## **Report of Independent Auditors**

To the Administrator of Harris Associates L.P. Profit Sharing and Savings Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Harris Associates L.P. Profit Sharing and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Basis of Accounting***

As discussed in Note 2 to the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is responsible for the evaluation of whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Profit Sharing and Savings Plan

### Notes to Financial Statements (Modified Cash Basis)

#### December 31, 2024 and 2023

---

#### 1. Description of Plan

The following description of the Harris Associates L.P. Profit Sharing and Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a self-directed defined contribution plan established by Harris Associates L.P. ("Harris") which covers all eligible employees of Harris. The record keeper and trustee are Principal Life Insurance Company and Principal Trust Company (Delaware Charter Guarantee and Trust Company, a Delaware corporation conducting business under the trade name of Principal Trust Company) (the "Trustee" or "Principal"), respectively. An employee becomes a participant of the Plan as soon as administratively possible after their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

##### **Contributions**

Each year, Harris may make a discretionary profit-sharing contribution for the prior Plan year. The contribution allocated to each participant is a percentage of each participant's compensation and is solely at the discretion of Harris. Harris elected to contribute to the Plan an amount equal to 12% of the participant's annual 2024 and 2023 compensation, which was then contributed in 2025 and 2024, respectively. The maximum amount of compensation that may be utilized in this allocation calculation is limited by federal tax law. Each year, participants may contribute up to 50% of their annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (the "Code") limitations. An eligible employee of Harris may transfer their rollover distribution from another plan into the Plan, if the rollover distribution meets certain requirements as defined by the Plan agreement. In addition, Harris shall make non-elective safe harbor contributions to each eligible participant, regardless of whether that participant has made 401(k) contributions to the Plan, in an amount equal to 3% of the participant's annual compensation.

##### **Automatic Enrollment Contribution**

Unless an employee elects otherwise after receiving notice, the employee will be automatically enrolled in the Plan to contribute 6% of eligible compensation, as soon as administratively feasible on or after the Participant's Entry Date, as defined in the Plan agreement. If the participant fails to affirmatively elect a different percentage, the participant's contribution percentage increases 1% annually not to exceed 12% of eligible compensation.

##### **Investments**

Participants direct the allocation of their accounts into investment options offered by the Plan which include mutual funds, collective investment trusts, and an individually directed brokerage account.

##### **Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with participant contributions, allocations of Harris' contributions as described above, and any plan earnings, which are then offset by any withdrawals and allocations of plan losses. The Plan consists of six types of individual accounts which include the following:

**Profit Sharing Account** – amounts contributed by Harris based upon employees' pay and any related investment returns, charges or expenses.

**Pre-Tax 401(k) Account** – amounts contributed pre-tax by participants and any related investment returns, charges or expenses.

**Harris Associates L.P.**  
**Profit Sharing and Savings Plan**  
**Notes to Financial Statements (Modified Cash Basis)**  
**December 31, 2024 and 2023**

---

**Roth 401(k) Account** – amounts contributed post-tax by participants on or after July 1, 2006, and any related investment returns, charges or expenses.

**Pre-Tax Rollover Account** – pre-tax amounts a participant has rolled over or transferred from a previous employer’s plan, and any related investment returns, charges or expenses.

**Roth Rollover Account** – Roth 401(k) amounts a participant has rolled over or transferred from a previous employer's plan, and any related investment returns, charges or expenses.

**Safe Harbor Account** – amounts contributed by Harris based upon employees’ pay and any related investment returns, charges or expenses.

**Vesting**

Participants are 100% vested in the balances in their Pre-Tax 401(k), Roth 401(k), Pre-Tax Rollover, Roth Rollover and Safe Harbor Accounts.

Participants will be 100% vested in their Profit Sharing Account while employed by Harris after three years of vesting service are completed, upon reaching age 65, becoming disabled, or death. Participants who terminate employment with Harris vest as follows:

<b>Years of Service</b>	<b>Vested Percentages</b>
Less than two years	0%
Two years, but less than three years	34%
Three years	100%

Participants earn a year of vesting service for each Plan year in which they complete 1,000 or more hours of service for Harris. An hour of service is any hour for which the employee is paid or entitled to payment from Harris. This includes hours worked as a salaried or an hourly employee and hours paid for holidays, paid time off (PTO), short-term disability, parental leave and jury or military duty.

**Payment of Benefits**

Actively employed participants may make withdrawals from their after-tax and rollover accounts for any reason. After five years of participation in the Plan, regardless of age, a participant may request an in-service withdrawal in the form of a direct transfer of all or part of their Plan account balance to an Individual Retirement Account ("IRA"). Upon separation from Harris and no longer an active plan participant, participants may not leave their accounts in the Plan if the combined account balance is less than \$5,000.

At age 59 1/2, an active or inactive participant may withdraw all or any portion of the balances in the Plan. At normal retirement age (65), participants can request payment in a lump sum, a direct transfer, or leave their accounts in the Plan. Participants must commence receiving minimum distributions from their accounts after reaching age 73. A participant may not elect a distribution from their Plan account prior to attaining age 59 1/2 unless terminated or satisfying the requirements for hardship withdrawals as stated in the Plan document, as amended.

