Independent Auditor's Report

To the Plan Administrator and Participants of
AuthoraCare Collective 403(b) Retirement Savings Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the AuthoraCare Collective 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AuthoraCare Collective 403(b) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the AuthoraCare Collective 403(b) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of AuthoraCare Collective (the “Company”). All employees of the Company are eligible to participate immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Eligible employees are automatically enrolled to defer 2% of pre-tax compensation unless they elect an alternative deferral percentage or decline participation in the Plan. Participants may otherwise elect to contribute a percentage of their pre-tax and/or after-tax annual compensation, as defined by the Plan, not to exceed the limits set by the Internal Revenue Service (“IRS”). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“rollovers”). In 2024 and 2023, the Company made a discretionary matching contribution equal to 50% of each participant’s deferrals up to 4% of eligible compensation. Participants must have completed a year of service to receive the discretionary matching contributions. Beginning in 2025, this matching contribution will be calculated on an annual basis rather than on a payroll period basis. In 2024 and 2023, the Company also made an additional discretionary employer contribution for employees who worked at least 1,000 hours during the Plan year, based upon months of service. This additional discretionary contribution was discontinued in 2025. The additional contribution was based upon eligible employees’ compensation as follows:

<u>Number of Months of Service</u>	<u>Employer Contribution</u>
12-23 months	2%
24-35 months	3%
36-47 months	4%
48+ months	5%

For 2024, the Company also made an additional one-time discretionary employer contribution for employees who worked at least 1,000 hours during the Plan year, had a least one year of service, and who were employed on the last day of the year, based upon years of service. The additional one-time contribution was a tiered dollar amount as follows:

<u>Number of Years of Service</u>	<u>Employer Contribution</u>
<1	\$0
1	\$425
2	\$550
3	\$850
4	\$1,100
5-10	\$1,400
>10	\$1,700

The one-time discretionary employer contribution totaled approximately \$338,000 and was deposited in March 2025.

See accompanying independent auditor’s report.

Notes to Financial Statements

1. Description of the Plan (Concluded)

Participant Accounts

Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered through the Plan. Participants may change their investment options and deferral percentages at any time.

Each participant's account is credited with the participant's and Company's contributions and an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Prior to January 1, 2017, participants were immediately vested in their voluntary contributions and the Company's contributions plus actual earnings thereon.

For employees hired on or after January 1, 2017, vesting in the Company's contributions is generally based on the following schedule:

<u>Years of Qualifying Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, participants may elect to receive their benefits in the form of a lump-sum or installment payments options as specified by the Plan. In-service distributions may be made to participants who have attained age 59½. Withdrawals may also be made upon circumstances of financial hardship, as specified by the Plan.

Forfeitures

Forfeitures from non-vested participants' accounts are used to offset Company contributions or pay Plan administrative expenses. During 2024 and 2023, approximately \$51,000 and \$84,000 in forfeitures were utilized to offset Company contributions. Forfeited non-vested accounts were approximately \$41,000 and \$21,000 at December 31, 2024 and 2023.

Notes Receivable from Participants

Participants may borrow directly from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance at the time of the loan. Loan terms are generally up to five years, or ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest based on prevailing interest rates. Principal and interest are paid through quarterly or monthly payments made directly to Variable Annuity Life Insurance Company ("VALIC"). Should a participant terminate employment, the outstanding loan principal, plus accrued interest, will be deducted from the participant's benefits when paid.

Administrative Expenses

The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Other fees, including certain custodial and recordkeeping fees, are paid by the Plan. Loan and distribution fees are paid out of affected participant accounts.

See accompanying independent auditor's report.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are primarily stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Certain investment contracts with VALIC are included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts issued by VALIC as described in Note 8.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2024 and 2023. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated events occurring subsequent to the date of the financial statements through July 11, 2025, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

See accompanying independent auditor's report.

AuthoraCare Collective 403(b) Retirement Savings Plan

Notes to Financial Statements

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by affiliates VALIC and AIG Federal Savings Bank (“AIG”), the respective custodian and trustee of the Plan.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has adopted a plan document sponsored by VALIC Retirement Services Company (“VALIC RSC”) within the meaning of the Internal Revenue Code (“IRC”) Section 403. The IRS has determined and informed VALIC RSC, by a letter dated April 5, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the determination letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants’ accounts will become fully vested and nonforfeitable.

7. Party-in-Interest Transactions

Certain plan investments are shares of guaranteed investment contracts and separate accounts issued by VALIC. VALIC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to VALIC and related entities were approximately \$150,000 and \$135,000 in 2024 and 2023.

See accompanying independent auditor’s report.

AuthoraCare Collective 403(b) Retirement Savings Plan

Notes to Financial Statements

8. Investments at Contract Value

The Plan holds certain benefit-responsive investment contracts with VALIC. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer as summarized below.

- *Fixed Account Plus* – Consists of two separate contracts: the Portfolio Director Group Fixed and Variable Deferred Annuity Contract (“PD”) and V-Plan Group Fixed Annuity Contract (“VP”). The minimum guaranteed rate for the VP contract is 4.5%. For the PD contract, the minimum guaranteed rate varies by participant and depends on the date the participant established his/her account. Participant accounts set up before December 1, 2003 have a minimum guaranteed interest rate of 3%. The minimum guaranteed interest rate for accounts set up on or after December 1, 2003 is 2%. However, effective January 1, 2011, contracts issued to new participants have an indexed guaranteed minimum interest rate.
- *Short-Term Fixed Account* – Minimum rate of 1%.
- *Fixed Interest Option* – Rate is declared monthly with interest credited on a daily basis at an annual effective rate. The product credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of date of initial deposit. Minimum guaranteed rate of 1.5%.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

However, due to the subsequent move to Lincoln Financial Group Trust Company, Inc. (“Lincoln”) in 2025 (Note 11), the transfer the Fixed Account Plus balance will be subject to a restriction resulting in the ratable transfer from VALIC to Lincoln over a 5-year period.

9. Fair Value Measurements

The Plan has adopted Accounting Standards Codification 820, “Fair Value Measurements and Disclosures” (“ASC 820”) which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurements

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

See accompanying independent auditor’s report.

AuthoraCare Collective 403(b) Retirement Savings Plan

Notes to Financial Statements

9. Fair Value Measurements (Concluded)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Registered separate accounts: Valued at the NAV per share as reported by each fund, which is then adjusted for dividends and separate account fees. As the value of these investments is readily determinable, these funds are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2024.

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$27,667,714	\$ -	\$ -	\$27,667,714
Registered separate accounts	-	845,909	-	845,909
	\$27,667,714	\$ 845,909	\$ -	\$28,513,623

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2023.

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
