Independent Auditor's Report

To the Participants and Administrators of the
Frontier Cooperative 401(k) Plan
Norway, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Frontier Cooperative 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report, Continued

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report, Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Independent Auditor's Report, Continued

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Frontier Cooperative 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 1. Description of the Plan

The following brief description of the Frontier Cooperative 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) plan covering all employees of Frontier Cooperative (the Company or Plan Sponsor) who have completed at least one month of service. The Plan allows participants to designate all or a portion of their elective deferrals as Roth deferrals, which are accounted for separately in the participant's account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is funded by participant contributions, Company matching contributions, and discretionary profit-sharing contributions from the Plan Sponsor, in such amounts as the Board of Directors shall direct. All contributions are limited to the maximum amount deductible under the Internal Revenue Code. Participants can contribute up to 75% of eligible compensation to the Plan and may also rollover or transfer amounts representing distributions from other qualifying retirement plans. The Company's matching contribution is equal to 100% of up to 2% and 50% of over 2% up to 6% of each participant's elected salary deferrals (maximum total match of 4%).

The Plan includes an automatic deferral provision whereby eligible employees are enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation, with annual increases based on years of service until the automatic deferral reaches 6% of their eligible compensation or the participant elects to change their percentage. Automatic contributions are invested in a target date fund based on the participant's age until changes are made by the participant.

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of employer contributions, Plan earnings, and charged with an allocation of any administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, and actual earnings thereon. Vesting in Company matching and discretionary profit-sharing contributions and actual earnings thereon is based on years of continuous service, with 100% vesting after two and five years, respectively, or upon the participant's death, disability, or attaining normal or early retirement age, as defined in the Plan Agreement.

Investment options

Upon enrollment in the Plan, participants direct their contributions into various investment options offered by the Plan. Participants may change their investment options at their discretion; changes become effective the first day of the following month. Additional investment options are periodically added to the Plan to provide more diversification for participants.

Note 1. Description of the Plan, Continued

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 1% over the prime rate. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts

During 2024 and 2023, forfeited nonvested accounts totaled \$41,580 and \$15,357, respectively. Forfeitures, to the extent available, are used to pay administrative expenses of the Plan or to reduce Company matching contributions. The Company used forfeitures of \$-0- and \$75 to pay administrative expenses in 2024 and 2023, respectively. Forfeitures used to reduce employer matching contributions during 2024 and 2023 totaled \$41,690 and \$60,625, respectively. Unallocated forfeitures available for future use as of December 31, 2024 and 2023 were \$7,569 and \$7,275, respectively.

Payment of benefits

Upon retirement, death, disability, or termination of service, participants receive an amount equal to the value of their vested benefit. The Plan provides for lump-sum distributions or installment payments in the case of lifetime required minimum distributions. If no benefit payment election form is completed, participants receive automatic lump-sum distributions for accounts with a value of \$1,000 or less and participant accounts with balances between \$1,000 and \$5,000 are automatically rolled into an individual retirement account. Distributions of balances greater than \$7,000 are made at the election of the participants.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures in the financial statements. Actual results may differ from those estimates.

Concentrations of investment risk

Approximately 28% and 27% of the Plan's investments were held in two individual investments as of December 31, 2024 and 2023, respectively. In addition, approximately 86% and 87% of the Plan's investments were held by three mutual fund families as of December 31, 2024 and 2023, respectively. Such concentrations represent holdings in excess of 10% of the Plan's total investments for each investment and mutual fund family.

Note 2. Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. Delinquent participant loans may be reclassified as distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Plan is a non-standardized prototype plan. The Internal Revenue Service (IRS) has determined and informed the trustee by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC; the Plan Administrator therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events

Plan management has evaluated subsequent events through May 14, 2025, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by Empower Trust Company, a Party-in-interest

All investment assets of the Plan were held by Empower, a party-in-interest discussed at Note 7, as of December 31, 2024 and 2023. All investment transactions during 2024 and 2023 were executed under formal custody agreements between the Plan and Empower. All securities bought, sold, or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

In accordance with the provisions of Section 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, Empower has certified the following unaudited financial information to be complete and accurate with respect to the Plan's assets held by them as of December 31, 2024 and 2023, and investment activity for the years then ended:

	2024	2023
Investments, at fair value:		
Collective investment trusts	\$ 6,832,535	\$ 5,318,303
Mutual funds	46,066,357	41,550,136
Total investments	\$ 52,898,892	\$ 46,868,439
Investment income:		
Net appreciation in fair value	\$ 6,196,654	\$ 6,745,026
Interest and dividends	1,206,656	1,039,314
Total investment income	\$ 7,403,310	\$ 7,784,340
Notes receivable from participants	\$ 650,792	\$ 685,110
Interest on notes receivable from participants	\$ 54,408	\$ 42,080

Note 4. Risks and Uncertainties

The Plan provides for investments in various securities, which generally are exposed to various risks such as interest rate, credit, and overall market risks. Amid persistent inflation, tariff and trade policy uncertainty, geopolitical tensions, weakening consumer demand, labor market shifts, and expiring income tax provisions, current economic uncertainty is leading to substantial variability in market forecasts contributing to market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Collective investment trusts: Valued at net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisers reserve the right to temporarily delay withdrawal from the trust up to 12 months in order to ensure securities liquidations will be carried out in an orderly business manner. The trusts do not have finite lives and the Plan has no unfunded commitments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 5. Fair Value
Measurements, Continued**

The following table sets forth the Plan’s investments at fair value as of December 31:

	2024	2023
Investments in the fair value hierarchy:		
Level 1 - mutual funds	\$ 46,066,357	\$ 41,550,136
Investments valued at net asset value:		
Collective investment trusts	6,832,535	5,318,303
Total investments at fair value	\$ 52,898,892	\$ 46,868,439

The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of December 31, 2024 and 2023.

The Plan’s policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. There were no such transfers during 2024 or 2023.

Note 6. Administrative Expenses

Administrative expenses paid by the Plan, as described in Note 7, totaled \$127,995 and \$117,351 for 2024 and 2023, respectively, which includes \$5,538 and \$5,025 of fees for certain participant directed transactions charged to the respective participant’s account balance. Additionally, administrative expenses include \$52,348 and \$52,500 of investment advisory fees for 2024 and 2023, respectively. The Plan Sponsor pays all other administrative expenses of the Plan, including audit fees.

**Note 7. Related Party and
Party-in-interest Transactions**

The Plan’s investment custodian is Empower Trust Company, LLC (Empower), a subsidiary of Empower Annuity Insurance Company, and its trustee and recordkeeper is Great-West Trust Company, LLC (Great-West), a division of First Interstate Bank and affiliate of Empower Annuity Insurance Company. Investment advisory services are provided to the Plan by Strategic Financial Solutions. Other related party and party-in-interest transactions are described in Notes 3 and 6.
