INDEPENDENT AUDITOR'S REPORT

To the Plan Committee Members and the Plan Administrator of
Morris Packaging 401(k) Plan
Bloomington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Morris Packaging 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income and Securities Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Morris Packaging 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Morris Packaging 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism through the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Morris Packaging 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Morris Packaging 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H Line 4a – Schedule of Delinquent Participant Contributions at December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agrees to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Morris Packaging 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under ERISA.

Morris Packaging 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A--DESCRIPTION OF PLAN

The following description of the Morris Packaging 401(k) Plan (the "Plan") provides only general information. Users of the financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Morris Packaging (the "Company") for employees that meet specific eligibility requirements. Participating employers also include Pride Packaging, LLC, Roar Food Group, LLC, Morris Converting LLC, Wanncom Inc. and Roar Spirits, LLC. The Plan, designated as a defined contribution plan, was established on January 1, 2006 and was amended and restated, effective January 1, 2016. Most recently, the Plan was amended and restated effective January 1, 2022 (See Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Non-union employees of the Company, who have six months of service and are age 21 years or older, are eligible to participate in the Plan. Employees may enter the Plan on the first day of the first calendar month and seventh calendar month of the Plan year, coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in accordance with Plan provisions (rollover contribution).

The Company has elected to contribute 401(k) safe harbor matching contributions at 100% of the first 4% of eligible participant's compensation contributed to the Plan. For 2021 and 2020, the Company matched 100% of the first 4% of eligible participant's compensation contributed to the Plan.

The Company, at its discretion, may also make an additional matching contribution not to exceed 6% of eligible participant's compensation contributed to the Plan. There were no additional matching contributions made by the Company in 2021 and 2020.

The Company may make discretionary nonelective contributions based on a uniform percentage of participant compensation in accordance with Plan provisions. Eligible employees must be employed on the last day of the Plan year and earn at least 1,000 hours of service during the Plan year to be eligible for the discretionary nonelective contribution. There were no discretionary nonelective contributions made by the Company in 2021 and 2020.

Salary deferral contributions are funded proximate to the withholding date. The 401(k) safe harbor matching contributions are funded each payroll period. Discretionary additional safe harbor matching contributions, if any, and discretionary nonelective contributions, if any, are funded annually after the close of the Plan year and within statutory time frames. Participants direct the investment of their contributions into various investment options offered by the Plan and may elect to change their investment options at any time.

Morris Packaging 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's matching and nonelective contributions, if any, and (b) Plan earnings or losses; (c) forfeitures of terminated participants' non-vested accounts, if any, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or eligible compensation, as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Custodian as the default investment. The Plan currently offers pooled separate accounts for participants.

Vesting

Participants are immediately vested in their voluntary contributions and the safe harbor match plus earnings thereon. Vesting in the Company's nonelective contributions and additional matching portions of their accounts plus actual earnings thereon is based on years of credited service as presented below. A participant is 100% vested after six years of credited service. Participants cannot earn credited service prior to attaining 18 years of age. Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability become 100% vested in their account balances.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, reduced by the participant's highest outstanding loan balance in the previous twelve months and the existing loan balance. A participant may only have one loan outstanding at any time. The loans are secured by the participant's account balance and bear a commercially reasonable rate of interest established by the Plan. The interest rates applied to current loans outstanding are 5.25 to 7.50 percent. Principal and interest are typically paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installment distributions payable on an annual, quarterly, or monthly basis. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants who have not separated from service may receive an in-service distribution provided the participant has attained age 59½. Participants may elect to receive hardship withdrawals prior to termination of employment from their deferral contribution, matching contribution or nonelective contribution accounts, as defined in Plan provisions.

Account balances in excess of \$5,000, will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution.

