Independent Auditors' Report

THE ERISA COMMITTEE
THE DAVID AND LUCILE PACKARD FOUNDATION
EMPLOYEE CONTRIBUTION RETIREMENT PLAN
Los Altos, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **THE DAVID AND LUCILE PACKARD FOUNDATION EMPLOYEE CONTRIBUTION RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

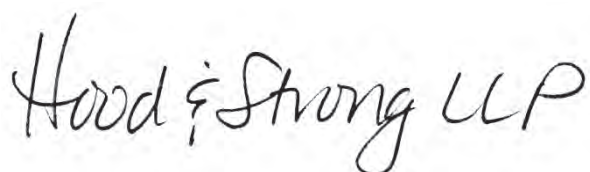

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements (Modified Cash Basis)

Note 1 - Plan Description:

The following description of The David and Lucile Packard Foundation Employee Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by The David and Lucile Packard Foundation (the Foundation) to provide benefits to eligible employees, as defined in the Plan document. The Plan was established in January 1998. This Plan also includes the frozen David and Lucile Packard Foundation Amended and Restated Retirement Plan (the Prior Plan) which was merged into the Plan on July 1, 2008. The Plan is a custodial account plan invested in registered investment companies – mutual funds. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The ERISA Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April 7, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has also implemented certain other requirements by the CARES Act whose changes to the Plan include, among others, allowing certain eligible individuals to receive coronavirus-related relief for loan repayment, suspending required minimum distributions, and delaying the commencement date for required minimum distributions.

Effective April 8, 2021, the Plan was amended to include the qualified birth or adoption provision.

The Plan also adopted the provisions of the SECURE Act 2.0 that was signed into law on December 29, 2022. This includes the increase in required minimum distribution (RMD) age to 72 years old effective tax years beginning 2023. Most of the provisions in the SECURE Act 2.0 legislation are optional and many require regulatory guidance prior to implementation. The Plan continues to operate under required legislative and regulatory requirements. Written amendments to the Plan to reflect the operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility

No age or service requirements exist. All employees are eligible to enter the Plan on the date of hire.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Contributions

Employees may make contributions to the Plan on a pre-tax basis or Roth basis, not to exceed the amount allowable under current income tax regulations.

Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may rollover amounts representing distributions from other qualified plans.

The Roth 403(b) option allows participants to contribute after-tax dollars to their investment account, which will not be taxed when withdrawn in retirement. The Roth In-Plan Conversion feature permits employees to convert existing 403(b) pre-tax contribution accounts to Roth contribution accounts within the Plan, subject to certain IRS limits and regulations. To be eligible to make an In-Plan Conversion, the participant must be eligible to receive a distribution of the amounts being converted at the time of the conversion.

Payment of Benefits

Upon termination of service, due to death, disability or retirement, a participant or his/her beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments.

Effective April 2016, the Plan provides for automatic lump-sum distributions. Prior to that date, the Plan had not provided for automatic lump-sum distributions of small account balances.

If a terminated participant's account is greater than \$1,000 but not more than \$5,000 and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan on behalf of the participant as determined by the Plan Administrator. The Plan Administrator has designated Fidelity Individual Retirement Accounts (IRA) to receive the automatic rollovers from the Plan. Any balance less than \$1,000 will be distributed directly to the participant as a lump-sum payment.

None of the participants at December 31, 2024 and December 31, 2023 had requested to withdraw from the Plan and had not been paid as of those dates.

Participant Accounts

Each participant's account is credited with the participant's contributions, participant's qualified rollover contributions, plan earnings or losses, and a reduction for administrative expenses.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Participant Investment Options

Upon enrollment in the Plan, a participant must direct his/her contributions and, if applicable, a participant's qualified rollover contributions in any of the investment options, as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Vesting

Participants' deferral contributions and rollovers of funds from other qualified plans and earnings thereon are immediately 100% vested.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Plan Custodian

The Foundation appointed Fidelity Management Trust Company (the Custodian) as the Custodian of the Plan and an affiliate of the Custodian to process and maintain the records of participant data. All of the Plan's assets are held by the Custodian.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. Consequently, certain revenues and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to be presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are received into the Plan.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's ERISA Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sales of investment purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2024.

