participating Employer. Years of service worked at PCCAB is included in service requirements for eligibility and vesting for these employees.

Each person employed by Care Health Services, Inc., Chester River Home Care and Hospice, LLC (Shore Home Care), Chester River Hospital Center, Inc. (dba: University of Maryland Shore Medical Center of Chestertown) (Shore Medical Center (Chestertown)), Shore Health System, Inc. and Baltimore Washington Emergency Physicians, Inc. are allowed to participate in the Plan whether hired before or after January 1, 2017 and any person employed by Baltimore Washington Medical Center, Inc. as of October 12, 2017 who, during the October 12, 2017 to November 1, 2017 period, affirmatively elected to cease participation in the UMMS Voluntary 403(b) Plan and the University of Maryland Medical System Corporation Pension Plan (BWMC Selectors) as of December 31, 2017 in exchange for eligibility to participate in the Plan.

Employees of University of Maryland Community Medical Group, Inc. on December 22, 2018 who transferred employment to University of Maryland Charles Regional Medical Center on December 23, 2018 are eligible to participate. Any employee who was employed by Arundel Heart Associates on August 31, 2018 and was hired by University of Maryland Baltimore Washington Heart Associates, LLC on September 1, 2018 shall receive credit towards years of service for eligibility and vesting purposes for service with Arundel Heart Associates, up to a maximum of five years.

Effective December 31, 2022, accounts of non-union participants from the University of Maryland Capital Region Health Retirement Savings Plan and The University of Maryland Charles Regional Medical Center Retirement Savings plan were transferred to the Plan, and certain participants under the UMMS Voluntary 403(b) Plan will have their accounts transferred into the Plan. In addition, participants of Baltimore Washington Medical Center in the UMMS Voluntary 403(b) Plan who (a) are participants in the University of Maryland Medical System Corporation Pension Plan (Pension Plan) as of December 31, 2020 and (b) whose accruals under the Pension Plan are frozen as of December 31, 2022 had their accounts transferred into the Plan. Certain benefits, rights, or features under the merging in Plans were carried over to this Plan. During 2024, the forfeiture balance of \$429,589 due from the University of Maryland Capital Region Health Retirement Savings Plan for non-union employees was transferred to the Plan. This amount has been reflected as a receivable from the University of Maryland Capital Region Health Retirement Savings Plan as of December 31, 2023.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

General (Continued)

Effective December 31, 2024, accounts of participants under The University of Maryland Charles Regional Medical Center Retirement Savings Plan (CRMC Plan) who were covered under a collective bargaining agreement merged into the Plan with the preservation of certain benefits, rights or features under the CRMC Plan being carried over into this Plan. Total assets of \$13,798,980 were transferred into the Plan. Each Employee who was eligible to participate in the CRMC Plan as of December 31, 2024, was a member of a collective bargaining agreement as of December 31, 2024, and satisfied the age and service requirements to be eligible for an allocation of employer matching contributions under the CRMC Plan as of December 31, 2024, shall be eligible to participate in the Employer matching contribution feature of the Plan on January 1, 2025. CRMC Union Participants must affirmatively elect for the automatic increase feature of the Plan. Any CRMC Union Participants who affirmatively elect into the automatic increase feature will have the first increase of 1% take place on the first pay date following June 30, 2026.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees covered by the Plan are eligible to participate in the deferral component of the Plan immediately upon hire. Employees covered by the Plan are eligible to participate in the employer discretionary matching component of the Plan upon attainment of age 21 and completion of one year of service. Employees who make salary reduction contributions will begin to receive the employer discretionary matching contribution on the first day of month after meeting the eligibility requirements. Employees classified as a temporary employee, resident, fellow, student, per diem employee, supplemental employee, and a non-benefitted employee (as determined by the Employer) are not eligible to receive the employer discretionary matching contribution. Effective July 1, 2023, resident and fellow employees are not excluded from receiving the discretionary matching contribution. A participant who ceases to be an employee for any reason and who subsequently becomes an employee will be eligible to participate in the Plan on the first day he or she again becomes an employee as long as they previously met the eligibility requirements above.

The Plan excludes leased employees, any person not classified as a common law employee and persons employed by related entities who are eligible to participate in other plans allowing voluntary deferrals.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. The Plan allows participants who were auto enrolled and have not subsequently affirmatively elected a deferral rate to have their contributions automatically increased annually by 1% each July until the contribution rate reaches 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2024, participants will be allowed to elect to make Roth contributions to the Plan.

The Employer may, at its discretion, elect to make a matching contribution to the Plan. For the years ended December 31, 2024 and 2023, the Employer made a discretionary matching contribution equal to 100% of participant contributions up to 4% of compensation per pay period. The Employer will make a true up matching contribution for a participant who elects to defer four percent or more of the participant's compensation for any period during the Plan year, has not allocated employer matching contributions equal to one hundred percent of the participant's reduction contributions which are not in excess of four percent of the participant's compensation for the plan year, and is employed by the employer and eligible to participate in the Employer matching contribution feature on the last day of the Plan year.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the employee's contributions, the Employer's discretionary matching and true-up contribution, and an allocation of Plan earnings and administrative expenses and ERISA spending account participant reimbursements. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses and ERISA spending account participant reimbursements are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account. All accounts are participant directed.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer discretionary matching and true up contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, which then must be repaid in fifteen years. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator. Loans are repaid directly to the custodian.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, partial distribution, or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$7,000 during the year ended December 31, 2024 and between \$1,000 and \$5,000 during the year ended December 31, 2023, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. If the participant is under age 65 at termination of service, the participant may defer distribution until a later date..