**Notes Receivable from Participants**

Under the prototype Plan with Principal a participant can request a loan upon completion of at least three years of vesting service. The amount of the loan shall not exceed the maximum amount that may be treated as a loan under Code Section 72(p) (rather than a distribution) to the Participant and shall be equal to the lesser of (a) \$50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) The greater of (1) or (2): 1) One-half of the Participant’s Vested Account (without regard to any accumulated

deductible employee contributions, as defined in Code Section 72(o)(5)(B)), or 2) \$10,000. The minimum amount of any loan is \$1,000. The foregoing notwithstanding, the amount of such loan shall not exceed 50% of the amount of the participant's vested account reduced by any outstanding loan balance on the date the new loan is made. Participant loans are due over 5 years, or 10 years if related to the purchase of a principal residence. Loan interest rate is at the Federal prime rate plus two points. Principal and interest is paid ratably through monthly payroll deductions. Per the plan adoption agreement, a participant cannot have more than one loan at a time.

**Forfeited Accounts**

At December 31, 2024 and 2023, the forfeited non-vested accounts totaled \$260,309 and \$162,556, respectively. These accounts can be used to offset Harris' contributions, reinstate accrued benefits or to pay Plan expenses (to the extent not paid by Harris and only at the discretion of the Committee). In 2024, \$123,961 of forfeitures were used to offset Harris' contributions.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared based on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis of accounting is permitted under the Department of Labor's Rules and Regulations. Under the modified cash basis of accounting, contributions made by participants and Harris are not recorded until received. Contributions received in 2025 related to 2024 compensation of \$5,662,158 have not been recorded as receivables in the financial statements. Contributions received in 2024 related to 2023 compensation of \$5,513,263 were recorded as contributions in the 2024 financial statements, less total forfeitures of \$123,961.

**Use of Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in collective investment trusts are valued with the underlying net asset value ("NAV") of the fund as a practical expedient. Investments in U.S. government securities are valued at amortized cost which approximates fair value. The fair value of the shares of money market instruments and equity and bond mutual funds is based upon quoted market prices, which represent the NAV of shares held by the Plan at year end. The change in fair value

**December 31, 2024 and 2023**

---

of the investments is reflected in the statement of changes in net assets available for benefits as net appreciation/depreciation in fair value of investments.

Purchases and sales of investments are recorded on a modified cash basis on the settlement date of the purchase or sale. Income from investments is recognized when received and is allocated to the appropriate participants' accounts.

**Notes Receivable From Participants**

Notes receivable from participants are stated at unpaid principal.

**Payment of Benefits**

Benefits are recorded when paid.

**3. Information Certified by the Trustee**

The Trustee is certifying information as of December 31, 2024 and 2023 and for the year ended December 31, 2024. The investment assets of the Plan at December 31, 2024 and 2023 were held, and all transactions therein were executed, by Principal under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investment information included in the accompanying financial statements and the Schedule H, line 4i-Schedule of Assets (Held at End of Year). Information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) relating to investments, notes receivable from participants and income derived therefrom was prepared by or derived from information prepared by the Trustee of the Plan and furnished to Harris. Harris has obtained a certification from Principal as trustee as of December 31, 2024 and December 31, 2023 and for the year then ended, December 31, 2024, that such information is complete and accurate.

Such information includes investments at fair value, notes receivable from participants and dividend income, interest income on notes receivable from participants, and net appreciation in fair value of investments as shown in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

**4. Fair Value Measurements**

Accounting guidance around the fair value of financial instruments establishes a framework that prioritizes the inputs to valuation techniques used to measure fair value into a hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable market inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

*Level 2* – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active or inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs derived principally from or corroborated by observable market data by correlation or other means.

**Harris Associates L.P.**  
**Profit Sharing and Savings Plan**  
**Notes to Financial Statements (Modified Cash Basis)**  
**December 31, 2024 and 2023**

---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

**Mutual Funds**

The shares of these investment types are valued at quoted market prices on an exchange in active markets, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

**Collective Investment Trusts**

The collective trusts are valued at the NAV of the units of the collective trust as a practical expedient.

## 5. Income Tax Status

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. Harris has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is a Prototype Non-standardized Profit Sharing Plan with CODA sponsored by Principal Life Insurance Co. and adopted by Harris. Principal Life Insurance Co. received an opinion letter from the Internal Revenue Service (the "IRS"), dated June 30, 2020, which states that the standardized document on which the Plan is based satisfies the applicable provisions of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been

**December 31, 2024 and 2023**

amended since the date of the opinion letter, Harris believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

**6. Parties-in-Interest Transactions and Related Party Transactions**

Harris serves as investment adviser to certain mutual funds and collective investment trusts in which the Plan has investments. All transactions involving these investments and loans to participants are considered party-in-interest transactions. These party-in-interest transactions are not considered prohibited transactions under ERISA regulations.

The related party investments as of December 31, 2024 and 2023 are as follows:

The net appreciation of related party investments was approximately \$48.9 million as of December 31, 2024, and the total related party dividend income was approximately \$0.29 million during 2024.

Although not required by the Plan agreement, Harris paid legal, accounting and other service expenses on behalf of the Plan during the year ended December 31, 2024.

**7. Plan Termination**

Although it has not expressed any intent to do so, Harris has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts allocated to participant accounts shall vest immediately. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as Harris may determine.

**8. Risks and Uncertainties**

The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