The Foundation may, at its discretion, absorb certain administrative expenses of the Plan, while the remaining expenses are paid by the Plan. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements under the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits to Participants

Benefits are recorded when paid.

Administrative Expenses and Revenue Credit

The ERISA Committee approved waiving the participants' share of the recordkeeping fees. Participants investing in investments that generate a revenue credit receive any applicable revenue credit at the close of each quarter. These amounts were applied as an offset to administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2024 through September 15, 2025, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Certified Information:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023 and net appreciation in the fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered investment companies: valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>As of December 31, 2024</u>	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Notes to the Financial Statements (Modified Cash Basis)

Note 5 - Plan Termination:

Although the Foundation has not expressed any intent to do so, the Foundation has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 6 - Tax Status:

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Internal Revenue Code. In September 2018, the Plan adopted a 403(b) Volume Submitter Plan sponsored by Fidelity Workplace Services LLC. A favorable opinion letter from the Internal Revenue Service was issued on August 7, 2017 regarding the qualified status of the volume submitter 403(b) plan on which the terms of the Plan are based. The Plan has not filed for a determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been made.

Note 7 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rates, market fluctuations and credit risks. Due to the nature of risks associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Fidelity Contra Fund K6 represented 14% of Plan net assets available for benefits at December 31, 2024 and 2023. The Fidelity Growth Company Fund K6 represented 15% and 13% of Plan net assets available for benefits at December 31, 2024 and 2023, respectively, and Fidelity 500 Index represented 10% of Plan net assets available for benefits at December 31, 2024.

Note 8 - Related Party Transactions:

Substantially all Plan investments are managed by an affiliate of Fidelity Management Trust Company, which is the Custodian of the Plan. Any purchases and sales of these funds are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Certain administrative functions are performed by officers or employees of the Foundation. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Foundation.

For the year ended 2024, the Plan received \$3,203 of revenue sharing income. Plan administrative expenses paid for by the Plan were \$3,443. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Independent Auditors' Report

THE ERISA COMMITTEE
THE DAVID AND LUCILE PACKARD FOUNDATION
EMPLOYEE CONTRIBUTION RETIREMENT PLAN
Los Altos, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **THE DAVID AND LUCILE PACKARD FOUNDATION EMPLOYEE CONTRIBUTION RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

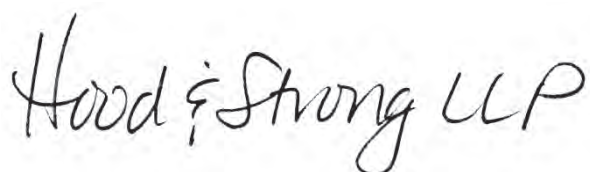

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description:

The following description of The David and Lucile Packard Foundation Employee Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by The David and Lucile Packard Foundation (the Foundation) to provide benefits to eligible employees, as defined in the Plan document. The Plan was established in January 1998. This Plan also includes the frozen David and Lucile Packard Foundation Amended and Restated Retirement Plan (the Prior Plan) which was merged into the Plan on July 1, 2008. The Plan is a custodial account plan invested in registered investment companies – mutual funds. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The ERISA Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April 7, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has also implemented certain other requirements by the CARES Act whose changes to the Plan include, among others, allowing certain eligible individuals to receive coronavirus-related relief for loan repayment, suspending required minimum distributions, and delaying the commencement date for required minimum distributions.

Effective April 8, 2021, the Plan was amended to include the qualified birth or adoption provision.

The Plan also adopted the provisions of the SECURE Act 2.0 that was signed into law on December 29, 2022. This includes the increase in required minimum distribution (RMD) age to 72 years old effective tax years beginning 2023. Most of the provisions in the SECURE Act 2.0 legislation are optional and many require regulatory guidance prior to implementation. The Plan continues to operate under required legislative and regulatory requirements. Written amendments to the Plan to reflect the operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Eligibility

No age or service requirements exist. All employees are eligible to enter the Plan on the date of hire.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Contributions

Employees may make contributions to the Plan on a pre-tax basis or Roth basis, not to exceed the amount allowable under current income tax regulations.

Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may rollover amounts representing distributions from other qualified plans.

The Roth 403(b) option allows participants to contribute after-tax dollars to their investment account, which will not be taxed when withdrawn in retirement. The Roth In-Plan Conversion feature permits employees to convert existing 403(b) pre-tax contribution accounts to Roth contribution accounts within the Plan, subject to certain IRS limits and regulations. To be eligible to make an In-Plan Conversion, the participant must be eligible to receive a distribution of the amounts being converted at the time of the conversion.

Payment of Benefits

Upon termination of service, due to death, disability or retirement, a participant or his/her beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments.

Effective April 2016, the Plan provides for automatic lump-sum distributions. Prior to that date, the Plan had not provided for automatic lump-sum distributions of small account balances.

If a terminated participant's account is greater than \$1,000 but not more than \$5,000 and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan on behalf of the participant as determined by the Plan Administrator. The Plan Administrator has designated Fidelity Individual Retirement Accounts (IRA) to receive the automatic rollovers from the Plan. Any balance less than \$1,000 will be distributed directly to the participant as a lump-sum payment.

None of the participants at December 31, 2024 and December 31, 2023 had requested to withdraw from the Plan and had not been paid as of those dates.

Participant Accounts

Each participant's account is credited with the participant's contributions, participant's qualified rollover contributions, plan earnings or losses, and a reduction for administrative expenses.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Participant Investment Options

Upon enrollment in the Plan, a participant must direct his/her contributions and, if applicable, a participant's qualified rollover contributions in any of the investment options, as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Vesting

Participants' deferral contributions and rollovers of funds from other qualified plans and earnings thereon are immediately 100% vested.

Notes Receivable from Participants

The Plan does not allow for participant loans.

Plan Custodian

The Foundation appointed Fidelity Management Trust Company (the Custodian) as the Custodian of the Plan and an affiliate of the Custodian to process and maintain the records of participant data. All of the Plan's assets are held by the Custodian.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. Consequently, certain revenues and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to be presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are received into the Plan.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's ERISA Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sales of investment purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2024.

The Foundation may, at its discretion, absorb certain administrative expenses of the Plan, while the remaining expenses are paid by the Plan. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements under the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits to Participants

Benefits are recorded when paid.

Administrative Expenses and Revenue Credit

The ERISA Committee approved waiving the participants' share of the recordkeeping fees. Participants investing in investments that generate a revenue credit receive any applicable revenue credit at the close of each quarter. These amounts were applied as an offset to administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

The David and Lucile Packard Foundation Employee Contribution Retirement Plan

Notes to the Financial Statements (Modified Cash Basis)

Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2024 through September 15, 2025, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Certified Information:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023 and net appreciation in the fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered investment companies: valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Notes to the Financial Statements (Modified Cash Basis)

Note 5 - Plan Termination:

Although the Foundation has not expressed any intent to do so, the Foundation has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 6 - Tax Status:

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Internal Revenue Code. In September 2018, the Plan adopted a 403(b) Volume Submitter Plan sponsored by Fidelity Workplace Services LLC. A favorable opinion letter from the Internal Revenue Service was issued on August 7, 2017 regarding the qualified status of the volume submitter 403(b) plan on which the terms of the Plan are based. The Plan has not filed for a determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been made.

Note 7 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rates, market fluctuations and credit risks. Due to the nature of risks associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Fidelity Contra Fund K6 represented 14% of Plan net assets available for benefits at December 31, 2024 and 2023. The Fidelity Growth Company Fund K6 represented 15% and 13% of Plan net assets available for benefits at December 31, 2024 and 2023, respectively, and Fidelity 500 Index represented 10% of Plan net assets available for benefits at December 31, 2024.

Note 8 - Related Party Transactions:

Substantially all Plan investments are managed by an affiliate of Fidelity Management Trust Company, which is the Custodian of the Plan. Any purchases and sales of these funds are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
