Plan Administrator and Participants
Gorbel, Inc. 401(k) Employee Savings and Retirement Plan

Scope of Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gorbel, Inc. 401(k) Employee Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gorbel, Inc. 401(k) Employee Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gorbel, Inc. 401(k) Employee Savings and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities for Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions for events, considered in the aggregate, that raise substantial doubt about Gorbel, Inc. 401(k) Employees Savings and Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Gorbel, Inc. 401(k) Employee Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gorbel, Inc. 401(k) Employee Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GORBEL, INC. 401(K) EMPLOYEE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following brief description of the Gorbel, Inc. 401(k) Employee Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It covered substantially all employees of Gorbel, Inc. (the Company) who meet certain age and length of service requirements. Effective August 6, 2021, the Plan was amended to include Engineered Lifting Systems and Equipment, Inc. as a participating employer.

Participation

Each employee, excluding seasonal, temporary and contract employees, shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon the 1st of the month following the date of hire. Employees with no deferral election will be automatically enrolled 35 days following the date of hire. Seasonal, temporary and contract employees shall be eligible for participation into the Plan upon attaining age 21 and the completion of 1,000 hours of service during an eligibility computation period. In addition, each employee shall be entitled to receive employer matching contributions and qualified discretionary contributions (qualified nonelective contributions) after meeting the eligibility requirements during the Plan year. Discretionary employer contributions (nonelective contributions) shall be credited to employees that earn one thousand hours of service during the plan year.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make in each year is subject to federal limits.

The Plan includes an automatic enrollment policy. Under this policy, unless an eligible employee affirmatively elects otherwise, his/her compensation will be reduced by 5% as a pre-tax deferral to the Plan. Deferral contributions for each participant having automatic enrollment shall be increased annually by 1% of compensation until a maximum deferral of 10% is reached. Any employee may opt out of any of the above provisions through a signed election form.

Each year, the Company may make matching contributions on behalf of each participant up to a maximum amount declared for the year by the Board of Directors. For the years ended December 31, 2024 and 2023, the Company elected to make matching contributions equal to 100% of the first \$1,000 of the participant's elective deferrals and 50% of the next \$2,000 of the participant's elective deferrals, up to a total of \$2,000. During 2024 and 2023, matching contributions, net of forfeitures used to reduce the employer matching contribution, totaled \$701,659 and \$545,477, respectively.

1. Description of Plan (Continued)

Contributions (Continued)

The Company may also decide each plan year to make a discretionary employer contribution (nonelective contribution) on behalf of the eligible participants. Such contributions may only be funded by the employer after the plan year ends and shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. During 2024 and 2023, the Company made no discretionary employer contributions.

The Company may also contribute an amount which it designates as a qualified discretionary contribution (qualified nonelective contribution). This contribution may be included in the actual deferral percentage test or the actual contribution percentage test. Qualified discretionary contributions shall be allocated only to non-highly compensated employees as a flat dollar amount for each such participant for the plan year. During 2024 and 2023, the Company made no qualified discretionary contributions.

Matching contributions, discretionary employer contributions, and qualified discretionary contributions may vary annually and are determined by the Board of Directors of the Company.

In addition, participants may transfer funds from other qualified plans, with the consent of the Plan administrators.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions and Plan earnings. Allocations are based on participant compensation or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals and qualified discretionary contributions plus actual earnings thereon. Vesting in matching contributions and discretionary employer contributions is based on years of service.

A vested percentage is determined in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	25%
3	50%
4	75%
5	100%

1. Description of Plan (Continued)

Forfeited accounts

Non-vested employer contributions arising under the Plan are used to reduce future employer contributions and administrative expenses. Forfeiture activity during 2024 and 2023 consisted of the following:

	<u>2024</u>	<u>2023</u>
Forfeitures available for use, beginning of year	\$ 92,110	\$ 149,446
Forfeitures generated	266,522	215,360
Forfeitures used to reduce administrative expenses	(48,252)	(37,305)
Forfeitures used to reduce employer matching contributions	(175,118)	(236,490)
Earnings on forfeitures	<u>1,497</u>	<u>1,099</u>
Forfeitures available for use, end of year	<u>\$ 136,759</u>	<u>\$ 92,110</u>

Payment of benefits

Upon retirement, death or disability the entire account balance, if less than \$5,000, will be distributed in the form of a lump-sum. If the account balance is greater than \$5,000, the participant may choose a lump-sum distribution, a joint and survivor annuity, equal installments over various periods based on life expectancy, or partial withdrawals. Cash outs are also permitted limited by the implementation of the required rollover rule. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service; upon participant's attainment of age 59½; and upon the hardship of a participant as provided for in the Plan and in government regulations. Hardship distributions can be distributed only from elective deferrals.

Notes receivable from participants

The Plan also allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or \$100,000; however, an employee may borrow up to the lesser of \$10,000 or their vested account balance, if 50% of his vested account balance is less than \$10,000. Repayments of principal and interest are made through payroll withholding. Interest rates are calculated monthly at the prime rate plus one percent (1%). At any time, no more than one loan may be outstanding from the Plan to the participant. The prime rate of interest was 7.50% at December 31, 2024. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest.

Fair value measurements

FASB ASC Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.• If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common collective trust: Valued at contract value of the underlying investments, which approximates fair value.

Mutual funds: Values are determined based on quoted market prices in active markets.

SAVINGS AND RETIREMENT PLAN**

Notes to Financial Statements
December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2021.

Administrative expenses

Audit fees, record keeping, tax filing, and loan origination costs are paid by the Plan. Investment commissions are paid from the Plan's assets and are charged directly to the related investment earnings in the year incurred.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and August 11, 2025, the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.
