## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management of the  
Charger Water Treatment Products, LLC 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Charger Water Treatment Products, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule of Assets Held at End of Year, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CHARGER WATER TREATMENT PRODUCTS, LLC 401(k) PLAN****NOTES TO THE FINANCIAL STATEMENTS****NOTE 1 – DESCRIPTION OF PLAN**

The following description of Charger Water Treatment Products, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

**General.** The Plan is a defined contribution plan, established on January 1, 1994. The Plan covers all full-time employees of Charger Water Treatments, LLC (the “Employer”). The Employer controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On June 1, 2023, the Plan was amended and renamed to Charger Water Treatment Products, LLC, 401(k) Plan. No other provisions of the existing Plan were modified.

**Eligibility.** All employees are eligible to participate in the Plan following 3 months of continuous employment and reaching a minimum age of 18.

**Participant Contributions.** Participants may elect to contribute 1% to 75% of their pretax earnings which is limited and subject to amounts established by the Internal Revenue Code (“IRC”). The Plan includes an automatic deferral feature whereby the Employer will initially withhold 2% of participant’s compensation and contribute that amount to the Plan, unless the participant makes an election. A participant’s deferral percentage will automatically increase by 1% annually, up to 10%. If the participant chooses not to participate in the Plan, then the Employer can refund the deferrals within 90 days of the initial holding. A participant’s earnings consist of total cash compensation of an employee including vacation pay, bonuses, tips, and overtime pay in a Plan year. Participants may also contribute “catch-up” contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans.

**Employer Contributions.** The Employer may make a discretionary contribution for all participants who are employed at the end of the year, which would be funded subsequent to year end. The Employer may also make a matching contribution of a discretionary percentage each payroll period up to \$500 annually. Any Employer discretionary contributions are based upon participants’ annual compensation, subject to Internal Revenue Service (“IRS”) limitations. Employer matching contributions were \$52,990 for the year ended December 31, 2024.

**Participant Accounts.** Each participant’s account is credited with the participant’s contributions; and allocations of (1) Employer matching contributions, (2) Plan earnings, and (3) Employer discretionary contributions and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investment Options.** Participants can fully direct their account balances among the various investment funds offered by the Plan. Participants have the opportunity to change their investment elections daily.

**Vesting.** Participants are immediately vested in their contributions and Employer matching contributions plus earnings thereon. Vesting in the Employer discretionary contribution portion of their accounts is based upon years of continuous service. A participant is 20% vested after two full years of credited service and increases 20% at the end of each additional year of credited service thereafter and will be 100% vested after six years of credited service.

**Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of \$500, up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the vested balance in the participant’s account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan’s administrator (“Plan Administrator”) at the time of issuance. Principal and interest is paid ratably through bi-weekly payroll deductions.

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1 – DESCRIPTION OF PLAN (Concluded)

**Payment of Benefits.** Upon termination of service due to death, disability, or retirement, a participant shall receive the value of his or her benefits in the form of a joint and survivor annuity or a life annuity unless the participant, with the consent of his or her spouse, elects to receive a (1) lump-sum payment or (2) equal annual installments not to exceed ten years. For termination of service due to other reasons, a participant may receive the value of the vested interest as a lump-sum payment.

**Forfeited Accounts.** Forfeitures from non-vested participant accounts are used to pay administrative expenses or reduce future Employer contributions. No forfeitures were used to reduce Employer contributions during the year ended December 31, 2024. Forfeited non-vested accounts totaled approximately \$3,300 and \$3,000 as of December 31, 2024 and 2023, respectively.

**Recent Legislation.** In December 2022, SECURE Act 2.0 (“SECURE 2.0”) was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The Internal Revenue Service (“IRS”) has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting.** The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

**Estimates and Assumptions.** The preparation of the Plan’s financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

**Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants’ loans are reclassified as distributions based upon the terms of the Plan document.

**Benefit Payments.** Benefits are recorded when paid.

**Concentrations of Credit Risk.** Substantially all of the Plan’s investments are held by Reliance Trust Company (the “Trustee”) which is a qualified institution pursuant to ERISA.

**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)**

**Administrative Expenses.** Certain administrative expenses, including functions performed by officers or employees of the Employer, are provided by the Employer at no charge to the Plan, and Employer’s management has no plans to obtain reimbursement of these expenses from the Plan.

**NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN ASSETS**

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified certain information included in the accompanying financial statements and supplemental schedule is complete and accurate as follows:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- investment income and interest from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2024, as shown on Form 5500, Schedule H, Part IV, Line 4i.

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2.** Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3.** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

## CHARGER WATER TREATMENT PRODUCTS, LLC 401(k) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

**NOTE 4 – FAIR VALUE MEASUREMENTS** (Concluded)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

**Mutual Funds.** Valued at closing price reported on the active market on which the mutual funds are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,706,538	\$ -	\$ -	\$ 9,706,538

  

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,182,704	\$ -	\$ -	\$ 9,182,704

**NOTE 5 – TRUST AND RECORDKEEPING AGREEMENTS**

The Employer has a trust agreement with the Trustee and a recordkeeping service agreement with Automatic Data Processing, Inc. ("ADP"). ADP has been authorized by the Employer to instruct the Trustee as to actions to be taken under the Plan.

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants become 100% vested in their Employer discretionary contributions.

**NOTE 7 – TAX STATUS**

The Plan uses a prototype plan document sponsored by ADP, Inc. ADP, Inc. received an opinion letter from the IRS dated October 6, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. This opinion letter was obtained in conjunction with the IRS restatement cycle requirements. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

See Independent Auditor's Report.

**CHARGER WATER TREATMENT PRODUCTS, LLC 401(k) PLAN****NOTES TO THE FINANCIAL STATEMENTS****NOTE 8 – RELATED-PARTY TRANSACTIONS**

Certain Plan investments are managed by Morgan Stanley and AllianceBernstein L.P., or their affiliates, and, therefore, these transactions qualify as party-in-interest transactions.

**NOTE 9 – RISK AND UNCERTAINTIES**

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**NOTE 10 – SUBSEQUENT EVENTS**

Management has evaluated all known subsequent events or transactions from December 31, 2024 through September 26, 2025, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
