## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of  
Vector Resources, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vector Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vector Resources, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vector Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vector Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vector Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vector Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of H, Line 4i, as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VECTOR RESOURCES, INC. 401 (K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

General – The Plan is a non-standardized 401 (k) profit sharing plan and trust, and it is a nondiscretionary, contributory defined contribution profit sharing plan covering all employees of Vector Resources, Inc. 401 (k) Plan (the “Company”). It is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contribution – Participants may elect to contribute an amount up to the elective deferral dollar limit under Code Section 415 limitation. Catch-up contribution is permitted for those who have reached age 50 before the end of the Plan year. The Company may make matching contributions to the participant’s elective deferral based on its discretionary amount. The amount is determined as either the uniform percentage of the deferrals or the flat dollar amount for each participant. The amount of the matching contribution is limited by the employer. No allocation conditions are required for the matching contribution. The Company’s matching periods are based on all payroll periods for the Plan year.

Effective April 1, 2023, the Plan added Roth deferral as additional deferral options to the retirement plan. Participants are allowed to In-Plan Roth Rollover contributions, when the distribution is eligible and it could rollover to the designated In-Plan Roth account.

The Company may make a Qualified Non-Elective Contribution on behalf of the participants who satisfy the allocation conditions prescribed in the Plan. The Qualified Non-Elective Contribution only applies to non-highly compensated employees. The Company determines the discretionary amount as either the uniform percentage of the Plan compensation or as the uniform amount. The allocation conditions require an employee must be employed with the Company on the last day of the Plan year, and the employee must complete a minimum of 1,000 hours of service during the Plan year.

The Company subjects to employer contribution for those who are classified as prevailing wage employees. The amount of contribution is based on the hourly rate for the participant’s employment classification. The prevailing wage contributions will offset employer contributions, Qualified Non-Elective Contributions, and Qualified Matching Contributions. The prevailing wage contribution applies to all eligible participants including highly compensated employees.

Participant Accounts – Each participant’s account is credited with contribution made by the participant, the allocation of employer’s matching contribution, the investment gain or loss of the plan, and any service fees rendered to the participant is charged to the participant account.

See accompanying independent auditors’ report.

VECTOR RESOURCES, INC. 401 (K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

-continued-

1. DESCRIPTION OF THE PLAN (continued)

Eligibility - All employees are eligible to participate in the Plan, with the exception of collectively bargained employees, non-resident aliens who receive no compensation from the employer, leased employees and all key employees. No age requirement nor service fulfillments is required for the employee to participate to the Plan. The entry date is the date of hired for employment. The newly hired employees will be enrolled to the Plan as soon as administratively feasible after commencement of employment.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employees earn a year of service upon completing 1,000 hours of service during the vesting computation period. The vesting computation period is the Plan year. Employer’s matching contribution is fully vested after six years of credited service. Prevailing wage contributions and Qualified Non-Elective Contributions are 100% vested. An employee’s vesting percentage increases to 100% upon death or termination of employment due to becoming disabled, while employed at the Company.

Notes Receivable form Participants – Participants may borrow from their account balance not to exceed the lesser of \$50,000 or one-half of the vested interest of their account balance. The minimum loan amount to borrow is \$1,000. The term of the loan ranges from 12 months to 60 months. Interest rate of the loans is the prime interest rate plus one percentage point. The Plan permits a total of one outstanding loan at any time.

Payment of Benefits – Distributions under the Plan may be taken as a form of lump sum distribution of the entire vested account balance within a reasonable time from the date of termination. Rollover contribution is excluded in the calculation of a participant’s vested account balance. Lump sum distribution also applies to the participants who become disabled. Distributions can be withdrawn as entirely or partially of the entire vested balance if the participant attains age of 59 ½ or qualifies as hardship withdrawal.

Forfeiture Account – Any forfeited non-vested account will be used to reduce employer matching contribution or to pay plan expense. As of December 31, 2024, the total forfeited balance is \$16,389.

See accompanying independent auditors’ report.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN (continued)

The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) – The CARES Act was signed into law on March 27, 2020, some of the provisions affected the administrations and operations of the retirement plans. The Plan is allowed to elect some of the options provided in the CARES Act. Its elected options included: (1) allowing Coronavirus Related Distributions for participants who are eligible, which is effective for distributions made on or after January 1, 2020 and before January 1, 2021; (2) changing the loan repayment schedule to allow participants to delay up to one year without penalty, which is effective for loans suspended between the enactment of the Act through December 31, 2020.

Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) – The SECURE Act was passed into law in December 2019 and SECURE 2.0 Act of 2022. Some of the major changes include: (1) Increased RMD to age 72; (2) Allowed for distributions for qualified birth or adoptions; (3) Increased Qualified Automatic Contribution Arrangement (QACA) maximum cap to 15% for applicable plans; (4) Expanded coverage to long-term part-time employees for 401(k) plans only.

