Board of Directors and Trustee  
APMC Holdings, Inc. Employee Stock Ownership Plan

### *Opinion*

We have audited the accompanying financial statements of the APMC Holdings, Inc. Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

## ***INDEPENDENT AUDITOR'S REPORT (CONTINUED)***

### ***Responsibilities of Management for the Financial Statements (Continued)***

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## *INDEPENDENT AUDITOR'S REPORT (CONTINUED)*

### *Emphasis of Matter - Investments*

As discussed in Note 3, the financial statements include an investment representing approximately 100 percent of total assets as of December 31, 2024 and 2023, whose fair value has been estimated by an independent appraisal, in the absence of readily ascertainable fair values, with the assistance of management and approved by the Trustee. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material.

### *Supplemental Schedule Required by ERISA*

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2024 and 2023

---

## ***Note 1 – Plan Description***

The following description of the APMC Holdings, Inc. Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

APMC Holdings, Inc. and its wholly-owned subsidiaries (collectively referred to as Company) established the Plan effective as of April 15, 2013. As of January 1, 2016, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of ERISA. The Company's Board of Directors administers the Plan and has appointed a directed independent third-party Trustee.

On April 15, 2013, the Plan purchased 500,000 shares of the Company's common stock for \$4,750,000 using the proceeds of a borrowing issued by the Company (see Note 5) and holds the common stock in a trust established under the Plan. The stock was purchased at a price of \$9.50 per share, for an aggregate purchase price of \$4,750,000.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The Company, as the lender, has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

1. the accounts of employees with rights in allocated common stock (allocated), and
2. common stock not yet allocated to employees (unallocated).

### **Eligibility**

Employees of the Company are generally eligible to become participants of the Plan after six months of service, providing they worked at least 1,000 hours during such Plan year, and are age 18 or older. Participants who have not completed 1,000 hours of service during such Plan year, or are not actively employed on the last day of the Plan year, are generally ineligible for an allocation of Company contributions for such year.

### **Contributions**

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends, if any, and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its note payable. Additional contributions may be made at the Company's discretion. Employee contributions are not permitted.

### ***Note 1 – Plan Description (Continued)***

#### *Payment of Benefits*

Distributions on account of death, disability, retirement, or termination of service generally can be made in the form of a lump-sum, installments over five to ten years after the Plan year valuation following the event, or a transfer to the American Plastic Molding Corp. 401(k) Plan if a participant does not elect to receive a distribution of their Company stock account. Distributions are made in the form of cash.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

#### *Administrative Expenses*

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Company paid the administrative expenses for the Plan for the year ended December 31, 2024.

#### *Voting Rights*

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required; however, to vote any unallocated shares on behalf of the collective best interest of the Plan participants and beneficiaries.

#### *Participant Accounts*

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on the participant's eligible compensation, relative to total eligible compensation of the Plan. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance, relative to the total account balances of the Plan.

During the Plan year ended December 31, 2024, the Plan utilized cash loaned from the Company in the form of a Department of Labor Prohibited Transaction Class Exemption 80-26 loan. As further described in Note 6, this loan resulted in \$3,052,022 being loaned to the Plan by the Company to pay benefits to the participants of the Plan.

## NOTES TO FINANCIAL STATEMENTS

### ***Note 1 – Plan Description (Continued)***

#### ***Vesting***

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Vesting begins at 20 percent after two years of service with participants becoming fully vested after six years of service.

#### ***Put Option***

Under federal income tax regulations, the employer common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

#### ***Transfer of Assets and Diversification***

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent of their account balance. Qualified terminated participants who elect to diversify are only permitted to receive a cash distribution and qualified participants still employed are only permitted to transfer funds to the Company's 401(k) plan. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end. Any diversifications made to the Company's 401(k) plan during the year are presented as a transfer of assets on the statement of changes in net assets available for benefits.

Effective August 26, 2024, the Plan was amended to provide the Plan with the discretion to permit additional diversification opportunities for eligible participants. Eligible participants are any plan participants who have attained age 64, were an active employee and a participant in the ESOP plan as of December 31, 2023, has a statutory right to diversify, and has a vested balance in the ESOP plan. Each eligible participant was permitted to direct the ESOP plan to invest up to 25 percent of the participants' stock account balance as of December 31, 2023, less any shares previously diversified or having the right to diversify under the ESOP plan in 2023.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

### ***Note 1 – Plan Description (Continued)***

#### ***Forfeitures***

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants as of December 31, 2024 and 2023 totaled approximately \$178,000 and \$56,000, respectively.

### ***Note 2 – Significant Accounting Policies***

#### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Allocations***

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated), and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

#### ***Investment Valuation and Income Recognition***

The shares of Company common stock are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of the Company's common stock are recorded on a trade-date basis. Net depreciation in fair value of the Company's common stock includes the Plan's gains and losses on the Company's common stock bought and sold as well as held during the year.

#### ***Payment of Benefits***

Benefits are recorded when paid.

### Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

### *Note 4 – Fair Value Measurements (Continued)*

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

|                                    | Assets at Fair Value as of December 31, |                      |

|                                    | Level 3                                 | Level 3              |
| Investment in Company common stock | <u>\$ 23,905,000</u>                    | <u>\$ 25,570,000</u> |

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Company common stock:* The Company common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based on the income valuation technique consistent with prior year. The appraiser ultimately based the valuation upon the discounted cash flow method.

### *Note 4 – Fair Value Measurements (Continued)*

#### *Changes in Fair Value of Level 3 Assets and Related Gains and Losses (Continued)*

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

|   | <u>Investment in APMC<br/>Holdings, Inc.<br/>Common Stock</u> |
|---|---|
| Balance at beginning of year  | \$ 25,570,000   |
| Unrealized depreciation in estimated fair value   | <u>(1,665,000)</u>  |
| Balance at end of year  | <u><u>\$ 23,905,000</u></u>                                   |
| The amount of total losses for the period included in changes<br>in net assets attributable to the change in unrealized losses<br>relating to assets still held at the reporting date | <u><u>\$ (1,665,000)</u></u>                                  |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan repurchased 64,130 shares from participants valued at \$3,279,598 of the Plan's Level 3 assets for the year ended December 31, 2024, which includes amounts transferred to the 401(k) plan. These shares are included as allocated shares as of December 31, 2024.

### NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

#### ***Note 5 – Note Payable***

In 2013, the Plan entered into a \$4,750,000 stock purchase agreement with the Company for the purchase of 500,000 shares of stock. The proceeds of the loan were used to repurchase Company common stock that had been redeemed by the Company. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year's payments divided by the total of this year's payments, plus all future years' principal and interest payments. For financial reporting purposes, the Plan does not release any shares until the debt service is actually paid. The debt service payment for the year ended December 31, 2024 was paid in December 2024 and resulted in 25,000 shares being released and allocated.

The agreement provides for the loan to be repaid in future annual installments (including principal and interest at 3.5 percent) through 2032. The value of the note payable as of December 31, 2024 and 2023 was \$2,280,320 and \$2,523,100, respectively. Note payable maturities are as follows:

| <u>Years Ending December 31,</u> |                     |
|----------------------------------|---------------------|
| 2025                             | \$ 251,415          |
| 2026                             | 260,357             |
| 2027                             | 269,617             |
| 2028                             | 279,206             |
| 2029                             | 289,137             |
| Thereafter                       | <u>930,588</u>      |
|                                  | <u>\$ 2,280,320</u> |

Total interest expense for the year ended December 31, 2024 was \$89,739.

#### ***Note 6 – Company Advance***

On August 26, 2024, the Company financed the payment of certain benefits and paid other ordinary operating expenses of the Plan totaling \$3,264,598. This advance was an interest-free loan to the Plan with the principal due as soon as administratively feasible after receipt of the final valuation as of December 31, 2024. No collateral was taken for this loan. Plan management believes the loan is in compliance with the requirements of the Department of Labor Prohibited Transaction Class Exemption 80-26.

## ***APMC HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN***

### NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

#### ***Note 6 – Company Advance (Continued)***

Effective May 10, 2025, the Company approved the redemption of 63,836 shares from the ESOP in connection with the decline in share price. Concurrently, the Company has forgiven \$212,576 from the ESOP's outstanding Company advance in full satisfaction of the Prohibited Transaction Class Exemption 80-26 loan, which is included in the statement of changes in net assets available for benefits as other income during 2024. At December 31, 2024, the Company advance included on the statement was \$3,052,000, which is the original loan amount, net of the amount forgiven.

#### ***Note 7 – Administration of Plan Assets***

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, who invests cash received, interest and dividend income (if any), and makes distributions to participants. The Trustee also administers the payment of principal and interest on the loan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company pays directly any other fees related to the Plan's operations.

#### ***Note 8 – Related Party Transactions and Party-in-Interest Transactions***

The Plan invests in Company common stock and has indebtedness to the Company. These are related party and party-in-interest transactions. As described in Note 1, the Company pays all Plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

#### ***Note 9 – Plan Termination***

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Company's Board of Directors directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

## ***APMC HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN***

### NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

#### ***Note 10 – Tax Status***

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated December 16, 2014 stating that the Plan is qualified under the IRC and; therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

#### ***Note 11 – Risks and Uncertainties***

The Plan investments consist principally of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### ***Note 12 – Plan Amendment***

Effective August 26, 2024, the Plan was amended to modify the diversification options available to qualified participants. Under the revised rules, during the election period, each eligible participant may elect to diversify up to 25 percent of their ESOP account balance, measured in shares as of December 31, 2023, less any shares previously diversified.

#### ***Note 13 – Subsequent Events***

The Plan has evaluated subsequent events through September 19, 2025, the date the financial statements were available to be issued.

Effective July 1, 2025, the Plan was amended to revise the eligibility requirements for participation. Under the amended provision, an employee will become a participant in the Plan on the first day of the following month following the attainment of age 18 and completion of 30 days of service. Employees who have already satisfied the service requirement but not the age requirement will automatically become a participant on the entry date that coincides with or next follows the date they will attain age 18.
