## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
**Jacobs Group 401(k) Plan**  
Hopkins, Minnesota

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jacobs Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jacobs Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jacobs Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jacobs Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Jacobs Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jacobs Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**Other Matter — Supplemental Schedule Required by ERISA (Continued)**

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
**Jacobs Group 401(k) Plan**  
Hopkins, Minnesota

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jacobs Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jacobs Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jacobs Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jacobs Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Jacobs Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jacobs Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**Other Matter — Supplemental Schedule Required by ERISA (Continued)**

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## JACOBS GROUP 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### 1. Plan Description and Summary of Significant Accounting Policies

---

The following description of the Jacobs Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### General Information

The Plan is a defined contribution plan which was established on August 1, 1994. The Plan was last amended effective January 1, 2024. The Plan currently consists of three employers: Jacobs Management Corporation; JMC Services, Inc.; and Jacobs Trading, LLC. Watkins Incorporated was included in the Plan until it ceased participation effective December 31, 2024. All employers are collectively referred to as the Company or Employer. The Plan covers all full-time employees of the Company who have attained age 21 and completed three months of service. Employees classified as part-time and who are at least 21 years of age are also eligible to participate in the Plan upon completion of one year of service (1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

##### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

##### Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation (or post-tax compensation for the Roth portion of the 401(k) plan), as defined in the Plan document, up to 60% of their compensation. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions in any amount up to the limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain tax limitations.

The Company may elect to make matching and/or profit sharing contributions at the option of the Company's Board of Directors. There were no profit sharing contributions made for the 2024 or 2023 plan years.

#### 1. Plan Description and Summary of Significant Accounting Policies (Continued)

---

##### Contributions (continued)

The following table represents the matching contributions elected by each employer during the years ended December 31, 2024 and 2023:

	<u>Match Formula</u>
Jacobs Management Corporation	100% of deferrals up to 4%
JMC Services, Inc	25% of deferrals up to 6%
Watkins Incorporated	100% of deferrals up to 4%
Jacobs Trading, LLC	25% of deferrals up to 6%

##### Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and profit sharing contributions (if any), and an allocation of Plan earnings and expenses. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan document. Participants' accounts are valued on a daily basis. The benefit the participant is entitled to is the benefit that can be provided from the participant's account.

##### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may have one loan outstanding from the Plan. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is equal to the Prime rate in effect on the date the loan is requested. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on loans outstanding as of December 31, 2024 ranged from 3.25% to 8.50%. Principal and interest is paid ratably through payroll deductions.

##### Vesting

Participants are immediately vested in their contributions, employer contributions and rollover contributions, plus actual earnings thereon. Therefore, no forfeitures occur.

##### Payment of Benefits

Employees may elect to receive the value of their account as a lump-sum distribution, in installments or in the form of ad hoc distributions upon termination, retirement, death or disability. Notwithstanding the foregoing, if a participant is required to commence minimum benefit payments, such participant may elect to receive distributions in periodic cash payments, made not less frequently than annually, equal to the minimum amount necessary to satisfy the distribution requirements of Code Section 401(a)(9) and regulations issued thereunder, but only so long as the participant remains an employee of the Employer. Terminated participant accounts less than \$1,000 will be distributed in a single lump-sum payment with or without the participant's consent. Terminated participant accounts with balances between \$1,000 and \$5,000 will be automatically rolled over to an IRA for the benefit of the participant absent another election for payout from the participant.

In lieu of receiving distributions in a lump-sum cash payment, a participant may elect in writing, in accordance with rules prescribed by the plan administrator, to have a portion or all of any eligible rollover distribution paid directly by the Plan to an eligible retirement plan designated by the participant. Any such payment by the Plan to another eligible retirement plan shall be a direct rollover. Participants may also receive in-service withdrawals (upon reaching age 59 ½) and hardship withdrawals, as defined in the Plan document. Benefit payments are recorded upon distribution to participants.

In accordance with the CARES Act, the Plan allowed participants to take a coronavirus-related distribution from their retirement plan prior to December 31, 2020, of up to \$100,000. These distributions were allowed to be repaid to the plan over a three-year period. The Plan also allowed suspension of 2020 required minimum distributions. The Plan was amended for these changes during the year ended December 31, 2024.

##### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

---

##### Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statement of changes in net assets available for benefits.

##### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

---

#### 2. Certification of Investments

---

The Plan's investment committee has appointed Charles Schwab Bank (Charles Schwab) as Trustee of the Plan's assets. Charles Schwab has supplied the Plan Administrator with certifications as to the completeness and accuracy of Plan investments (including cash and notes receivable from participants) aggregating \$32,908,977 and \$32,270,977 as of December 31, 2024 and 2023, respectively, and the related investment income of \$3,456,301 and \$4,239,478 and interest income on notes receivable from participants of \$6,697 and \$5,132 for the years then ended, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule based on the certifications from Charles Schwab.

Under the terms of the Trustee agreement, the Trustee has non-discretionary authority over Plan assets and maintains investment funds on behalf of the Plan. The Trustee has been granted the authority to make purchases and sales of the investments at the direction of the Company and plan participants and maintains records of all individual participant transactions, participant accounts and transactions for the Plan as a whole.

#### 3. Fair Value Measurements

---

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

**Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Participant-directed brokerage accounts:** Accounts primarily consist of money market funds, mutual funds, common stocks and exchange traded funds that are valued on the basis of readily determinable market prices.

## JACOBS GROUP 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

---

#### 3. Fair Value Measurements (Continued)

---

**Common/collective trust funds:** The common/collective trust funds are valued at contract value which is determined by the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is published as the fund's fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The common collective trust fund held by the plan is determined to be actively traded.

The methods described above and on the previous page may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table reflects the Plan's investments within the fair value hierarchy as of December 31, 2024:

	As of December 31, 2024			
	Assets Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	\$ 2,998,402	\$ 2,998,402	\$ -	\$ -

---

#### 4. Plan Termination

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

---

#### 5. Plan Tax Status

---

The Plan has adopted a prototype plan document, which has received an opinion letter from the Internal Revenue Service stating that the plan document and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

---

## JACOBS GROUP 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

---

#### 5. Plan Tax Status (Continued)

---

Plan management evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2024, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2024, and the Plan's federal tax returns generally remain open for three years.

---

#### 6. Risk and Uncertainties

---

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

---

#### 7. Party-in-interest Transactions

---

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Charles Schwab Bank is the Trustee of the Plan's assets and manages certain Plan investment transactions; therefore, the transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

The Plan issues loans to participants, which are secured by the participant account balances. These qualify as party-in-interest transactions but are permitted under ERISA regulations. Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fee is charged. These transactions are also permitted under ERISA regulations.

#### 8. Reconciliation of Financial Statements to Form 5500

---

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Increase in net assets available for benefits per financial statements	<b>\$ 650,619</b>	\$ 3,081,783
Change in employee and employer receivables (prior year receivables not recorded on Form 5500)	<u>-</u>	<u>5,783</u>
Increase in net assets per Form 5500	<b><u>\$ 650,619</u></b>	<b><u>\$ 3,087,566</u></b>

---

#### 9. Subsequent Event

---

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through September 30, 2025, the date the financial statements were available to be issued.

As noted in Footnote 1, Watkins Incorporated is no longer participating in the Plan effective December 31, 2024. As a result, plan assets totaling approximately \$12,076,000 representing 175 participant account balances were transferred to a new Plan in 2025.