Mandatory distributions greater than \$1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

Forfeited non-vested accounts may be used at the discretion of the Company to reduce employer safe harbor contributions and Plan expenses. There were no forfeited non-vested accounts at December 31, 2021 and 2020. During the year ended December 31, 2021, no forfeited non-vested accounts were used to reduce employer contributions or pay Plan expenses.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Morris Packaging 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

The Plan's investments in shares of pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit responsive investment contracts are reported at contract value. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisors, Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as distributions in accordance with the Plan's provisions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company (see Note G). Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances, the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when such change occurs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset values of the shares held by the Plan at year end. The net asset value (NAV) is based upon the valuation of underlying investment assets, liabilities or mutual funds held by the funds at year end as determined by quoted prices or other observable inputs provided by pricing services, transfer agents or other approved method, less its liabilities. The NAV, as provided by the Custodian, is used as practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE C--FAIR VALUE MEASUREMENTS-continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that are measured at net asset value (or its equivalent) are not classified in the fair value hierarchy. All the investments held by the Plan do not require a classification under the fair value hierarchy, in accordance with Subtopic 820-10, thus, a fair value leveling table has not been presented in these financial statements.

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 5,075,411	N/A	Daily	N/A*
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 3,858,996	N/A	Daily	N/A*

* Redemptions occur as soon as administratively feasible.

NOTE D--INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation in the fair value of investments and interest for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A), the Custodian, as of December 31, 2021 and 2020. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 for the Plan year ended December 31, 2021 and 29 CFR 2520.103-8 for the Plan year ended December 31, 2020 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

Morris Packaging 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE D--INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)-continued

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedules, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following represents a summary of information certified by the Custodian as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

	2021	2020
Pooled separate accounts	\$ 5,075,411	\$ 3,858,996
Notes receivable from participants	63,226	42,089
Net appreciation in fair value of investments	433,744	
Interest income on notes receivable from participants	2,742	

NOTE E--PROHIBITED TRANSACTIONS

During 2021 and 2020, the Plan Sponsor did not remit to the Plan's Custodian, certain contributions and loan repayments totaling \$10,708 and \$102,433, respectively, within the period prescribed by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. For 2021, a portion of the late contributions were remitted in 2021 and the remaining will be remitted in 2022. The amount representing lost earnings is being calculated by the Plan Sponsor. For 2020, the employee contributions and loan repayments were remitted during 2020. The amount representing lost earnings for 2020 prohibited transactions were remitted to the Plan during 2020.

NOTE F--TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently operated in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE G--RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by affiliates of the Custodian; and therefore, qualify as party-in-interest transactions. A third-party administrator (the "Recordkeeper") performs administrative and recordkeeping services for the Plan. Fees paid by the Company to the Custodian and the Recordkeeper and other service providers are not material to the financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE G--RELATED PARTY TRANSACTIONS-continued

The Recordkeeper provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Recordkeeper. The Recordkeeper may receive revenue from the Custodian for the cost of the Plan's recordkeeping and service package. This revenue is used to offset certain amounts owed to the Recordkeeper for its administrative services to the Plan.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE H--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE I--RISKS AND UNCERTANTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. These investments are exposed to various risks, such as interest rate, market and credit risks. The Plan's assets are also subject to changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the participating employers in the Bloomington, Illinois and Jefferson City, Missouri areas and their ability to repay the loans could be affected by the economic conditions in these areas or the economic situation of the Company itself.

NOTE J--PLAN AMENDMENT

Effective January 1, 2022, subsequent to the date of the financial statements, the Plan was amended and restated to comply with the IRS requirements for employers to restate pre-approved Plan documents every six years.

NOTE K--CORRECTIVE CONTRIBUTIONS

During 2021, the Plan Administrator discovered that the compensation used to determine participant's pre-tax deferred compensation and/or Roth deferred compensation was not within the definition of the Plan document. The Company's matching contributions were impacted by the incorrect use of compensation as well. The Plan Sponsor, as of the report date, advises they were in the process of calculating a corrective contribution for participant's tax deferred compensation and/or Roth deferred compensation, which includes lost earnings, to compensate all impacted participants. The Plan Sponsor advises they will complete the self-correction action by depositing the corrective contributions upon completion of calculating the corrective contributions, including lost earnings.
