INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the IntraFi Network, LLC 401(k) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of IntraFi Network LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IntraFi Network, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion on the 2024 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of IntraFi Network, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IntraFi Network LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IntraFi Network LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of IntraFi Network LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vesting

Participants vest in the Company matching contribution portions of their account plus earnings thereon is based on years of continuous service. Prior to 2023 participants vested 25% after each year of credited service until fully vested at 100% after four years of credited service. Effective January 1, 2023, participants become vested at 100% after obtaining two years of credited service.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company matching contribution, and allocations of (a) Company discretionary contribution (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan – continued

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The number of loans a participant may have outstanding is limited to two. All loans must be approved by the Plan custodian and will bear interest at the prime interest rate plus 1%. Interest rates on participant loans range from 4.25% to 9.50%. Loans are secured by the balance in the participants' account, require periodic payments and are due through July 31, 2036.

Forfeited Accounts

Terminating participants forfeit the non-vested portion of the participants' employer contributions. Forfeitures can be used to reduce the administrative expenses first; any remaining amounts are used to reduce the Company's contributions to the Plan as directed by the Company. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,523 and \$45,334, respectively. Forfeitures of \$92 were used to offset Plan expenses for the year ended December 31, 2024.

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65 or 5 years of continuous service and age 55. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount, annuity, or partial withdrawals. If service is terminated for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution annuity, partial withdrawals, or elect a direct rollover distribution. However, if the total value of the vested balance is \$5,000 or less, the entire vested balance will be distributed in a lump-sum payment. Benefit payments to participants are recorded when paid.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw part or all their vested account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties. Participants may withdraw part or all their vested account balances while actively employed.

Investments

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion and can change the allocation at any time. Transfers of account balances between elected investment options may also be made daily; Empower reserves the right to take up to 5 days to process the transfer and restrict same day investment transfers to one per 60-day period.

With the exception of the Guaranteed Investment Account, all investment company termination payments are generally processed within 31 days; however, Empower reserves the right to take up to 45 days to process payments and to restrict the rights for redemption at any time.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Summary of Significant Accounting Policies, continued

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions and Contributions Receivables

Contributions from Plan participants and the related matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by Empower. See Note 4 for a discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan or apply forfeitures to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. In addition, certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

An asset charge at an effective annual rate of 0.35% is applied monthly to all assets of the Plan as described in the Plan investment agreement, provided that no charge will be applied to assets invested in a Self-Directed Brokerage Account, an Employer Stock Account or a third-party component of a stable value blend investment option. The Company has an ERISA Budget Account (EBA) Agreement to hold assets that may be used by the Plan Administrator to pay reasonable Plan administrative expenses or allocate among the accounts of Plan participants. All such EBA administrative expenses are paid quarterly.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2025, the date the financial statements were available to be issued. The Plan has determined that there are no subsequent events pursuant to FASB ASC.

NOTE 3 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The investment balances, activity and transaction information contained in the statements of net assets available for benefits, statement of changes in net assets available for benefits, notes to the financial statements, and supplemental schedule, other than the assigned fair value hierarchy as summarized in Note 4 of these financial statements, have been derived from information certified as complete and accurate by Empower Trust Company, LLC (Empower) and Massachusetts Mutual Life Insurance Company (MassMutual), now Empower, the trustee of the Plan. Empower and MassMutual, are qualified institutions, and have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income, net, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 – Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

INTRAFI NETWORK LLC

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – *Fair Value Measurements, continued*

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: These investments consist of insurance company separate accounts. The value of each pooled separate account is determined at the close of each business day based on the fair value of the underlying assets, which can consist of a single mutual fund or multiple securities. The value of the account is expressed as the NAV. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the fair value of the entire account by the total number of units in the account. Contributions to the account increase the number of units. Withdrawals from the account decrease the number of units. The increase or decrease in number of units is determined by dividing the amount of the contribution or withdrawal by the unit value for the day the transaction is made. As these assets are measured at net asset value, they are therefore excluded from the fair value hierarchy and included in other.

The preceding method could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – *Investments at Contract Value*

Insurance Contract

The Plan has an investment contract issued by Massachusetts Mutual Life Insurance Company, now Empower. On December 31, 2020, Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company. Following an initial transition period, Empower became the sole administrator of this business in 2021. Empower maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Prior to the first day of each month, Empower establishes an effective annual rate of interest for the Guaranteed Interest Account general account. Interest is credited to the Guaranteed Interest Account (GIA) daily, based on its daily balance, at a rate of interest, which is the daily equivalent of the effective annual rate of interest applicable for the period. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statements of net assets available for benefits at contract value, and, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value subject to restrictions where Empower can take up to six months to process the termination payment. The Guaranteed Interest Account is subject to fees resulting from early withdrawals which are described in the contract sections applicable to early surrender of the account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$6,053,205 and \$7,662,027, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent (3%). The average yield and the interest rate credited to participants was 3% for the year ended December 31, 2024 and 2023. Such interest rates are reviewed on a semi-annual basis for resetting. However, the average yield earned by the Plan and the interest rate credited to participants may differ from the guaranteed crediting rate due to interest being credited on contract values, the timing of cash flows, rate resetting, and simplified assumptions used in the calculation.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

INTRAFI NETWORK LLC

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – Investments at Contract Value, continued

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

NOTE 7 – Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider, Empower Retirement, LLC, has received on November 14, 2022, an opinion letter from the Internal Revenue Service as to the plan's qualified status. The pre-approved plan opinion has been relied upon by the Plan. The Plan has since been amended and restated and the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

NOTE 9 – Related Party and Parties-In-Interest Transactions

Empower is the trustee of the Plan, therefore transactions with the Trustee qualify as party-in-interest transactions. The Plan has not considered participant contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain Plan investments are pooled separate accounts and a general account, issued by MassMutual, now Empower, and are managed by Empower. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Participant loan origination fees are paid out of the relevant participants' accounts. Fees paid by the Plan to EAICA, the recordkeeper totaled \$150,037 for the year ended December 31, 2024.

NOTE 10 – *Risk and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
