Independent Auditor's Report

To the 401(k) Plan Administrative Committee
Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan
Portland, Maine

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Bernstein, Shur, Sawyer & Nelson P.A. (the "Company") who have attained the age of 21, except employees covered by a collective bargaining agreement, self-employed individuals, non-resident aliens who do not receive any earned income which constitutes United States source income, and employees who are residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, non-highly compensated participants may contribute up to 50% of pretax annual compensation and highly compensated participants may contribute up to 25% of pretax annual compensation, as defined in the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of their pre-tax eligible compensation and their contributions invested into a qualified default investment arrangement, unless the participant elects otherwise. Participants can also make Roth elective deferrals which are "after tax" deferrals. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching and non-elective contributions to participants who have completed at least two years of service. A year of service is defined as 1,000 hours of service during a plan year. For the year ended December 31, 2024, the Company contributed a discretionary matching contribution of 50% of the first 4% of base compensation that the participant contributed to the Plan. For the year ended December 31, 2024, the non-elective contribution is equal to 5% of each eligible active participant's compensation below the Social Security taxable wage base, plus 10% of compensation above the Social Security taxable wage base. For the year ended December 31, 2024, the Company contributed \$557,147 of discretionary matching contributions and \$1,859,360 of non-elective contributions.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund, and self-directed accounts as investment options for participants.

Contributions are subject to certain Internal Revenue Services (IRS) limitations. Employee deferrals, discretionary Company matching and non-elective contributions are funded on a payroll basis.

Bernstein Shur Sawyer & Nelson P.A. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, Company non-elective contributions, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions and Company discretionary matching contributions, plus actual earnings thereon. Participants eligible to receive Company non-elective contributions who have completed 1,000 hours of service during the Plan year are fully vested in their Company non-elective contributions. Participants eligible to receive Company non-elective contributions who do not complete 1,000 hours of service during the Plan year forfeit the Company non-elective contribution amounts for that Plan year. Forfeited nonvested amounts for non-elective contributions are used to reduce Company contributions. Unallocated forfeited nonvested amounts were \$1,000 and \$356 at December 31, 2024 and 2023, respectively. During 2024, \$8,323 of forfeited nonvested amounts were used to reduce Company matching and non-elective contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balances. The notes are secured by the balances in the participants' accounts and bear interest equal to the Wall Street Journal prime rate, plus two percent, which is commensurate with local prevailing rates. The interest rate will be fixed on the date the note is processed and will remain constant during the term of the note. Interest rates on notes outstanding at December 31, 2024, ranged from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination, participants may elect to have benefits paid in the following form: lump-sum payment of cash, equal installment payments over a period of years not to exceed life expectancy of the participant and joint survivor, or by transferring the entire account balance to an IRA or another employer's qualified retirement plan. Benefit payments are in the form of a joint and survivor annuity, where applicable. If a participant's vested account balance is \$5,000 (\$7,000 effective April 5, 2024) or less, the entire amount will automatically be rolled over directly to an Individual Retirement Account (IRA) established in the participant's name by the Plan administrator absent participant request for withdrawal. Prior to the rollover, participants will be given the option of having the vested account paid in cash directly to them or rolled to an IRA or retirement plan of their choice.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits (Continued)

In addition, hardship distributions are permitted if certain conditions are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Unallocated Assets

The Plan has an arrangement with T. Rowe Price Retirement Plan Services, Inc. where they will provide the Plan with an administrative budget calculated on a quarterly basis to pay for the Plan's expenses. Expenses in the amount of \$21,576 were paid from this account during the year ended December 31, 2024. Unallocated assets as of December 31, 2024 and 2023, amount to \$195,249 and \$85,589 respectively, and are included in investments on the statements of net assets available for benefits.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, related to Coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that were due during 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as benefit payments, based on terms of Plan's loan policy.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in total investment income.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described, as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets that the Plan can access at the measurement date.

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds: Valued at a constant carrying value per share which materially approximates the fair value of the underlying investments due to the short-term nature of such investments.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Accounts: Accounts primarily consist of common stocks, mutual funds and unit investment trusts that are valued at the closing price reported on the active market on which the individual securities are traded, and corporate obligations that are valued using pricing models maximizing the use of observable inputs for similar securities, which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 3,986,419	\$ -	\$ -	\$ 3,986,419
Mutual Funds	121,920,833	-	-	121,920,833
Self-Directed Accounts	9,158,539	1,118,598	-	10,277,137
Total investments at fair value	\$ 135,065,791	\$ 1,118,598	\$ -	\$ 136,184,389

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 2,979,736	\$ -	\$ -	\$ 2,979,736
Mutual Funds	112,379,946	-	-	112,379,946
Self-Directed Accounts	7,899,410	933,646	-	8,833,056
Total investments at fair value	\$ 123,259,092	\$ 933,646	\$ -	\$ 124,192,738

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the Trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price, Inc., an affiliate of T. Rowe Price Trust Company, the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the investment management services during the plan year ended December 31, 2024 were offset against earnings(losses). The Plan pays audit fees to Wipfli LLC, investment advisor fees to Commonwealth Financial Network, and administrative expenses to Charles Schwab Trust Bank. These transactions also qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Notes to Financial Statements

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan Document with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 1, 2025, which is the date the financial statements were available to be issued.
