## INDEPENDENT AUDITOR'S REPORT

Qualified Plans Administrative Committee  
Herbert, Rowland & Grubic, Inc.  
Employee Stock Ownership Plan

### ***Opinion***

We have audited the financial statements of Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023 and the changes in net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control–related matters that we identified during the audits.

***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information noted in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# HERBERT, ROWLAND & GRUBIC, INC. EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS

### 1. DESCRIPTION OF THE PLAN

The following brief description of the Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

Herbert, Rowland & Grubic, Inc. (the Company) established the Plan effective as of January 1, 2007. The Plan is an employee stock ownership plan (ESOP) and Stock Bonus Plan, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provision of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator has exclusive discretionary responsibility and authority to control and manage the operation and administration of the Plan, including the interpretation and application of its provisions, except to the extent such responsibility and authority are otherwise specifically (a) allocated to the Company or the Trustee under the Plan or trust agreement, (b) delegated to other persons by the Company, the Plan administrator, or the Trustee, or (c) allocated to another party by operation of law. The Plan administrator seeks advice regarding the Plan from the Qualified Plans Administrative Committee. The Plan administrator has no investment responsibility with respect to the Trust Fund. The trust department of an independent third-party bank is the Plan's Trustee.

In 2008, the Plan purchased 30,121 shares of convertible preferred company stock. The purchase price was approximately \$415 per share for an aggregate purchase price of exactly \$12,500,000 that was financed via an Acquisition Loan with the Company. The stock is held in the Herbert Rowland & Grubic, Inc. Employee Stock Ownership Trust (Trust) established under the Plan. During December 2020, convertible preferred stock was converted to Series A common stock. The Plan document requires that the Trustee invest primarily in Company stock that has a combination of voting power and dividend rights which equals or exceeds the class of common stock having the greatest voting power and the class of common stock having the greatest dividend rights. The Company's Series A common stock meets this criteria. These shares were fully allocated to participants as of December 31, 2022, upon full repayment of the Acquisition loan.

#### *Eligibility*

The Plan covers all employees of the Company with the exception of leased employees, employees of an affiliated company (unless such affiliated company has specifically adopted this plan in writing), employees under a collective bargaining agreement, and employees classified under terms of the company's employment status policy as "temporary", "on-call", or "third party", which excludes them from participation in the Plan.

To participate in the Plan, employees must attain the age of 21 and complete 1,000 hours of service at the close of their first 12 months of employment or subsequent plan year. Participants who are not

### NOTES TO FINANCIAL STATEMENTS

employed on the last working day of the Plan year are generally not eligible for an allocation of Company contributions. Eligible employees may enter the Plan as of the beginning of the plan year in which the eligibility requirements are met.

The allocation of shares is prohibited to certain employees in accordance with IRC section 409(n). Employees prohibited from the allocation of shares sold to the ESOP under a Section 1042 election are the selling shareholders and greater than 25% shareholders and their relatives.

#### ***Payment of Benefits***

Generally, the payment of benefits from the Plan will occur after termination of employment (including retirement, death, or disability). Distribution of a participant's account will be made in cash as the Company's bylaws restrict ownership of company stock to its employees and/or qualified trusts established for the benefit of its employees.

The distribution of the participant's account will be made in substantially equal periodic payments over a period of five years. Each installment will be equal to the value of the participant's account at the time of distribution divided by the remaining number of installments to be paid unless a lump sum payment is made as determined by the Plan administrator and participant. If the account balance is \$1,000 or less when the participant terminates employment, he or she shall receive a lump sum payment of the vested balance by the end of the plan year following the year of termination.

Excluding distributions less than \$10,000 or due to death, disability, or attainment of normal retirement age, the distribution of the portion of the participant's vested account that is Company stock acquired through an Acquisition Loan shall not commence prior to the plan year following the plan year in which the Acquisition Loan is repaid in full, unless elected by the Plan administrator and the participant.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2024, the Company made contributions to repurchase from participants 1,674 shares at a price determined from an independent appraisal to pay participant distributions.

#### ***Voting Rights***

All company stock held by the Plan Trustee is voted by the Trustee with respect to all corporate matters upon which Company shareholders are entitled or permitted to vote, except for any matter that involves the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or similar transaction, in which case each participant will have the right to direct the voting of any Company stock allocated to his or her account. Each participant will have one vote for each share of Company stock in his or her account. The Trustee will vote such allocated shares of Company stock as instructed by

participants. Allocated shares for which no directions are received shall be voted by the Trustee at its discretion.

#### ***Plan Termination***

The Company reserves the right to terminate the Plan and the Herbert, Rowland & Grubic, Inc. Employee Stock Ownership Trust agreement between the Company and the Trustee, in whole or in part, at any time, by the sole action of the Board of Directors. At this time, the accounts of participants affected shall be fully vested and non-forfeitable and distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC. Termination shall not retroactively reduce the rights of participants nor permit any of the Trust assets to be diverted or used for any purpose other than for the exclusive benefit of the participants and beneficiaries.

#### ***Contributions***

The Company's contributions are discretionary and determined by the Board of Directors. However, employer contributions to the Plan for each plan year shall never be less than the amount required to enable the Trust to discharge any currently maturing obligations under any Acquisition Loan. Company contributions to the Trust shall constitute a fund held for the benefit of participants in accordance with the Plan. No part of the principal or income may be used for purposes other than the exclusive benefit of the participants. Employee contributions are not permitted.

