## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Laguna Blanca School DC Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Laguna Blanca School DC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Laguna Blanca School DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the financial statements of Laguna Blanca School DC Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

Laguna Blanca School DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Laguna Blanca School DC Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the qualified institution, were included, net assets available for benefits would increase by \$4,950,143 and \$4,625,734 as of December 31, 2024 and 2023, respectively. Further, rollover contributions of \$6,432, investment income of \$573,548, and benefits paid to participants and administrative fees of \$255,571 related to such accounts, as identified by the qualified institutions, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laguna Blanca School DC Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Our responsibility is to conduct audits of Laguna Blanca School DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Laguna Blanca School DC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

1. DESCRIPTION OF THE PLAN

The following description of Laguna Blanca School DC Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Laguna Blanca School (the "School" or the "Employer") pursuant to Section 403(b) and related provisions of the Internal Revenue Code ("IRC"), was established effective September 1, 1958, and amended effective January 1, 2020. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or military active duty call-up. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to distributions. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), and as agent for TIAA Trust, N.A, the asset custodians (collectively, the "Custodians") are responsible for the custody and management of the Plan's assets as well as for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

All employees of the School, except for student employees, are eligible to participate in the Plan immediately in the form of elective contributions. Employees who regularly work more than 20 hours per week become subject to mandatory contributions after completing one year of service. At that time, they must contribute 2.5% of their eligible compensation on a tax-deferred basis and also become eligible to receive Employer contributions. Employees who participated in an employer-sponsored retirement plan at a prior educational institution immediately before joining the School are allowed to enter the Plan without satisfying the one-year service requirement.

Laguna Blanca School DC Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of the School's contributions, if any, and Plan earnings, and charged with Plan losses and an allocation of administrative expenses not paid directly by the School. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participant contributions

Eligible participants are required to contribute 2.5% of their pre-tax annual compensation, as defined by the plan documents, on a tax-deferred basis, up to the maximum amount allowed by the IRC. In addition, participants may elect to contribute up to 100% of their eligible annual pre-tax compensation, as defined by the plan documents, up to the maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to IRC limits. The Plan permits special catch-up contributions of up to \$15,000 to qualified participants who have 15 years of service, up to a maximum amount allowed by the IRC. Participants are also allowed to rollover contributions from other qualified retirement plans. Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The School is authorized to make contributions to the Plan on a discretionary basis. During 2024, the School made contributions to eligible participants with less than four years of service equal to 5% of their eligible compensation. The Employer contribution percentage increased to 6% for participants with four to seven years of service and increased to 7% for participants with greater than seven years of service.

Vesting

Participants are vested immediately in all contributions, plus actual earnings thereon.

Notes receivable from participants

Notes receivable from participants ("participant loans") are issued directly from the participant's account balances and are reported as notes receivable from participants in the statements of net assets available for benefits. Participant loans are a minimum of \$1,000 and may not exceed 50% of the participant's vested balance up to the maximum of \$50,000 and there is no limit on the number of loans outstanding at any time. Participant loans bear a reasonable rate of interest and the interest rate for participant loans is fixed at the time of issuance. Loan terms range from one to five years for general purpose loans and extend up to ten years for principal residence loans. As of December 31, 2024, outstanding participant loan interest rates range from 8.75% to 9.50% and mature at various dates through November 2029.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination of employment, attainment of age 59 1/2, disability, or to a beneficiary upon a participant's death. If a participant's account balance is greater than \$1,000 but equal to or less than \$5,000 upon termination, the balance may be distributed to the participant by rolling the amount over into an individual retirement account designated by the plan administrator without the participant's consent. If a participant's account balance is less than or equal to \$1,000, the balance may be distributed to the participant in a lump sum payment without the participant's consent. For balances of \$5,000 or more, upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, an annuity payment, an installment payment, a direct rollover into another qualified plan or may postpone payment until a later date and remain in the Plan.

Upon attaining the age of 59 1/2, the participant may, while still employed by the School, request a withdrawal from their account balance. Hardship and qualified reservist distributions are permitted under limited circumstances as described in the plan documents.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the School for the year ended December 31, 2024. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all the costs and expenses of operating the Plan. Such expenses include, but are not limited to investment expenses and costs to process distributions and domestic relations orders. Generally, the School pays for any administrative expenses of the Plan. The Plan is not required to reimburse the School for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The financial statements exclude certain legacy annuity and custodial accounts in accordance with Department of Labor guidance (Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans ("FAB 2009-02")), which permits exclusion of contracts meeting specific conditions. While U.S. GAAP generally requires inclusion of these accounts and related activity, this exception is applied as allowed under that guidance (See Note 9).

Laguna Blanca School DC Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions or repayments have been separated from a participant's pay by the School, which is the pay date. Employer contributions are recorded in the year earned to coincide with the year in which the School records the contributions in its general ledger. The Plan records receivables for contributions attributable to the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the rollover contribution are received by the Custodians.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Notes 4 and 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation of fair value of investments.

Payment of benefits

Benefit payments are recorded when paid.