Effective March 1, 2022, the Plan has formally adopted the applicable provisions and amendments in accordance to both of the CARES Act and SECURE Act.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis. Investments held by a defined contribution plan is required to report at fair value, except for a fully benefit-responsive insurance contract. A fully benefit-responsive insurance contract is reported at contract value, which is the most measurable value because it is the amount the participants would receive if they were to initiate any permitted transactions under the Plan.

Estimates- The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and the disclosures of contingent assets and liabilities. Accordingly, actual results may vary from those estimates.

See accompanying independent auditors’ report.

VECTOR RESOURCES, INC. 401 (K) PLAN

NOTES TO FINANCIAL STATEMENTS

-continued-

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are recorded at the unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related service fees are charged directly to the participant’s account and are recorded as administrative expense when incurred. In the event the participant fails to make any loan repayment and the plan administrator considers the loan is in default, the loan balance will be reduced. The defaulted loan will be recorded as benefit payment.

Investment Valuation and Income Recognition – Investments held in mutual funds and separate accounts are reported at fair value, and the investment in a fully benefit-responsive insurance contract is reported at contract value. Fair value is defined as the market price between participants in buying and selling the assets in the orderly transactions at the measurement date. The investment committee determines the Plan’s valuation policy. See note 4 for discussion of fair value measurement.

Interest earned by the Plan is recorded on accrual basis. Purchase and sales of shares of investment funds are recorded on the date of trade. The investment income included the net gains and losses from the sale of investment, and the net market value of holding the investments during the year.

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that categorized the level of valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable but less prioritized than the Level 1 inputs, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used when they are observable either directly or indirectly, and the fair value of the investment is not the quoted price used in Level 1. Level 3 inputs were used when Level 1 or Level 2 inputs were not available.

4. FAIR VALUE MEASUREMENTS (continued)

The mutual funds measured at fair value using Level 1 input. Its quoted price is published in the active market for the identical assets or liabilities and is considered the most reliable measurement for the fair value.

Level 2 Fair Value Measurements

The separate investment account (SIA) measured at fair value using Level 2 inputs, which are observable through the valuation of each unit participation of all underlying assets at the end of reporting period. The fair value of the SIA includes reinvested dividend and interest income, realized and unrealized gains and losses of the underlying assets.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

Gain and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported as net appreciation in fair value of investments.

The Plan's policy is to recognize transfers in or out of Level 3 at the event date or the circumstance requires the transfers to be undertaken. For the year ended December 31, 2024, there is no significant transfer in or out of Level 3.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investment contract with Mass Mutual, which was acquired by Empower on December 30, 2020, is considered a traditional fully benefit responsive contract. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is reported at contract value in the statement of net assets available for benefits. Contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract.

See accompanying independent auditors' report.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. The contract value of the investment contract at December 31, 2024 and 2023 was \$6,091,821 and \$7,250,707, respectively. The interest crediting rate is based on the earnings of the underlying assets of the portion of the Great West general accounts that is used to determine the Guaranteed Interest Accounts crediting rate compared to the minimum interest crediting rate as stated in the contract and prevailing market conditions. The interest credit rate is reset at least annually and no more frequently than quarterly for some contracts. The average yield earned by the Plan for the benefit responsive contract is 2.10% for 2024.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include: (1) removal of one or more groups of participants; (2) cessation of an employment relationship resulting from a re-organization, merger, layoff or the sale of Plan's sponsor's business; (3) partial or complete plan termination; (4) plan disqualification. The Plan administrator believes the occurrence of such events which would limit the Plan's ability to transact at contract value is not probable.

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan incurred expenses related to the Plan's activities with certain third parties are required to disclosure as transactions with party-in-interest. Those expenses included the investment advisory fees of \$1,737 and \$44,802 paid to Empower Advisory Group, LLC and The Patriot Financial Group Insurance Agency, LLC, and the contract administration fee of \$55,256 paid to Empower Annuity Insurance Company for the year ended December 31, 2024. These party-in-interest transactions are exempt from the prohibited transactions under ERISA.

See accompanying independent auditors' report.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of Internal Revenue Code (IRC). Throughout the years, the Plan has been amended in response to change in applicable laws and regulations. The plan administrator and the plan's tax counsel believe that the Plan is designed and operated in compliance with applicable requirements of IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of any liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan provides various investment options to the participants. These investments are subject to various risks including but not limited to market conditions, interest rate, and credit risks. Due to unforeseeable risk associated with some of the investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and such changes could materially affected the participants' account balances and the amounts reported in the statement of net assets available for benefits.

See accompanying independent auditors' report.
