Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
the Sheet Metal Workers Local #91 Annuity Plan
Rock Island, Illinois

Opinion

We have audited the accompanying financial statements of Sheet Metal Workers Local #91 Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sheet Metal Workers Local #91 Annuity Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers Local #91 Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #91 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Workers Local #91 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #91 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
the Sheet Metal Workers Local #91 Annuity Plan
Rock Island, Illinois

Opinion

We have audited the accompanying financial statements of Sheet Metal Workers Local #91 Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Sheet Metal Workers Local #91 Annuity Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers Local #91 Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #91 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Workers Local #91 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local #91 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SHEET METAL WORKERS LOCAL #91 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN

The following description of Sheet Metal Workers Local #91 Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer, participant-directed defined contribution money purchase plan. The Plan was formed on February 15, 1978. The purpose of this plan is to reward eligible employees for long and loyal service by providing them with retirement benefits. The Plan covers participants under collective bargaining agreements and participation agreements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has met the minimum funding requirements of ERISA. Administration of the Plan is the responsibility of the joint board of trustees.

Contributions

The Plan collects employer contributions from participating employers. A participating employer is any employer who is bound by a collective bargaining agreement with the Plan. Employer contributions are made at the rate per hour negotiated in the most recent collective bargaining agreements for all covered participants.

Participant Accounts

Each participant's account is credited with employer contributions and allocations of Plan earnings. Participant accounts are charged with a flat annual record-keeping fee on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All investments are participant directed. Participant account balances differ from total investments as follows:

Total Participant Account Balances as of December 31, 2024	\$ 175,924,904
Non-Participant Directed Money Market	<u>92</u>
Total Investments per Audited Financial Statements	<u><u>\$ 175,924,996</u></u>

Vesting

Participants are immediately vested in the contributions made on their behalf and in allocations of the investment earnings or losses and plan expenses.

Payments of Benefits

On termination of service due to death, disability, retirement or a break in service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a monthly benefit for the remainder of his or her lifetime. Readers should refer to the Summary Plan Description for more information regarding the qualifications for distributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fixed Assets and Depreciation

All fixed assets are carried at cost and depreciation is computed under the straight-line method over the useful lives of the assets.

Depreciation expense for the years December 31, 2024 and 2023, was \$0 and \$801.

	<u>2024</u>	<u>2023</u>
Computer System	\$ 14,398	\$ 14,398
Total	\$ 14,398	\$ 14,398
Less Accumulated Depreciation	(14,398)	(14,398)
Total Fixed Assets	<u>\$ -</u>	<u>\$ -</u>

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies by utilizing information provided by the custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payments of Benefits

Benefits are recorded when paid.

Employer Contributions Receivable

The receivables for employer contributions at December 31, 2024 and 2023, consist of amounts collected in the succeeding months for work performed prior to December 31, 2024 and 2023. The estimate for expected credit losses considers historical loss experience, current economic conditions, and forward-looking information, including factors such as payment history, employer financial condition, and labor trends. As of December 31, 2024 and 2023, the allowance for credit losses was insignificant. The Plan does maintain an on-going audit program to collect these amounts.

SHEET METAL WORKERS LOCAL #91 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. The Plan shares certain administrative expenses with a related welfare fund, joint apprentice training committee, and local. In computing these allocated costs, various factors were considered, including time spent, costs incurred, and volume of transactions relating to the Plan in relation to the other plans (see related party note). Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Reciprocity Agreements

The Plan has entered into Reciprocity Agreements with various annuity funds. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from contributing employers on behalf of temporary employees to and from the employees' participating local unions.

For the years ended December 31, 2024 and 2023, the Plan remitted \$1,105 and \$2,321 of reciprocal cash payments in accordance with these agreements with the participating local unions. Reciprocal payments received are included in the employers' contributions in the Statements of Changes in Net Assets Available for Benefits. No allowance for credit losses as of December 31, 2024 or 2023, was necessary for reciprocal payments due to the Plan. Payments made to other plans for reciprocal contributions collected on behalf of those plans are recorded as a reduction in the employers' contributions in the Statements of Changes in Net Assets Available for Benefits. Amounts payable and receivable at year end are included in the respective employer contributions receivable and accounts payable in the Statements of Net Assets Available for Benefits.

NOTE 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SHEET METAL WORKERS LOCAL #91 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds: Valued using cost which approximates fair value.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered Investment Companies held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Commingled Funds: Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Withdrawals may be made for the primary purposes of funding an authorized distribution, withdrawal, or loan disbursement by a participating pension or profit-sharing plan to an employee or beneficiary covered thereunder, or for the purpose of the participating plan making an employee-directed transfer to another investment election of the employee's interest in the plan. Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts.

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 14, 2016, that the Plan is designed in accordance with Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the board of trustees believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt.

SHEET METAL WORKERS LOCAL #91 ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 4: TAX STATUS (continued)

The total amounts of interest and penalties recognized in the Statements of Changes in Net Assets Available for Benefits and the total amounts of interest and penalties recognized in the Statements of Net Assets Available for Benefits are \$0. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has never had unrelated business income tax (UBIT) nor has it filed the Form 990-T. Therefore, all tax years are open for examination by federal and state taxing authorities related to UBIT.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the joint board of trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, each participant shall receive the balance in his or her account as of the final valuation date.

NOTE 6: RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party-in-interest transactions under ERISA and are recorded as administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

The Plan is affiliated with the following organizations by virtue of common officers or trustees:

Sheet Metal Workers Local #91

Sheet Metal Workers Local #91 Health & Welfare Fund

Sheet Metal Workers Local #91 Joint Apprenticeship Training Committee

The financial activities of these organizations are not included in the accompanying financial statements.

During the year ended December 31, 2023, the Welfare Fund received a reimbursement for payroll costs from an employer. The Annuity Plan then was allocated the portion of the payroll cost that had been paid by the Annuity Plan, which was \$1,158. This amount is shown as Due From Affiliates on the Statements of Net Assets Available for Benefits.

The Plan shared the costs of payroll compliance exams with the Welfare Fund during the years ended December 31, 2024 and 2023. The Annuity Fund reimbursed the Welfare Fund \$8,696 and \$5,763 during the years ended December 31, 2024 and 2023, respectively. These amounts are included in "Due to Related Parties" as of December 31, 2024 and 2023, on the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 6: RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Plan is administered by Sheet Metal Workers Local #91. There is no fee charged by the Local to the Plan for the services provided.

Certain plan investments are managed by Vanguard. Vanguard is the trustee and recordkeeper for the Plan, and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each plan participant's account are net of the investment management fees charged by each investment fund under the Plan.

NOTE 7: RISKS AND UNCERTAINTIES

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Concentration of Revenue

Revenues consist predominantly of employer contributions pursuant to a collective bargaining agreement and are directly tied to the amount of work available in the region. A significant decline in work available to participants would severely impact the revenues of the Plan.

Significant Contributing Employers

During the years ended December 31, 2024 and 2023, contributions from two employers represented 23 and 23 percent of total employer contributions, respectively. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting its current obligations until the appropriate adjustments were made.

NOTE 8: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 2, 2025, the date on which the financial statements were available to be issued.

NOTE 9: PRIOR YEAR RECLASSIFICATIONS

Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or net assets available for benefits.
