Independent Auditor's Report

To the Board of Trustees:

Opinion

We have audited the financial statements of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements, continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's ability to continue as a going concern for twelve months beyond the issuance of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

To the Board of Trustees:

Opinion

We have audited the financial statements of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements, continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's ability to continue as a going concern for twelve months beyond the issuance of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The plan is a multiemployer Defined Contribution Plan. The plan was established effective November 1, 1985, as a result of a collective bargaining agreement (CBA) between the International Association of Machinists and Aerospace Workers Local Lodge PM 2848 and the Michigan Pattern Manufacturers' Association. Any employee, on whose behalf contributions are required to be made under a collective bargaining agreement with the union, shall be eligible to participate in the employer contribution component.

Any employee who is employed by an employer, on the effective date of this Plan, shall be immediately eligible to participate in this Plan with respect to the wage savings component. Employees who are first employed by an employer after the effective date of this Plan shall be eligible to participate with respect to the wage savings component, after completing 90 days of service, with the participating employer or another employer within the industry. All hours of service and years of service accrued by an employee in work covered by a collective bargaining agreement of another local union, affiliated with International Association of Machinists and Aerospace Workers, or any other predecessor or successor, shall be taken into account for purposes of the eligibility waiting period.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Administration of the plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board consisting of equal representation from participating employers and The International Association of Machinists and Aerospace Workers Local Lodge PM 698.

Contributions

Employers contribute for each hour of service performed in amounts required by the collective bargaining agreement (CBA). The Plan may accept qualified rollover contributions from other plans.

Participants may contribute up to 100 percent of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and employer matching into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service limitations.

One employer covered under the collective bargaining agreement contributed matching contributions of:

- a) 50% up to 6% of compensation (3% maximum match)

1. Description of Plan - continued

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, as well as employer's contributions and allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, employer contributions and employer matching contributions plus actual earnings.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000.00 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate of interest and provide for monthly repayment over a period not to exceed five years.

Payment of Benefits

Benefits are payable on the first day of the month following the attainment of age 59½ or at the participant's subsequent retirement date but prior to April 1st the year following the year in which he or she attains age 70½, if the participant attained age 70½ by December 31, 2019, but if not, then the calendar year in which the participant would have attained age 72. If the participant elects to continue past his or her normal retirement age, he or she will continue as an active participant. No distribution shall be made to such participant until the earlier of his or her actual retirement date or age 70½, if the participant attained age 70½ by December 31, 2019, but if not, then the calendar year in which the participant would have attained age 72, except as otherwise provided in the Plan. Early retirement, separation, death and disability benefits and hardship withdrawals are also allowed based on Plan provisions.

Benefits shall be paid in a lump-sum payment or, if elected, in installment payments. If a participant dies prior to receiving said lump-sum benefit payment, their benefit will be paid to their spouse, or if there is no spouse, to the designated beneficiary. A participant may elect to receive their benefit in partial lump sums. A participant wishing to elect to receive installment or partial lump sum payments must give notice of such election to the plan administrator in the form and manner designated by the plan administrator. Installment payments will begin as soon as administratively feasible after the plan administrator receives notice of the election. Modifications to the amount of the monthly benefit payment may be made at any time, provided that, if notice is not made in time for the plan administrator to process the election in time for the next benefit payment, the election will become effective in the following month. Participants may request multiple partial lump sum distributions during the plan year.

If the value of the participant's non-forfeitable account balance is \$5,000 or less, the plan may immediately distribute the participant's entire non-forfeitable account balance.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants, employers and employer matching contributions are recorded in the year in which the participant, employer contributions and employer matching contributions are withheld from compensation and work month.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies - continued

Employer Contributions Receivable

The plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on employees' hours worked payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. Management of the Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2024 and 2023, all were deemed to be collectible.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditor's report, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan

Notes to Financial Statements

3. Fair Value Measurements -continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

Assets at Fair Value as of December 31, 2024:

	<u>Level 1</u>
Mutual Funds	<u>\$ 64 530 706</u>

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>
Mutual Funds	<u>\$ 62 916 344</u>

4. Related Party and Party In Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the trustee and record keeper for the plan and, therefore, these transactions qualify as party in interest transactions.

Fidelity Management provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan and Fidelity Management. Fidelity Management receives revenue from mutual fund service providers for services Fidelity Management provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Management for its administrative services to the Plan. If the revenue received by Fidelity Management from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. The Plan may also make a payment to Fidelity Management for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan paid certain expenses related to plan operations. These transactions are party in interest transactions under ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the trustees have the right under the Plan to terminate the plan subject to the provisions of ERISA.

International Association of Machinists and Aerospace Workers Great Lakes Region Multiemployer Joint Retirement Plan

Notes to Financial Statements

6. Risks and Uncertainties

Participants invest in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Tax Status

The Plan has received a determination letter dated March 30, 2016, that the plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service, State or Local taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Amendment

The Trustees adopted the First Plan Amendment to the Restated Plan, effective January 1, 2023 regarding SECURE Act 2.0 required changes.
