REPORT OF INDEPENDENT AUDITORS

Benefits Policy Committee of Cummins Inc.
Long Term Disability Plan of Cummins Inc.
Columbus, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Long Term Disability Plan of Cummins Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in

the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LONG TERM DISABILITY PLAN OF CUMMINS INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Long Term Disability Plan of Cummins Inc. (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established to set aside tax-exempt funds under Section 501 of the Internal Revenue Code ("IRC") for the long-term disability benefits under the Group Insurance Program for Cummins Inc. (the "Company"). The Plan provides long-term disability benefits to substantially all domestic employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan has two component programs: (1) a fully-insured, long-term disability program, which provides benefits under insurance policies issued by an insurance carrier, and (2) a self-funded long-term disability program, which provides benefits on a self-funded basis for a limited group of participants whose disability dates occurred prior to March 1, 2003.

Under the self-funded component, benefits paid to each participant are the continuance of a portion of salary and wages and vary in accordance with the plan document.

Effective January 1, 2024, active participants previously covered under the Meritor Long-Term Disability Plan became covered under the fully-insured component of this Plan.

Effective May 1, 2024, the obligation for the self-funded component of the Plan was assumed by Unum through a reserve buyout arrangement. After this date, the Plan has only a fully insured component.

Administration

The Company has established a committee to oversee administration of the Plan. The Northern Trust Company ("Northern Trust") is the trustee. Unum, the Plan's third-party administrator and insurance carrier, pays all claims. Empyrean Benefit Solutions, Inc. also provides services to the Plan for enrollment and benefits support.

Contributions

The Company may make discretionary contributions to the Plan. Through April 2024, the Company generally made contributions in amounts covering the cost of premium payments for the insured component of the Plan. Following such date, such premium payments are made from the trust assets of the Plan.

LONG TERM DISABILITY PLAN OF CUMMINS INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan holds one investment, a common/collective investment fund. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement date basis which does not materially differ from a trade date basis. Interest income is recorded when received.

Payment of Benefits

For the self-funded component of the Plan, claim payment were recorded when paid by the third-party claims processor. For the fully-insured component of the Plan, premiums are paid by the Company and are recorded as premium payments in the accompanying statement of changes in benefit obligations and net assets available for benefits.

Postemployment Benefit Obligations

Prior to May 2024, and relative to the self-funded component of the Plan, a postemployment benefit obligation was recognized by the Plan. These obligations for estimated future benefits were based on participants' accumulated eligibility and those amounts necessary to meet future periodic long-term disability payments within the provisions of the plan agreement. The actuarial present value of these postemployment benefit obligations was estimated by the Plan's actuary, with assumptions based on actual and estimated incurred claims and accepted actuarial principles. This obligation was reported in the accompanying statements of benefit obligations and net assets available for benefits, and the present value was based on a 5.60 percent discount rate as of December 31, 2023.

LONG TERM DISABILITY PLAN OF CUMMINS INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The Plan's actuary used mortality and recovery rates applicable to disabled lives based on the PRI-2012, with projected generational improvement based on Scale MP-2021. Rates vary with age and length of time since disability for the first 10 years and with age only thereafter. The mortality rate for healthy lives was the PRI-2012 table, with projected generational improvement based on Scale MP-2021 for males and females.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of benefit obligations and net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is September 17, 2025.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Northern Trust, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023 and in the schedule of assets held as of December 31, 2024, and investment related activity in the statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024.

4. INVESTMENT MEASURED USING NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The Plan's investment, a common/collective investment fund, is recorded at fair value, measured using net asset value (NAV) per share practical expedient. This public investment security uses NAV as provided by Northern Trust. This particular trust generally transacts subscription and redemption activity at a \$1 NAV; however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund. The investment objective of the trust is to provide an investment vehicle for cash reserves while offering a competitive rate of return.

LONG TERM DISABILITY PLAN OF CUMMINS INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

The following table summarizes this investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no practical redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common/collective investment fund	\$ 7,838,341	None	Daily	Immediate

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common/collective investment fund	\$12,162,125	None	Daily	Immediate

5. PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan holds an investment that is managed by Northern Trust, who is the trustee as defined by the Plan. The Plan also pays fees to service providers for administration of the Plan (see Note 1). The Plan pays fees to Blue & Co., LLC for audit services and to Plante Moran for Form 5500 preparation services. Transactions with these parties qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, amounts would be reserved to pay expenses of the Plan and to provide payment of benefits to totally disabled participants, as defined in the plan agreement. If sufficient funds were not available to provide full payment to totally disabled individuals, payment would be made on a pro rata basis. If there were a surplus of funds, any remaining assets would be used to provide health, life and other qualifying welfare benefits to participants.

7. TAX STATUS

The trust ("Trust") established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the IRC, and, accordingly, the Trust's net investment income is exempt from income taxes, with the exception of unrelated business income tax. During 2024, the Trust did not incur any unrelated business income tax liability. The plan sponsor believes that

the Plan and Trust, as amended, continue to qualify and to operate in accordance with applicable provisions of the IRC. Accordingly, no provision for taxes has been made in the accompanying financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