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Subject to certain exceptions, if a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited nonvested accounts may be first used to reduce administrative expenses and then are used to reduce future Employer contributions. Forfeited nonvested accounts as of December 31, 2024 and 2023 totaled \$324,609 and \$153,913 respectively. No forfeitures were used to reduce administrative expenses for the years ended December 31, 2024 and 2023.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts (Continued)

There were \$1,615,197 and \$2,572,214 used to fund Employer contributions for the years ended December 31, 2024 and 2023, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Employer contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses of the Plan are paid from the ERISA spending account, the forfeiture account, or by charging participants' accounts. Fees related to the administration of notes receivable from participants and processing of benefit payments are charged directly to the participant's account and are included in administrative expenses. Expenses related to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Investment related expenses are included in net appreciation of fair value of investments. The Plan received \$114,581 and \$378,352 of ERISA spending account revenue, for which \$74,046 and \$162,695 was used to pay Plan expenses and \$0 and \$167,634 was allocated to participants during the years ended December 31, 2024 and 2023, respectively. As of December 31, 2024 and 2023, the ERISA spending account totaled \$266,084 and \$213,986, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2025, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023 was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Empower Annuity Insurance Company, Empower Trust Company, LLC, and Prudential Bank & Trust, F.S.B., the qualified institutions of the Plan. Empower Annuity Insurance Company was the qualified institution as of and for the years ended December 31, 2024 and 2023, Prudential Bank & Trust, F.S.B. was the qualified institution for the period January 1, 2023 to March 31, 2023, and Empower Trust Company, LLC was the qualified institution as of and for the year ended December 31, 2024 and as of December 31, 2023 and for the period April 1, 2023 to December 31, 2023. The Voya Fixed Interest Account of \$1,179,795 included in investments at fair value on the statements of net assets available for benefits as of December 31, 2024 is not certified.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023 except for the pooled separate account. Management re-assessed the valuation method based on new information available and determined the pooled separate account should be reported as a level 2 investment in the fair value hierarchy.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at NAV of units, which are valued daily by Prudential at the accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. The account publishes their daily NAV and transacts at that price.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Fixed Interest Account: Based on the cumulative value of the underlying portfolios and wrapper contracts. The fair value of the wrapper contract provided by the guaranteed investment contract is the present value of the difference between the current wrapper fee and the contracted wrapper fee. The fees and discount rate are also directly observable inputs. The prices for securities held in the underlying portfolios are primarily obtained from independent pricing services.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$693,525,903	\$ -	\$ -	\$693,525,903
Pooled Separate Account	-	2,361,173	-	2,361,173
Fixed Interest Account			1,179,795	1,179,795
Total Investments at Fair Value	\$693,525,903	\$2,361,173	\$1,179,795	\$697,066,871

	2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$513,585,630	\$ -	\$ -	\$513,585,630

Total Investments at Fair Value	\$513,585,630	\$2,052,636	\$ -	\$515,638,266

There were no purchases of level 3 assets for the years ended December 31, 2024 and 2023. The level 3 investment was transferred in with the CRMC plan merger.

Quantitative information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value 2024	Fair Value 2023	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Value Fixed Plus Account III	\$1,179,795	N/A	Theoretical Transfer (Contract Value)	Composite Credit Rating	1.00%

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company. Empower Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0%, nor greater than 3%. The crediting rate is reviewed on a semi-annual basis for resetting.

Effective December 31, 2022, accounts of non-union participants transferred from the University of Maryland Capital Region Health Retirement Savings Plan included funds invested in a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual was acquired by Empower Retirement on December 31, 2020. Empower Annuity Insurance Company of America (Empower) (formerly Great West Life & Annuity Insurance Company) was given power of attorney as administrator of this contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer subject to a maximum of 3.00% and a minimum of 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. During 2024, this contract was liquidated, and funds were transferred into the Prudential Preservation Separate Account. No termination fees were charged.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

At the time of the plan merger, the CRMC Plan had a group annuity contract with Voya. This group annuity contract continues to remain in the CRMC Plan name, however, Voya has acknowledged the CRMC Plan merged into the Plan, thus this investment is now reported as an asset of the Plan. As part of the contract, Voya maintains a portion of the contributions in a "guaranteed account." The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya. The guaranteed account is included in the financial statements at fair value because it is nonbenefit-responsive. Upon termination of the investment contract, the lump sum liquidation value of the general account portion of the portion of the participant's accumulation value shall be equal to the product of (a) the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Employer contributions and will receive distributions of their vested accounts in accordance with Plan terms and IRS requirements.

NOTE 8 PLAN TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. UMMS continues to evaluate whether or not it will file for a determination letter pursuant to the IRS's determination letter program for 403(b) plans. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The Plan administrator has indicated that it will take the necessary steps, if any, to ensure the Plan operates in compliance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to certain laws and regulations including those set forth by the U.S. Department of Labor. The Plan is subject to routine audits by taxing jurisdictions and the U.S. Department of Labor that could impact the Plan's operations or tax status.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of fully benefit responsive investment contracts and a pooled separate account managed by the qualified institutions as of December 31, 2024 and 2023. These investments, including any interest and dividends, qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
