INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Northern Habilitative Services Employee Stock Ownership Plan
Chisholm, Minnesota

Opinion

We have audited the accompanying financial statements of Northern Habilitative Services Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule 1, as of December 31, 2024 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 1 PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Northern Habilitative Services Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

GENERAL

Northern Habilitative Services, Inc. of Chisholm (the Company) established the Plan effective as of January 1, 2017. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the ERISA. The Plan is administered by the Company. The trust department of an independent third-party bank is the Plan's trustee.

The Plan purchased Northern Habilitative Services, Inc. of Chisholm common stock using the proceeds of a loan from Northern Habilitative Services, Inc. of Chisholm and holds the common stock in a trust established under the Plan. As the Plan makes each payment, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

- The accounts of employees with vested rights in allocated common stock (allocated), and
- Common stock not yet allocated to employees (unallocated).

ELIGIBILITY

Employees of the Company who are at least 21 years of age are generally eligible to participate in the Plan after completing one year of service, providing they worked at least 1,000 hours during such plan year. Leased employees, nonresident aliens, and union employees are not eligible to participate in the Plan. Employees who owned Company Stock on September 29, 2017, are not eligible to participate in the Plan. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such year.

CONTRIBUTIONS

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

PAYMENT OF BENEFITS

Participants are entitled to receive a distribution of the vested portion of their account balance upon termination of employment (retirement, death, etc.). Distribution of a participant's benefit is paid in cash, stock, or a combination of both. A terminated employee with a balance not exceeding \$5,000 will be paid out by the Plan upon termination as a lump sum as soon as administratively practicable during the first plan year commencing after that accounting date. For distributions on account of death, disability, or retirement over \$5,000, participants will receive five annual installments, beginning as soon as practicable during the first plan year commencing after the participant's termination of employment. For all other distributions over \$5,000, participants will receive five annual installments, beginning at the earlier of death, disability, attainment of normal retirement age, or the close of the fifth year after the participant's termination date.

Under provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

ADMINISTRATIVE EXPENSES

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Sponsor. The Sponsor pays the operating expenses for the Plan.

VOTING RIGHTS

In certain situations, described in the Plan, each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ration of the participant's account balance.

VESTING

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, they will vest in the balances in their account based on total years of services with the Company. Participants are 100 percent vested after three years of service.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is a representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent, less any shares previously diversified. Participants who elect to diversify may transfer the cash value to an eligible retirement plan or receive a cash distribution.

FORFEITURES

Plan forfeitures are allocated to each participant's account in the same manner as the employer contributions for the plan year. Forfeitures allocated to participants during the year ended December 31, 2024 totaled \$42,859 .

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ALLOCATIONS

The financial statements of the Plan resent separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

INVESTMENT VALUATION AND INCOME RECOGNITION

The shares of company common stock are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of the fair value measurements. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 8, 2025, the date the financial statements were available to be issued.

Note 3 ADMINISTRATION OF PLAN ASSETS

The Plan’s assets, which consist principally of Sponsor common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of principal and interest on the loan.

Certain administrative functions are performed by officers of the Company. No such officer receives compensation from the Plan. Administrative expenses for the Trustee’s fees are paid directly by the Company.

Note 4 INVESTMENTS

The Plan’s investment in Northern Habilitative Services, Inc. of Chisholm common stock at December 31 is presented in the following table:

	2024		
	Allocated	Unallocated	Total
Number of Shares	26,667	73,333	100,000
Cost	\$26,667	\$73,333	\$100,000
Fair value	\$3,815,467	\$10,492,533	\$14,308,000
	2023

Note 5 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Investment in Northern Habilitative Services, Inc. of Chisholm common stock	\$ -	\$ -	\$14,308,000	\$14,308,000
	2023			
	Level 1	Level 2	Level 3	Total
Investment in Northern Habilitative Services, Inc. of Chisholm common stock	\$ -	\$ -	\$10,413,000	\$10,413,000

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

The following table sets forth a summary of changes in the fair value of the Plan’s level 3 assets for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Balance, beginning of year	\$10,413,000	\$7,184,000
Unrealized gains relating to assets still held at the reporting date	<u>3,895,000</u>	<u>3,229,000</u>
Balance, end of year	<u><u>\$14,308,000</u></u>	<u><u>\$10,413,000</u></u>

Following is a description of the valuation methodologies used for assets measure as fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Northern Habilitative Services, Inc. of Chisholm Common Stock – The Company’s common stock held by the Plan is valued at fair value based upon an independent appraisal. The appraisal was based on a combination of the market and income valuation techniques as illustrated in the following table.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Northern Habilitative Services, Inc. of Chisholm Common Stock	\$14,308,000	Income	EBITDA
			Net income
			Weighted average cost of capital
			Discount rate
		Market	Discount for lack of marketability
			Public comparables
			Revenue multiples
			EBITDA multiples
			Discount for lack of marketability

The valuation process involves the Trustee’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a preliminary report which the Trustee reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no issuances of level 3 assets for the years ended December 31, 2024 and 2023. There were no transfers into or out of level 3.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 6 NOTE PAYABLE

In 2017, the Plan entered into a \$100,000 loan agreement with Northern Habilitative Services, Inc. of Chisholm. The proceeds of the loan were used to purchase company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 3,333 shares being released and allocated for the plan years ended December 31, 2024 and 2023. The loan agreement bears interest at 2.60% with a final payment due December 31, 2046. The remaining balance of the note payable totaled \$78,824 and \$81,456 at December 31, 2024 and 2023, respectively.

The annual maturities on the note payable are as follows:

<u>Years Ending December 31,</u>	
2025	\$2,701
2026	2,771
2027	2,843
2028	2,917
2029	2,993
Thereafter	<u>64,599</u>
	<u>\$78,824</u>

Note 7 RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in company common stock. These are related-party and party-in-interest transactions. As described in Notes 1 and 3, the Company pays all plan expenses. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

Note 8 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimates and assumptions, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to plan provisions. Upon termination of the Plan, the Plan Administrator directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC.

NORTHERN HABILITATIVE SERVICES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 10 TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated June 13, 2018, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
