## Independent Auditor's Report

The Plan Administrator  
Ancestry Retirement Savings and Investment Plan  
Lehi, Utah

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Ancestry Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

### 1. Description of the Plan

The following description of the Ancestry Retirement Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

#### *General*

The Plan was adopted effective January 1, 1999, by Ancestry.com Operations, Inc. The Plan allows other related employers (the Adopting Employers) to adopt the Plan and its provisions. The Plan is available for qualifying employees of Ancestry and Adopting Employers (collectively, the Company).

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### *Trustee and Administration of the Plan*

The trustee of the Plan is Empower Trust Company, LLC (Trustee or Empower). Empower Retirement provides recordkeeping, administrative, and other related services to the Plan. The administrator of the Plan is the Company. Empower holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company.

#### *Eligibility*

All employees, except nonresident aliens and employees covered under a collective bargaining agreement, are immediately eligible to participate in the Plan upon reaching age 18. Prior to January 1, 2024, temporary employees and interns whose regularly scheduled service was less than 1,000 hours in the plan year were excluded from participation in the Plan.

#### *Contributions*

Participants may contribute up to 100% of their eligible annual compensation on a pre-tax, Roth, or after-tax basis subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or over based on IRC limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 6%, unless they affirmatively elect to enroll in the Plan at a different deferral rate or opt-out of participation in the Plan. For participants automatically enrolled, the Plan provides for an annual automatic escalation of 1% each March 31, up to a maximum of 8% of eligible compensation, unless affirmatively elected otherwise by the participant.

The Company may elect to make discretionary matching contributions to the Plan. For the year ended December 31, 2024, the Company matched 100% of participant contributions, up to 3% of eligible compensation deferred to the Plan. The Company may also elect to make a non-elective discretionary (profit-sharing) contribution to the Plan for all participant that are employed on the last day of the plan year. Profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. For the year ended December 31, 2024, there were no profit-sharing contributions.

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

### ***Participant Accounts***

Participants' accounts are credited with participant pre-tax, Roth, after-tax and rollover contributions, employer discretionary matching and profit-sharing contributions, as well as an allocation of plan earnings or losses. Participants are charged with certain administrative fees that are paid by the Plan including participant requested transactions. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investments offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

### ***Vesting***

Participants are immediately vested in their participant contributions and rollover contributions plus actual earnings thereon. Participants vest in the discretionary matching and profit-sharing contributions based upon years of continuous service. A participant is credited with a year of vested service for each plan year in which they complete 1,000 hours of service.

Participants vest in the discretionary matching and profit-sharing contributions based on the following schedule:

| Vesting Service (Years) | Vesting Percentage (%) |
|-------------------------|------------------------|
| Less than 1             | -                      |
| 1 but less than 2       | 25                     |
| 2 but less than 3       | 50                     |
| 3 but less than 4       | 75                     |
| 4 or more               | 100                    |

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

### ***Payment of Benefits***

Upon separation of service due to death, disability, retirement, or termination a participant may elect to receive his/her benefit payment in the form of a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account; remain in the Plan or may roll over the amount to another qualified retirement plan or individual retirement account. Hardship withdrawals and certain other in-service withdrawals at age 55 and 59½ are also permitted by the Plan if certain criteria are met. Participants with an account balance of \$1,000 or less are paid in a lump sum upon termination. Participant account balances greater than \$1,000 and up to \$5,000 are paid as a rollover into an IRA on behalf of the participant. These mandatory distributions apply only if the participant has not made an affirmative election for distribution.

## Notes to Financial Statements

---

### *Forfeitures*

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$103,295 and \$42,434, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. During the year ended December 31, 2024, \$315,070 of forfeitures were used to reduce employer contributions and \$26,217 were used to pay administrative expenses.

### *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and are secured by the balance in the participant's account. All loans must be repaid within a period of five years unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Principal and interest are paid ratably through semi-monthly payroll deductions. A participant's note shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payments as provided in the loan agreement. Under the terms of the Plan Document, the notes bear interest at the Wall Street Journal posted prime rate plus 1% and are fixed for the duration of the note.

## **2. Summary of Accounting Policies**

### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's investments in registered investment companies and a collective investment trust are stated at fair value as further discussed in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the Trustee and Issuer.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

### ***Contributions***

Participant contributions and related discretionary matching contributions are recognized in the Plan year during which the Company makes payroll deductions from the participant's compensation. Profit-sharing contributions are recognized in the plan year to which the participant's compensation relates.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan engages an independent investment consultant, trustee, auditor, and attorney on a fee-for-service basis. Participants pay certain loan, distribution and administrative fees which are charged directly to the participant's account. Certain investment fees are also netted with investment earnings or losses of the investments in the form of an expense ratio charged to each fund.

Revenue sharing, which mutual fund companies would normally pay to an investment broker, is rebated to the Plan and may be used to defray administrative costs. The Plan received \$65,978 in revenue sharing rebates during the year ended December 31, 2024, which are net within administrative expenses in the accompanying financial statements.

## **3. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value.

*Registered Investment Companies (Mutual Funds)* - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Investment Trust* - The Putnam Stable Value Fund is a collective investment trust fund sponsored by Putnam Fiduciary Trust Company. The fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, however, there is no assurance this objective can be met. The fund is composed primarily of fully benefit-responsive investment contracts. The fund is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. This investment is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

### ***December 31, 2024***

|   | Level 1               | Level 2     | Level 3     | Total                 |

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

### Investments Measured Using the Net Asset Value per Share Practical Expedient

## 4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest earned on notes receivable from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts included in the notes to financial statements.

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

- All investment information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### 5. Related Party and Party-in-Interest Transactions

The Plan executed a service agreement with Empower, that renews annually unless cancelled by either party with prior written notice. Empower may receive certain indirect compensation related to the Plan's investments. Certain direct fees are paid to Empower Retirement, the investment advisor and the auditor from the Plan. The Plan also issues loans to participants which are secured by the vested balance of the participants accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

### 6. Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions, and may be adversely affected by shifts in the market perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying statements of net assets available for plan benefits and participant accounts.

At December 31, 2024 and 2023, there were two and one investments held, respectively, which individually represented more than 10% of investments held. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

### 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

### 8. Tax Status

The Company adopted a Non-Standardized Pre-Approved Profit Sharing plan. The sponsor of the Non-Standardized Pre-Approved Profit Sharing plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Company and the plan administrator believe that the Plan, as amended, is currently designed and being operated in compliance with the

# Ancestry Retirement Savings and Investment Plan

## Notes to Financial Statements

---

applicable requirements of the IRC and the Plan continues to be tax-exempt as of the financial statement date, and no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

### 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

| <i>December 31,</i>   | <b>2024</b>           | <b>2023</b>           |
