INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator of
R.L.O., Inc. 401(k) Profit Sharing Plan & Trust

Opinion

I have audited the accompanying financial statements of R.L.O., Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of R.L.O., Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements of my report. I am required to be independent of R.L.O., Inc. 401(k) Profit Sharing Plan & Trust and to meet my other ethical responsibilities in accordance with the relevant ethical requirements related to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about R.L.O., Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of R.L.O., Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about R.L.O., Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

Report on Supplemental Information

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion, the information in the accompanying schedule is fairly stated, in all material respects, in the relation to the financial statements taken as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

R.L.O., INC. 401(k) PROFIT SHARING PLAN & TRUST

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN:

The following brief description of the R.L.O., Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General—The Plan, which became effective January 1, 2001, is a defined contribution plan. Employees of R.L.O., Inc. (the “Sponsor”), who have completed one year of service and attained age 18, are eligible for entry into the Plan on the following January or July after eligibility has been achieved. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Participant contributions are limited to not exceed a dollar limit that is set by law. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Sponsor makes a matching contribution equal to 100% of the employee’s elective deferrals up to 3% of the employee’s compensation and 50% of the employee’s elective deferrals from 3% to 5% of the employee’s compensation.

The Sponsor may also make discretionary Qualified Non-Elective Contribution (“QNEC”) contributions and profit sharing contributions to all plan participants who actively employed on the last day of the plan year and completed at least 1,000 hours of service during the plan year.

There is a limit placed on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the employer matching percentage, and the total defined contribution percentage comply with several tests as prescribed by law. If the tests are not met, the Sponsor reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts—Each participant account is credited with the participant’s contribution and allocations of the sponsor contributions and the plan earnings. The benefit to which a participant is entitled is the amount that can be provided from the participant’s vested account.

Vesting—Participants are immediately vested in their salary deferrals and QNEC contributions plus actual earnings thereon. As the Sponsor adopted a safe harbor match formula, participants are also immediately vested for matching contributions.

Loans—Participants may obtain a loan through the Plan, subject to rules and requirements outlined in the plan document. These are disclosed as notes receivable from participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting—The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition—Investments are valued at fair value. Fair value is reported by Paychex Retirement Services, the custodian, based on the market value of underlying securities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation in the fair value of investments represents net realized gains on investments sold during the year and net unrealized gains on investments held at the end of the year. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

A participant may direct the investment of the portion of their account attributable to deferral and matching contributions. Twenty-six investment funds are available, all of which are mutual funds. The mutual funds include large, med, and small cap funds, money market funds, bond funds, international funds, and index funds. Participants may change their invest options at any time.

Withdrawals and payment of benefits—Withdrawals and benefits are recorded upon distribution.

Administrative expenses—Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Sponsor has elected to pay certain costs associated with plan administration from its operating assets.

Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. TAX STATUS:

The Sponsor adopted a Defined Contribution Prototype Plan & Trust, for which a letter from the Internal Revenue Service has been received indicating that an employer who adopts this prototype plan will be considered to have a plan qualified under applicable sections of the Internal Revenue Code (IRC). The Sponsor has elected not to request a separate determination letter for the Plan. The Sponsor and the plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

With few exceptions, the Plan's federal information returns are no longer subject to examination by the Internal Revenue Service for the years before 2021.

4. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

5. FAIR VALUE MEASUREMENTS:

The Plan applies accounting principles generally accepted in the United States of America (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is defined as the price that would be received for an asset or paid to transfer a liability, in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The Plan has determined that the only material financial assets or liabilities that are measured at fair value on a recurring basis and categorized using the fair value hierarchy are investments. Investments are made up of equity securities and fixed income securities. These investments are valued using quoted market prices for similar assets. All investments at December 31, 2024 are measured at Level 1 inputs. Significant transfers between fair levels are determined at the end of the reporting period. There were no significant transfers in 2024.

6. SUBSEQUENT EVENTS:

The Sponsor evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements considered events through October 3, 2025, the date on which the financial statements were available to be issued.