#### ***Participant Accounts***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. As of the last day of each plan year, each participant accounts are credited with allocations of:

- (1) Shares of the Company's stock released by the Trustee from the unallocated account, due to employer contributions applied to the payment of principal and interest on any Acquisition Loan
- (2) Contributions made to repurchase vested shares of terminated participants
- (3) Contributions made to repurchase shares of participants who have elected to diversify
- (4) Amounts forfeited from terminated nonvested participants' accounts

Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations of contributions are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to all participants' balances.

### ***Vesting***

Vesting of participant accounts is determined by the following vesting schedule and is based on years of vesting service. For vesting purposes, a year of service means any plan year during which an employee completes 1,000 or more hours of service.

<u>Vesting Schedule</u>	
<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, participants become fully vested upon retirement, death, or total and permanent disability.

### ***Diversification***

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55, with at least 10 years of participation in the Plan, may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In the first five years, a participant may diversify up to 25 percent of his or her cumulative stock balance (less amounts already diversified). In the sixth year, the percentage increases to 50 percent. Participants who elect to diversify receive a cash distribution.

### ***Forfeitures***

If all or a portion of a participant's account is not vested under the Plan upon a participant's termination of employment, the nonvested portion of his or her account shall remain in the Plan, but no further allocations of Company contributions or forfeitures shall be made to the participant's account. The nonvested portion of the participant's account shall be forfeited and deemed to be a Company contribution to the Plan upon either the segregation of the participant's account, distribution of the participant's entire vested account balance, or completion of a five-year break in service. If a portion of a participant's account is forfeited, employer stock acquired with an Acquisition Loan and allocated to the participant's account shall be forfeited only after other assets.

Employer contributions and plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants during 2024 was 32 shares

of stock and \$3,067 of cash. All forfeited non-vested accounts were allocated as of December 31, 2024 and 2023.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Allocations***

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid. Shares are fully allocated at December 31, 2024 and 2023.

#### ***Investment Valuation and Income Recognition***

Investments, including shares of the Company, are valued at fair value. See Note 5 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Expenses***

As provided in the Plan agreement, administrative expenses may be paid by either the Plan or the Company. The Company has historically paid the operating expenses of the Plan.

## NOTES TO FINANCIAL STATEMENTS

### *Payment of Benefits*

Benefits are recorded when paid.

### *Subsequent Events*

The Plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

## 3. ADMINISTRATION OF PLAN ASSETS

Plan assets consist primarily of Company shares and a money market fund which are held by the Trustee of the Plan as of December 31, 2024 and 2023.

Company contributions are received by the Trustee and remitted to the third party administrator, Principal, for segregation and subsequent distribution. Principal segregates participant accounts at the direction of Plan management and makes distributions of segregated balances at a participant's request. The Trustee also administers the payment of interest and principal on any loans, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## 4. INVESTMENTS

The Plan's investments in the Company's stock at December 31, 2024 and 2023, are as follows:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	30,121	-	30,121	-
Cost	\$ 12,500,000	\$ -	\$ 12,500,000	\$ -
Fair value	\$ 50,040,921	\$ -	\$ 40,679,012	\$ -

On June 13, 2025, an independent appraiser completed a valuation of the share price of the Company common stock as of December 31, 2024. As a result of this appraisal, the fair value of each share of the Company common stock increased to \$1,661.33 per share as of December 31, 2024, from \$1,350.52 per share as of December 31, 2023.

### 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Herbert, Rowland & Grubic, Inc. stock:* The fair market value of the Company stock held by the Plan is valued at fair market value based on an independent appraisal. This appraisal was based upon a combination of the market approach and income approach methodologies. The appraiser took into account historical and projected cash flows and net income, return on assets, return on equity, market comparable, and fair market value of company assets and liabilities in determining the fair market value of the stock.

## HERBERT, ROWLAND & GRUBIC, INC. EMPLOYEE STOCK OWNERSHIP PLAN

### NOTES TO FINANCIAL STATEMENTS

The valuation process involves the Trustee's selection of an independent appraiser. Company management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a preliminary report of estimated per share value which the Board of Directors and Trustee review in detail, discuss, and approve.

*Money market mutual funds:* Valued at the closing price as reported by the fund. The money market funds held are open-end money market funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investment in Herbert, Rowland & Grubic, Inc. stock	\$ -	\$ -	\$ 50,040,921	\$ 50,040,921

Total assets at fair value	\$ 866,905	\$ -	\$ 50,040,921	\$ 50,907,826

Assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investment in Herbert, Rowland & Grubic, Inc. stock	\$ -	\$ -	\$ 40,679,012	\$ 40,679,012

## NOTES TO FINANCIAL STATEMENTS

For the year ended December 31 2024, there were no purchases and issues or transfers into or out of level 3.

### 6. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated August 8, 2016, stating that the Plan is qualified under the IRC and, therefore, the related Trust is exempt from taxation. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan was qualified and the related Trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. RELATED PARTY AND PARTY IN INTEREST

The Plan invests in common shares of the Company's stock. Herbert, Rowland & Grubic, Inc. is the Plan's sponsor, and therefore all transactions in common shares of the Company stock qualify as related party and party in interest transactions.

Service providers, as described in Note 3, are also parties-in-interest under ERISA.

### 8. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of common shares of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.
