## INDEPENDENT AUDITORS' REPORT

To the Participants and  
Plan Administrator of the  
ATAC Tax Sheltered Savings Plan  
Santa Clara, California

### Opinion

We have audited the accompanying financial statements of ATAC Tax Sheltered Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2024 and 2023, and the changes in its net assets available for plan benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment at Year End is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**ATAC TAX SHELTERED SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the ATAC Tax Sheltered Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established in 1985 as a defined contribution plan established to provide eligible employees of ATAC (the Company) (the Plan Sponsor), with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code (IRC).

Participant Eligibility, Contributions and Vesting - All employees are eligible to participate in the Plan providing they are at full-time employees or part-time employees who completed at least one year of service consisting of 1,000 hours except the following classes: (a) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining, (b) employees who are non-residents aliens who do not receive earned income from the company which constitutes income from sources within the United States and (c) leased employees. Participants may begin deferring a portion of their compensation into the Plan on the first day of January, April, July or October following eligibility. The Plan allows participants to designate contributions as Roth 401(k) contributions. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC.

The Plan Sponsor makes matching contributions in the amount of 40% of a participant's eligible contributions, up to a total of 3% of eligible compensation. The Plan Sponsor is also allowed to make discretionary contributions in shares of Company common stock, as defined in the Plan and as approved by the Board of Directors. For the year ended December 31, 2024, the Plan Sponsor made matching contributions totaling \$209,944, net of forfeitures. For the year ended December 31, 2024, the Company made a discretionary contribution in the amount of 2% of a participant's eligible contribution for a total of 1,869 shares or approximately \$152,324 in Company common stock.

Participants are immediately vested in their contributions, rollover amounts from other qualified plans, matching contributions, employer contributions and earnings thereon. In addition, the Company's contributions are fully vested when a participant reaches the age of 65 (normal retirement age), becomes totally disabled or dies.

For the year ended December 31, 2024, no forfeitures were used to pay for plan administrative fees. As of December 31, 2024 and 2023, the forfeited non-vested accounts totaled \$3,572 and \$3,394, respectively.

**ATAC TAX SHELTERED SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

Investment Options - Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits - Upon retirement, termination, disability or death, a participant or their beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Additionally, participants may take in-service distributions due to hardship or upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the custodian. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 73.

Distributions of a participant's Discretionary Company Contribution Account consisting of Company common stock is made in the form of Company common stock. In April 2011, the Company's Board of Directors authorized a program whereby the Company would offer to buy back shares of Company common stock that have been distributed from the Plan. Under this program, the Company will offer to buy back the shares based on a formula taking into account the recent fair value of the shares and the length of service by the terminated participant with the Company. The participant is not obliged to accept the Company's offer and he or she may hold on to the shares. The Plan also allows in-service withdrawals of discretionary contributions related to the buyback of Company common stock if the participant has been in the plan for at least five years.

Notes Receivable from Participants - Subject to Internal Revenue Service (IRS) regulations and limitations, participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Such loans bear interest at prevailing market rates of interest and are generally repayable in terms of up to 5 years, except for home mortgage loans which are determined by the Plan Sponsor. All loans are secured by the participants' account balances.

Participant Accounts - Each participant's account is credited with the employee's payroll contributions, the employer's contributions and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Administration - The Plan Sponsor is the plan administrator. The Plan's assets are managed by Merrill Lynch, the custodian of the Plan. The custodian, appointed by the Plan Sponsor, executes investment transactions and holds Plan investment assets. The plan administrator reviews the performance of the various available investments.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld. Benefit payments and expenses are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment securities. These securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Further, due to the level of risk associated with these securities and the level of uncertainty related to changes in the values of investment securities, it is possible that changes in the various risk factors in the near term would materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

Valuation of Investments - Investments in money market funds, mutual funds, and self-directed brokerage accounts are stated at fair value determined by quoted market prices. The value of the Plan Sponsor's common stock is based upon an independent appraisal. Participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Net change in fair value of investments consists of the change in unrealized appreciation or depreciation during the year and the realized gain or loss of sold investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan, notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Subsequent Events - Subsequent events were evaluated through September 29, 2025, the date the financial statements were available to be issued.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2 – Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

*Money market funds:* Valued at the closing price at year end.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the plan at year end.

*Self-directed brokerage accounts:* Valued on the basis of readily determinable market prices.

*ATAC common stock:* Valued by an independent valuation specialist utilizing a nonmarketable, minority interest basis, combining an income and a market approach, to determine an enterprise value with an adjustment for lack of marketability to the enterprise value which is considered necessary to estimate the fair value of the employer securities.

**NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2024.

**NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)**

The value of the Plan sponsor's common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. The appraisal is based upon a combination of market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparisons and estimated fair value of Company assets and liabilities. The preceding methods described may produce a fair value calculation not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes certain changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2024:

	<b>ATAC Common Stock</b>
Purchases	\$ 152,324
Issuances	\$ (1,490,472)

**NOTE 4 - NONPARTICIPANT-DIRECTED INVESTMENTS**

Information about the net assets and the significant components of the changes in net assets relating to nonparticipant-directed investments is as follows at December 31, 2024 and 2023, and for the year ended December 31, 2024:

	<b>2024</b>	<b>2023</b>
Net assets:		
ATAC common stock	\$ 21,882,072	\$ 20,310,370

Price per share	\$ 94.00	\$ 81.50

**NOTE 5 - TAX STATUS**

The Plan adopted a volume submitter profit sharing 401(k) plan (VSPS) with a cash or deferral arrangement which has received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The IRS has determined and informed the VSPS Plan sponsor by a favorable opinion letter, that the VSPS Plan is designed in accordance with the applicable sections of the IRC. The VSPS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan's tax filings are subject to audit by various taxing authorities.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 6 - PLAN TERMINATION AND MODIFICATION**

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provision of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

**NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS**

The Company contributes and repurchases common stock from the Plan. Because the Company's common stock is privately held, the Plan's repurchases and sales of the Company common stock are not transacted in the open market but are transacted at fair value, as determined by an independent valuation specialist. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. During 2024, the Plan incurred \$67,568 of administrative fees to the recordkeeper Bank of America, N.A., and \$649 of various fees charged directly to the participant's account relating to the notes receivable from participants and distributions.

**NOTE 8 - SUBSEQUENT EVENT**

In November 2024, one terminated participant signed the contract with the Plan Sponsor for the repurchase of the participant's 8,161 shares ATAC common stock in an amount of \$345,537. The participant's balance was fully distributed by the end of March 2025.