Laguna Blanca School DC Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through September 24, 2025, the date the financial statements were available to be issued. Effective April 1, 2025, the Plan was amended to allow participants to make Roth deferrals.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of the following information ("certified information"):

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.

Laguna Blanca School DC Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs for the assets or liabilities and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

*Mutual funds and pooled separate account:* Valued at the net asset value of shares held by the Plan at year-end which are determined and published and is the basis for current transactions. The mutual funds and pooled separate account held by the Plan are deemed to have readily determinable fair values and are classified within level 1 of the fair value hierarchy.

*TIAA Variable Annuities consist of CREF Accounts and TIAA Access Accounts:*

- CREF accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.

Laguna Blanca School DC Retirement Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

- TIAA Access Accounts are variable annuity products that are funded through the TIAA Separate Account VA3, a separate investment account of TIAA. VA3 invests in proprietary and nonproprietary mutual funds through various subaccounts. The values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of underlying holdings, and thus are classified within Level 1 of the fair value hierarchy.

*Fixed Annuity Contracts:* The Plan's investments in TIAA Traditional Annuities are reported at contract value; for fully benefit-responsive contracts, contract value is considered to approximate fair value, while non-benefit-responsive contracts may be subject to liquidity restrictions that can affect the relationship between contract value and fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into fully benefit-responsive and non-fully benefit-responsive categories. The Plan's investments in the fully benefit-responsive contracts are not categorized within the fair value hierarchy as they are measured at contract value (Note 5). The Plan's investments in the non-fully benefit-responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. The Plan purchased and sold investments in non-fully benefit-responsive contracts of \$91,783 and \$50,681, respectively, during the year ended December 31, 2024. Transfers into and out of Level 3 non-fully benefit-responsive contracts were \$526,441 and \$263,783, respectively, during the year ended December 31, 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

4. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2023:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity	\$ 1,804,361	Discounted cash flow  Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 4.00% - 6.75% RC - 4.25% - 7.00%

5. INVESTMENT CONTRACTS WITH THE CUSTODIANS

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity ("GRA"), Retirement Annuity ("RA"), Group Supplemental Retirement Annuity ("GSRA"), Supplemental Retirement Annuity ("SRA"), Retirement Choice ("RC") and Retirement Choice Plus ("RCP"). The GRA, RA and the RC are considered non-fully benefit-responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement.

The Plan invests in the SRA and GSRA investment contracts through the TIAA Traditional Annuity. The SRA and GSRA investment contracts (the "Investment Contracts") are considered fully benefit-responsive contracts.

The Investment Contracts are fully and unconditionally guaranteed by TIAA, and meet all of the fully benefit-responsive investment contract criteria and therefore are reported as contract value. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

5. INVESTMENT CONTRACTS WITH THE CUSTODIANS (continued)

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates of Investment Contracts were 3.00% as of December 31, 2024 and 2023. See Note 4 for crediting interest rates for the contracts that are non-fully benefit-responsive.

When a participant's accumulation in the Investment Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The TIAA Stable Value Fund is a fully-benefit responsive investment contract. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at contract value as reported to the Plan by TIAA. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or would limit the ability of the Plan to transact at contract value with participants.

5. INVESTMENT CONTRACTS WITH THE CUSTODIANS (continued)

The values of fully benefit-responsive investment contracts, measured at contract value, were as follows as of December 31:

	2024	2023
TIAA Traditional Benefit-Responsive Fund	\$ 135,602	\$ 133,642
TIAA Stable Value Fund	158,093	309,929
	\$ 293,695	\$ 443,571

6. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan has adopted a Volume Submitter 403(b) Plan (the "volume submitter plan") sponsored by Carroll Consultants LTD ("Carroll Consultants"). The Internal Revenue Service informed Carroll Consultants by a letter dated March 31, 2017, that the volume submitter plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the School. These transactions qualify as parties-in-interest transactions. The Plan is not required to repay expenses paid by the School on its behalf.

Notes to Financial Statements  
December 31, 2024 and 2023

8. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS (continued)

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. EXCLUDED PARTICIPANT ACCOUNTS

As prescribed by Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans ("FAB 2009-02"), as issued by the Employee Benefits Security Administration on July 20, 2009, the School has elected to exclude from investments certain annuity and custodial accounts meeting specific requirements. The following conditions must be met to exclude these assets: (1) the contract or account was issued to a current or former employee before January 1, 2009; (2) the employer ceased to have any obligation to make contributions (including employee salary reduction contributions) and in fact ceased making contributions to the contract or account before January 1, 2009; (3) all of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement of the employer; and (4) the individual owner of the contract or account is fully vested.

Participant accounts totaling \$4,950,143 and \$4,625,734 as of December 31, 2024 and 2023, respectively, are held with TIAA and CREF and meet the requirement of FAB 2009-02 to be excluded from the Plan balances. Rollover contributions of \$6,432, investment income of \$573,548 and benefits paid to participants and administrative fees of \$255,571 related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefit for the year ended December 31, 2024. U.S. GAAP requires that these accounts and related income and distributions be included in the accompanying financial statements.
